Seabourn, the ultra-luxury cruise line, is inviting travelers to plan for travel in 2023 on the brand's World Cruise and Grand Voyage. The 140-day **2023 World Cruise: Extraordinary Discoveries** on **Seabourn Sojourn**, and 79-day **2023 Grand Voyage: Grand Americas, Amazon & Antarctica** aboard **Seabourn Quest**, offer two distinct voyages set to visit multiple continents and ports while offering exclusive opportunities to experience natural wonders and diverse cultures. The voyages will be open for sale tomorrow, February 12, and the full itinerary details will be available on Seabourn's [website](#).

The itineraries of both sailings were carefully curated by Seabourn's Global Itinerary Planning and Product Development team, who designed each voyage with "differentiation" and unique experiences in mind.

"Our team designed the 2023 World Cruise and 2023 Grand Voyage to be exploratory in nature, focused on alluring destinations and experiences that most guests are likely not familiar with but will love being able to discover," said Tim Littley, senior director of Global Itinerary Planning and Product Development for Seabourn.

"Given these uncertain times, our guests have asked Seabourn to offer travel options further into the future. With the 2023 World Cruise and Grand Voyage, we open options well into 2023 for future planning," said **Josh Leibowitz, president of Seabourn**. "Imagine sailing from Miami, heading south and then west around the world and finishing the voyage in Barcelona on Seabourn's world cruise or departing round-trip Miami and circumnavigating South America including iconic Antarctica."

2023 World Cruise: Extraordinary Discoveries

The [2023 World Cruise: Extraordinary Discoveries](#) will see *Seabourn Sojourn* cross two great oceans – Pacific and Indian – as well as traverse the Atlantic Ocean along the coast of Africa, stopping at renowned ports, including Papeete, Sydney, Melbourne, Perth, Mombasa, Cape Town, Durban, Dakar, Casablanca and more. The ship will also visit a number of small, hidden gems in the South Pacific, Easter Island, Papua New Guinea, Western Australia, Seychelles, Cape Verde, West Africa and more. **Departing on January 6, 2023, the 140-day voyage from Miami to Barcelona will visit a total of 61 destinations and 32 countries.** The sailing will include **overnights in 10 cities and extended stays late into the evening in 16 ports**, offering more time in port for guests to explore these fascinating destinations. Seabourn will also offer segments of the World Cruise ranging from 21 to 81 days in length for travelers who can't sail for the full duration of the voyage.

2023 Grand Voyage: Grand Americas, Amazon & Antarctica

There will be plenty for guests to look forward to on the [2023 Grand Voyage](#) as *Seabourn Quest* sails to Central America, skims the coast of South America, and sails to Antarctica, South Georgia and the Falkland Islands, before making its way back smoothly to the Amazon and through the Caribbean. **Departing on January 6, 2023, the 79-day voyage round-trip from Miami will visit a total of 37 destinations and 15 countries, with five overnight stays and extended stays late into the evening in eight destinations.** Seabourn will also offer the Grand Voyage in shorter segments ranging from 21 to 58 days, should guests not have the flexibility to make the full two-month voyage.

Both voyages will offer the line's popular "[Ventures by Seabourn](#)" program, featuring expert expedition teams leading intensive explorations of extraordinary destinations on optional kayaking, Zodiac, snorkeling and trekking tours. The Grand Voyage will include a five-day "Antarctica Experience," where Zodiac cruising and landings will be included, while kayaking adventures will be optional.

There will also be exclusive special events planned over the course of each voyage, as well as local entertainment, regional cuisines, and palate-pleasing wines for guests to savor as they sail around the globe. Guests will also have opportunities to take their travels further with assorted picks from the line's optional [Seabourn Journeys](#) collection, offering escorted pre-, post- and mid-voyage experiences to explore iconic landmarks that are best experienced beyond a scheduled port call.
