

Majestic Princess Maiden Call to San Francisco is First Cruise Ship Visit Since Global Industry Pause

October 11, 2021

Princess Cruises Celebrates Return to San Francisco and 50-Year History of Sailing to the City by the Bay

SANTA CLARITA, Calif., Oct. 11, 2021 /PRNewswire/ -- Princess Cruises today celebrated its return to San Francisco with the maiden call of Majestic Princess, the first cruise ship to visit the City by the Bay since the industry global pause of operations. Guests onboard Majestic Princess experienced the iconic attractions of San Francisco during a port call on a seven-day Classic California Coast voyage, sailing roundtrip from Los Angeles.

Long-time partners from the Port of San Francisco welcomed Princess Cruises back, recognizing the beneficial financial impact to local businesses.

"Princess has a long history of visiting the iconic Port of San Francisco with our guests marveling at the bucket-list experience of sailing underneath the Golden Gate Bridge," said Jan Swartz, Princess Cruises president. "Our guests remain eager to be back on board enjoying a safe and real vacation."

"The Port of San Francisco is excited to welcome back a safe return of Princess Cruises and all cruises to our renowned waterfront and city," said Elaine Forbes, Executive Director of the Port of San Francisco. "The city has worked with cruise lines to ensure all CDC guidelines have been met or exceeded. The return of cruise is an important milestone for San Francisco's economic recovery and will support our small and family-owned waterfront businesses."

Majestic Princess offers a MedallionClass vacation, delivering the ultimate in effortless, personalized cruising. It begins with OceanMedallion™, a quarter-sized, wearable device that enables everything from touch-free boarding to locating loved ones anywhere on the ship, as well as enhanced service like having whatever guests need, delivered directly to them, wherever they are on the ship.

Princess Cruises sailings onboard Majestic Princess are available for guests who have received their final dose of an approved COVID-19 vaccine at least 14 days prior to the beginning of the cruise and have proof of vaccination. All fully vaccinated guests must also produce a negative, medically observed COVID-19 test (PCR or antigen) taken within two days of their embarkation on all Princess sailings.

About Princess Cruises:

One of the best-known names in cruising, Princess Cruises is the world's leading international premium cruise line and tour company operating a fleet of 14 modern cruise ships, carrying two million guests each year to 380 destinations around the globe, including the Caribbean, Alaska, Panama Canal, Mexican Riviera, Europe, South America, Australia/New Zealand, the South Pacific, Hawaii, Asia, Canada/New England, Antarctica, and World Cruises. A team of professional destination experts have curated 170 itineraries, ranging in length from three to 111 days and Princess Cruises is continuously recognized as "Best Cruise Line for Itineraries." In 2017 Princess Cruises, with parent company Carnival Corporation, introduced MedallionClass Vacations enabled by the OceanMedallion device, the vacation industry's most advanced wearable device, provided free to

each guest sailing on a MedallionClass ship. The award-winning innovation offers the fastest way to an effortless personalized vacation giving guests more time to do the things they love most. The company is part of Carnival Corporation & plc (NYSE/LSE: CCL; NYSE:CUK).

In line with the latest advice from health officials about COVID-19, Princess Cruises is currently enhancing health and safety protocols with input from medical experts and government bodies and assessing how they may impact future itineraries. Actual offerings may vary from what is displayed in marketing materials. Click on the following links to stay updated on current [Cruise Updates](#) and [Health & Safety protocols](#).
