OUR COMPANY

Carnival Corporation & plc (NYSE: CCL and CUK; LSE: CCL) is the largest global cruise company and among the largest leisure travel companies with a portfolio of world-class cruise lines.

Cruising offers a broad range of products and services to suit vacationing guests of many ages, backgrounds and interests. Each brand in our portfolio meets the needs of a distinct set of consumer psychographics and vacation needs which allows us to penetrate large addressable customer segments.

With our global corporate headquarters in Miami and several regional headquarters around the world, we are the only company in the world to be included in both the S&P 500 index in the U.S. and the FTSE 250 index in the UK.

OUR VISION

As the global leader in the cruise industry, we will lead the way in innovative and sustainable cruising to deliver memorable vacations and build borderless connections.

OUR PURPOSE & MISSION

To deliver unforgettable happiness to our guests by providing extraordinary cruise vacations, while honoring the integrity of every ocean we sail, place we visit and life we touch.

Letter to Shareholders from our Chief Executive Officer

JOSH WEINSTEIN

President, Chief Executive Officer and Chief Climate Officer

Dear Fellow Shareholders,

We had a strong year, setting records and achieving milestones, including:

- full year revenues hit an all-time high of \$25 billion, over 15 percent higher than the prior year;
- seven consecutive quarters of record revenues;
- record full year operating income of \$3.6 billion, over 80 percent higher than the prior year.
- all-time high cash from operations of almost \$6 billion;
- higher ticket prices for 2024 versus 2023 for all of our major cruise lines and onboard spending levels that accelerated sequentially each quarter throughout the year; and
- record booking trends and record year-end customer deposits, indicating a continuation of the strong momentum we've been experiencing for the last two years.

We remain laser focused on further reducing interest expense and rebuilding our investment-grade balance sheet. During 2024, we made debt prepayments of over \$3 billion, bringing our total prepayments to over \$7 billion since the beginning of 2023. Additionally, we have reduced our debt balance by over \$8 billion from the peak in January 2023, ending the year with \$27.5 billion of debt.

We are delivering long-term value for our shareholders through improved operational execution across our cruise lines. We ended 2024 with adjusted return on invested capital comfortably above our cost of capital.

We welcomed three new ships during 2024: *Carnival Jubilee*, the third of five Excel class vessels for Carnival Cruise Line; *Sun Princess*, Princess Cruises' next generation flagship which was just awarded Conde Nast Traveler's 2024 Mega Ship of the year in the U.S.; and *Queen Anne*, Cunard's first new ship in 14 years.

We have also been focusing on each of our cruise lines' unique target markets, launching new marketing campaigns across all our brands. In 2024, both new-to-cruise and repeat guests were each up double-digit percentages and we continue to attract new cruise guests as we work to increase awareness and consideration for cruise travel globally.

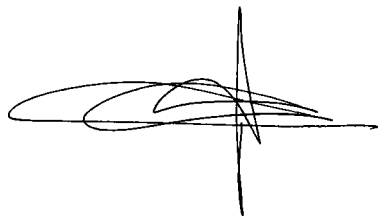

We continue to advance our enhanced destination strategy to provide guests with yet another reason to take a cruise vacation with us. Celebration Key, our new exclusive cruise port destination on Grand Bahama Island, is scheduled to open in the summer of 2025, with an additional pier opening in the fall of 2026. Its five portals built for fun will further expand our experience offerings with an abundance of

features and amenities for our guests. Celebration Key will be our largest and closest destination in our portfolio, saving fuel costs and reducing greenhouse gas emissions. In addition, we recently announced plans to enhance Half Moon Cay, our highly rated and award-winning exclusive Bahamian destination. The enhancements will lean further into this destination's natural beauty and pristine appeal, reinforcing its new name—RelaxAway, Half Moon Cay. Featuring a newly constructed pier that is expected to be ready in the summer of 2026, the destination will allow two ships to dock, including Carnival Cruise Line's largest ships that will be able to visit for the first time. We believe developing and promoting these unique assets will help us cast the net wider and capture even more new-to-cruise demand.

During 2024, we also continued making progress towards our sustainability goals. We reduced our greenhouse gas emission intensity by approximately 17.5 percent compared to 2019, on track to achieve our targeted reduction of 20 percent by the end of 2026, a goal that was previously pulled forward by four years. We have also lowered our absolute greenhouse gas emissions by almost 10 percent since 2019, despite capacity growth of over nine percent over the same period.

We are grateful for the efforts of our hard working and dedicated team who delivered a step change improvement in 2024 and set us up very well for 2025 and beyond, while consistently delivering unforgettable happiness to over 13 and a half million people in 2024, by providing them with extraordinary cruise vacations while honoring the integrity of every ocean we sail, place we visit and life we touch.

Sincerely,

A handwritten signature in black ink, appearing to read 'Josh Weinstein', with a stylized, overlapping design.

Information about Attending the Annual Meetings

You are cordially invited to attend our Annual Meetings of Shareholders:

DATE

Wednesday, April 16, 2025

TIME

8:30 a.m. (EDT)

The Carnival plc Annual General Meeting will begin first, followed by the Carnival Corporation Annual Meeting.

Shareholders of each may attend both meetings.

LOCATION

Carnival Place
3655 N.W. 87th Avenue
Miami, Florida 33178
United States

LIVE VIDEO BROADCAST

Carnival House, 100 Harbour Parade, Southampton SO15 1ST, United Kingdom, 1:30 p.m. (BST)

Shareholders planning to attend the live video broadcast in Southampton must submit a proxy in order to vote as they will not be able to vote in person from Southampton. Shareholders attending the live video broadcast in Southampton will be able to submit questions live to the Directors present at the Annual Meetings in Florida, but will not be treated as, or considered to be, "in attendance" at the Annual Meetings.

Details regarding the matters to be voted on are contained in the attached Notices of Annual Meetings of Shareholders and Proxy Statement. Because of the dual listed company arrangement, all voting will take place on a poll (or ballot).

Please read the section "Safety and Security Measures" below for further details on how we plan to conduct the meetings to prioritize the safety and security of our employees, shareholders and other stakeholders.

Your vote is important. We encourage you to vote as soon as possible to ensure your vote is recorded promptly, even if you plan to attend the Annual Meetings of Shareholders.

The Boards of Directors recommend that you vote in favor of Proposals 1 through 20.

The Boards of Directors consider the approval of Proposals 1 through 20 to be in the best interests of Carnival Corporation and Carnival plc and their shareholders.

We are furnishing the proxy materials to shareholders on or about February 28, 2025

SAFETY AND SECURITY MEASURES

Due to security measures, all bags will be subject to search, and all persons who attend the meeting will be subject to a metal detector and/or a hand wand search. We will be unable to admit anyone who does not comply with these safety and security procedures.

MEETING ADMISSION REQUIREMENTS

Attendance at the Annual Meeting of Carnival Corporation Shareholders is limited to shareholders and their duly appointed proxies or corporate representatives. Each attendee will be asked to present valid government-issued picture identification, such as a driver's license or passport.

Shareholders holding shares in brokerage accounts ("under a street name") will need to bring a copy of a brokerage statement reflecting share ownership as of the record date (February 18, 2025).

Voting Information

YOUR VOTE IS IMPORTANT.

We encourage you to vote as soon as possible, even if you plan to attend the Annual Meetings of Shareholders.

ELIGIBILITY TO VOTE

All eligible shareholders may vote in person at the 2025 Annual Meetings of Shareholders. Please refer to details about how to vote in person in the "Question and Answers" section.

Attendance at the Annual Meeting of Carnival Corporation Shareholders is limited to shareholders and their duly appointed proxies or corporate representatives. Each attendee will be asked to present valid government-issued picture identification, such as a driver's license or passport. Shareholders

holding shares in brokerage accounts ("under a street name") will need to bring a copy of a brokerage statement reflecting share ownership as of the record date (February 18, 2025). Additional requirements are included in the "Safety and Security Measures" section above.

Notice of Internet Availability

Carnival Corporation is continuing to take advantage of U.S. Securities and Exchange Commission ("SEC") rules that allow it to deliver proxy materials over the Internet. Under these rules, Carnival Corporation is sending its shareholders a one-page notice regarding the Internet availability of proxy materials instead of a full set of proxy materials, unless they previously requested to receive printed copies.

If you receive this one-page notice, you will not receive printed copies of the proxy materials unless you specifically request them. Instead, this notice tells you how to access and review on the Internet all of the important information contained in the proxy materials. This notice also tells you how to submit

your proxy card on the Internet and how to request to receive a printed copy of the proxy materials.

All Carnival Corporation shareholders are urged to follow the instructions in the notice and submit their votes using one of the voting methods described in the proxy materials. If you receive a printed copy of the proxy materials, the accompanying envelope for return of the proxy card requires no postage.

Any shareholder attending the Annual Meeting of Carnival Corporation Shareholders in Miami, Florida may personally vote on all matters that are considered, in which event any previously submitted proxy will be revoked.

<p>20 AMENDMENT TO CARNIVAL CORPORATION 1993 EMPLOYEE STOCK PURCHASE PLAN</p> <p>To approve the amendment to the Carnival Corporation 1993 Employee Stock Purchase Plan.</p>	 FOR	93

 There are 20 Proposals that require shareholder approval at the Annual General Meeting this year. The Directors unanimously recommend that you vote in favor of Proposals 1 through 20.

The Directors encourage you to submit your vote using one of the voting methods described herein. Submitting your voting instructions by any of these methods will not affect your right to attend the meeting in person should you so choose.

Voting Arrangements for Carnival plc Shareholders

Your vote is important. Carnival plc shareholders can vote in any of the following three ways:

1. by attending the Annual General Meeting and voting in person or, in the case of corporate shareholders, by corporate representatives;
2. by appointing a proxy to attend and vote on their behalf, using the proxy form enclosed with this Notice of Annual General Meeting; or
3. by voting electronically as described below.

VOTING IN PERSON

If you come to the Annual General Meeting, please bring the attendance card (attached to the enclosed proxy form) with you. This will mean you can register more quickly.

In order to attend and vote at the Annual General Meeting, a corporate shareholder may appoint one or more individuals to act as its representative. The appointment must comply with the requirements of Section 323 of the Companies Act. Each representative should bring evidence of their appointment, including any authority under which it is signed, to the meeting. If you are a corporation and are considering appointing a corporate representative to represent you and vote your shareholding in Carnival plc at the Annual General Meeting, you are strongly encouraged to pre-register your corporate representative to make registration on the day of the

meeting more efficient. In order to pre-register, please email your Letter of Representation to Carnival plc's registrars, Equiniti Limited, at proxyvotes@equiniti.com.

Please note that each shareholder or their duly appointed proxies and corporate representatives will be required to comply with the "Meeting Admission Requirements" and "Safety and Security Measures" in the "Information about Attending the Annual Meetings" section preceding the Carnival plc Notice of Annual General Meeting.

Please note that shareholders planning to attend the live video broadcast in Southampton must submit a proxy in order to vote as they will not be treated as, or considered to be, "in attendance" at the Annual Meetings and therefore will not be able to vote in person from Southampton.

VOTING BY PROXY

A shareholder entitled to attend and vote at the meeting is entitled to appoint a proxy to exercise all or any of their rights to attend, speak and vote in his or her stead. A proxy need not be a shareholder of Carnival plc. A shareholder may appoint more than one proxy provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. To appoint more than one proxy, please follow the notes contained in the proxy form. A person who is nominated to enjoy information rights in accordance with Section 146 of the Companies Act, but who is not a shareholder, is not entitled to appoint a proxy. Shareholders planning to attend the live video broadcast in Southampton must submit a proxy in order to vote as they will not be able to vote in person from Southampton.

If you are a person nominated to enjoy information rights in accordance with Section 146 of the Companies Act you may have a right under an agreement between you and the member by whom you were nominated to be appointed, or to have someone else appointed, as a proxy for the meeting. If you have no such right, or you have such a right but do not wish to exercise it, you may have a right under such an agreement to give instructions to the member as to the exercise of voting rights.

To be effective, a duly completed proxy form and the authority (if any) under which it is signed, or a notarially certified copy of such authority, must be deposited (whether delivered personally or by post) at the offices of Carnival plc's registrars as soon as possible and in any event by no later than 1:30 p.m. (BST) on April 14, 2025.

Alternatively, a proxy vote may be submitted via the Internet in accordance with the instructions set out on the proxy form.

In the case of joint registered holders, the signature of one holder on a proxy card will be accepted and the vote of the senior holder who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders. For this purpose, seniority shall be determined by the order in which names stand on the register of shareholders of Carnival plc in respect of the relevant joint holding.

If you are a member of CREST, you may register the appointment of a proxy by using the CREST electronic

proxy appointment service. In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a “CREST Proxy Instruction”) must be properly authenticated in accordance with Euroclear’s specifications and must contain the information required for such instructions, as described in the CREST Manual, which can be viewed at www.euroclear.com. The message, regardless of whether it constitutes the appointment of a proxy or an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer’s agent (ID RA19) by the latest time(s) for receipt of proxy appointments specified in the Notice of Annual General Meeting. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer’s agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in

relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his or her CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings. Carnival plc may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

If you are an institutional investor, you may be able to appoint a proxy electronically via the Proxymity platform, a process which has been agreed by Carnival plc and approved by the registrar. For further information regarding Proxymity, please go to www.proxymity.io. Your proxy must be lodged by 1:30 p.m. (BST) on April 14, 2025 in order to be considered valid. Before you can appoint a proxy via this process you will need to have agreed to Proxymity’s associated terms and conditions. It is important that you read these carefully as you will be bound by them and they will govern the electronic appointment of your proxy.

VOTING ELECTRONICALLY

Shareholders are entitled to vote online at www.shareview.co.uk. First, please log in to your Shareview Portfolio. Once you have logged in, simply click “View” on the “My Investments” page and then click on the link to vote and follow the on-screen instructions. If you have not yet registered for a

Shareview Portfolio, please go to www.shareview.co.uk and enter the requested information. Shareholders voting electronically should vote as soon as possible, and in any event by no later than 1:30 p.m. (BST) on April 14, 2025.

SHAREHOLDERS WHO ARE ENTITLED TO ATTEND OR VOTE

Carnival plc, pursuant to Regulation 41 of the Uncertificated Securities Regulations 2001, specifies that only those shareholders registered in the register of members of Carnival plc at 6:30 p.m. (BST) on April 14, 2025 shall be entitled to attend or vote at the meeting in respect of the number of shares

registered in their name at that time. Changes to the entries on the register of members after 6:30 p.m. (BST) on April 14, 2025 shall be disregarded in determining the rights of any person to attend or vote at the meeting.

Asking Questions at the Meeting

Any shareholder attending the meeting has the right to ask questions. Carnival plc must cause to be answered any such question relating to the business being dealt with at the meeting, but no such answer need be given if:

- to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information;
- the answer has already been given on a website in the form of an answer to a question; or

- it is undesirable in the interests of Carnival plc or the good order of the meeting that the question be answered.

Shareholders attending the live video broadcast in Southampton will be able to submit questions live to the Directors present at the Annual Meetings in Florida, but will not be treated as, or considered to be, “in attendance” at the Annual General Meeting.

Documents Available for Inspection

Copies of all letters of appointment between each Director and Carnival plc will be available for inspection during normal business hours on any weekday (public holidays excluded) at the registered office of

Carnival plc from the date of this notice until and including the date of the meeting and at the place of the meeting for at least 15 minutes prior to and during the meeting.

Rights Under Sections 338 and 338A

Under Sections 338 and 338A of the Companies Act, shareholders meeting the threshold requirements in those Sections have the right to require Carnival plc: (i) to give, to shareholders of Carnival plc entitled to receive notice of the meeting, notice of a resolution which may properly be moved and is intended to be moved at the meeting and/or (ii) to include in the business to be dealt with at the meeting any matter (other than a proposed resolution) which may be properly included in the business unless (a) (in the case of a resolution only) it would, if passed, be ineffective, (b) it is defamatory of any

person, or (c) it is frivolous or vexatious. Such a request may be in hard copy form or in electronic form, must identify the resolution of which notice is to be given or the matter to be included in the business, must be authorized by the person or persons making it, must be received by Carnival plc not later than March 5, 2025, being the date six clear weeks before the meeting, and (in the case of a matter to be included in the business only) must be accompanied by a statement setting out the grounds for the request.

Website Materials

This Proxy Statement and other information required by Section 311A of the Companies Act have been posted on our websites at www.carnivalcorp.com and www.carnivalplc.com.

You may not use any electronic address (within the meaning of Section 333 of the Companies Act) provided in this Proxy Statement (or in any related documents including the proxy form) to communicate with Carnival plc for any purposes other than those expressly stated.

Under Section 527 of the Companies Act, shareholders meeting the threshold requirements set out in that Section have the right to require Carnival plc to publish on a website a statement setting out any matter relating to:

- the audit of Carnival plc's accounts (including the auditor's report and the conduct of the audit) that are to be laid before the Annual General Meeting; or

- any circumstance connected with an auditor of Carnival plc ceasing to hold office since the previous meeting at which annual accounts and reports were laid in accordance with Section 437 of the Companies Act.

Carnival plc may not require the shareholders requesting any such website publication to pay its expenses in complying with Sections 527 or 528 of the Companies Act. Where Carnival plc is required to place a statement on a website under Section 527 of the Companies Act, it must forward the statement to Carnival plc's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the Annual General Meeting includes any statement that Carnival plc has been required under Section 527 of the Companies Act to publish on a website.

PRINCIPAL COMPENSATION OBJECTIVES

We believe that our executive compensation program should be appropriately tailored to balance short-term and long-term compensation opportunities to enable Carnival Corporation and Carnival plc to meet short-term objectives while

continuing to produce value for their shareholders over the long-term and supporting a strong focus on retention. Our executive compensation program is designed to:

1	2	3
Reward results and effective strategic leadership through the use of both short-term and long-term incentives, taking into account each executive's performance, experience and responsibilities.	Align executive interests with those of our shareholders by making a substantial portion of compensation at risk and performance-based.	Remain competitive in the marketplace in order to attract, motivate and retain our talent that we believe is necessary to achieve our financial and strategic goals.

TOTAL TARGET COMPENSATION MIX⁽¹⁾

(1) At-risk compensation includes the Annual Incentive Bonus that is subject to performance criteria and the Long-Term Equity Incentives some of which are subject to performance criteria and all of which are subject to change in value based on share price movements during the vesting period.

Shareholder Engagement

Carnival Corporation & plc has a long-standing shareholder outreach program, and we believe constructive dialogue with our shareholders is a fundamental pillar of effective corporate governance. We engage routinely throughout the year with our shareholders on a variety of topics relevant to the long-term success of our business.

Our engagement program is primarily led by our investor relations team and our Chief Executive Officer (“CEO”), with support from other members of senior management. In certain situations, meetings might include our Chair of the Boards, Chairs of Board Committees or our Presiding Director and Senior Independent Director (who is also the Chair of our Compensation Committees). Non-Executive Directors participate in select engagements to share their perspective and receive feedback directly from our shareholders, as appropriate. We believe this multifaceted shareholder engagement process allows for shareholder feedback and concerns to be appropriately considered and addressed by management and the Boards.

Throughout fiscal 2024, we engaged with a significant number of our shareholders. Our Chair of the Boards, CEO, Presiding Director and Senior Independent Director (who is also the Chair of our Compensation Committees) and certain other members of senior management participated in select meetings with shareholders during the year. Our dialogues covered several topics of significance to us and our shareholders, including:

- updates on our strategic, financial and operating priorities and recent performance;
- our executive compensation program and related disclosures for 2024;
- Board refreshment, Board composition and diversity; and
- progress on our environmental, health, safety and sustainability initiatives, including our emission reduction strategy.

We also engaged with our retail shareholders throughout the year. Retail shareholders as well as all other shareholders are given the opportunity to attend our Annual Meetings of Shareholders as well as ask questions and share their feedback with members of our Boards and management. In addition, our investor relations team routinely responds to questions and comments from retail shareholders and shares them with other departments and the Boards, as appropriate. All shareholders, including retail shareholders, may also communicate with the Boards or the Senior Independent Director by writing to the attention of the Company Secretary of Carnival Corporation & plc at 3655 N.W. 87th Avenue, Miami, Florida 33178-2428, United States.

The feedback we receive as part of our engagement efforts is shared with our senior management, full Boards and relevant Committees, as appropriate, who use it to inform decision-making regarding our practices, policies, and disclosures. For example, shareholder input informed our inclusion of a detailed skills matrix in our 2024 and 2025 Proxy Statements

as well as enhancements to our sustainability reporting. In the past, shareholder feedback was also an important input to our Compensation Committees'

decision-making processes regarding our executive compensation program.

Corporate Social Responsibility

SUSTAINABILITY AND THE ENVIRONMENT

In 2021, we established goals for 2030 which incorporate six key focus areas listed below that align with elements of the United Nation's Sustainable Development Goals and build on the momentum of our successful achievement of our 2020 sustainability goals:

- climate action;
- circular economy;
- good health and well-being;
- sustainable tourism;
- biodiversity and conservation; and
- inclusion and belonging.

Since then, we have achieved several goals ahead of schedule, accelerated the timeline of others and established intermediate goals. During 2024, we conducted a comprehensive review of our 2030 sustainability goals to align with our ongoing vision and progress. This review included revising existing goals, setting new targets, and retiring goals that have already been achieved. The enhancement of our sustainability road map reflects our adaptive approach to addressing evolving environmental and social challenges, both globally and within the cruise industry.

We have a four-part strategy to help us achieve our climate action goals:

- **Fleet optimization:** delivering larger, more efficient ships as part of our ongoing newbuild program, some of which may replace existing ships in our fleet.
- **Energy efficiency:** continuing to improve our existing fleet's energy efficiency through investment in projects such as service power packages (or power saver packs), air lubrication systems and expanding shore power capabilities to leverage renewable energy sources while in port, where available.

- **Itinerary efficiency:** designing more energy-efficient itineraries, focusing on operational execution and investing in strategically located port and destination projects.
- **New technologies and alternative fuels:** investing in a first-of-its-kind lithium-ion battery storage system and assessing carbon capture and storage. We also support alternative fuels, including biofuels such as bio-methane, bio-methanol, as well as synthetic or e-fuels such as e-methane and e-methanol, which we are assessing as a future low GHG emission fuel option for our ships.

We are working to further reduce our absolute GHG emissions. We reduced our absolute GHG emissions from ship fuel by approximately 11% as compared to our peak year of 2011 despite capacity growth of nearly 37% over the same period. Additionally, we are pursuing our aspiration of net zero by 2050, aligned with the International Maritime Organization's revised strategy. Achieving this goal will require energy sources and technologies that do not yet exist at scale.

While fossil fuels are currently the only scalable and commercially viable option for our industry, we are closely monitoring technology developments and pioneering important sustainability initiatives in the cruise industry. We have leveraged third-party studies and partnered with companies and various organizations to help identify and scale new technologies. For example, we implemented maritime scale battery technology and are working with classification societies and other stakeholders to assess lower GHG emission fuel options for cruise ships and assessing carbon capture and storage technologies.

We have successfully used biofuels as a replacement for fossil fuel on 6 ships. To provide a path to net zero emissions, alternative low GHG emission fuels will be necessary for the maritime industry; however, there are significant supply and cost challenges that must be resolved before viability is reached.

We have ten LNG powered cruise ships in operation as of November 30, 2024 which represent nearly 20% of our fleet capacity and six more that are expected to join the fleet through 2033. A new ship capable of running on LNG also provides flexibility and future optionality. LNG engines are dual-fuel engines, capable of operating on marine gas-oil and LNG, including fossil, biofuel and, when available, synthetic versions of those fuels. The type of tank and system arrangements that we have on our LNG-fueled ships also allows for future conversion to other low GHG fuels such as green methanol. This provides us with more options to continue to fuel our ships regardless of how the alternative fuel markets develop in the future.

To incentivize performance on our sustainability priorities, our executive compensation program in 2024 also includes quantitative environmental and sustainability metrics in the Management Incentive Plan bonus and the performance-based equity grants. For further information on our sustainability efforts and progress, refer to our 2024 Joint Annual Report on Form 10-K or to our Sustainability Reports which are not incorporated in this document and can be viewed at www.carnivalcorp.com, www.carnivalplc.com and www.carnivalsustainability.com.

PROMOTING EMPLOYEE WELLNESS

We continue to bring together many cultures, backgrounds, beliefs and points of view and treat every person with dignity, courtesy and respect. We are expanding our efforts to include global wellness standards for employees. We believe that valuing and supporting employee wellbeing, as well as fostering optimal health and wellness, are crucial to sustaining

the success of our business. We strive to achieve greater performance and satisfaction through wellness standards focused on the financial, benefits, safety, psychological, social and physical needs of our employees. In addition, we believe a focus on wellness will lead to greater employee satisfaction, reduced turnover and identification as an employer of choice.

INVESTING IN OUR COMMUNITIES

Sustainable tourism is one of our ongoing priorities. Every year we find new ways to foster shared value, mutual growth and goodwill with our destination partners—and 2024 was no exception.

We also seek out meaningful ways to help address pressing needs in destination communities. For example, in 2024 we supported and coordinated disaster relief efforts in communities across the southeastern United States impacted by hurricanes Helene and Milton. In addition, we supported disaster relief efforts on the South Pacific island of Vanuatu and on Japan's Noto Peninsula after they were impacted by earthquakes and provided in-kind donations to the Quintana Roo community in Mexico after they were affected by torrential rains and flooding.

We also supported the Alaska community impacted by the Mendenhall Glacier Dam flooding.

We participated in 48 coastal cleanups across 17 countries during 2024.

During times of crisis, Carnival Foundation works closely with national and international relief organizations, coordinating corporate and employee donations for emergencies, such as hurricanes in the U.S. and in the Caribbean.

We also continued construction on a new cruise port destination, Celebration Key, which is expected to open in the summer of 2025. In 2024, we planted 5,000 locally grown palm trees in Celebration Key—Grand Bahamas.

Through Carnival Foundation, which oversees many of our philanthropic endeavors, we are also dedicated to creating positive change through empowering youth, enhancing education and strengthening families in the communities where we live and work. Carnival Foundation and the brands of Carnival Corporation & plc support a broad spectrum of organizations that positively impact thousands of youth and families each year through charitable giving, in-kind donations and volunteerism. Whether it is providing job training to the homeless, preserving and protecting the environment, furthering medical research or investing in our future through education and mentoring, the reach of Carnival Foundation is all-encompassing.

Carnival Foundation's contributions are spread to communities where the brands operate, but focus on organizations in South Florida, where Carnival Corporation & plc is headquartered.

Governance

GOVERNANCE PHILOSOPHY

We are committed to governance policies and practices so that shareholder and other stakeholder interests are represented in a thoughtful and independent manner. Sound principles of corporate governance are critical to obtaining and retaining the trust of investors. They are also vital in securing respect from other key stakeholders and interested parties, including our workforce, guests and suppliers, the communities in which we conduct business, government officials and the public-at-large. We believe that our governance framework contributes

to the delivery of our corporate strategy in a number of ways. The Boards and our Board Committees support our senior management in the development, refinement and execution of our corporate strategy by providing independent oversight and valuable input based on their wealth of knowledge and experience in their areas of expertise. The Boards also oversee our risk review and assessment processes, while our Board Committees provide oversight over risks within their area of remit, all of which are incorporated into our strategic planning.

DUAL-LISTED ARRANGEMENT CONSIDERATIONS

Carnival Corporation and Carnival plc operate under a dual listed company (“DLC”) arrangement with primary stock listings in the United States (“U.S.”) and the United Kingdom (“UK”). Accordingly, we implemented a single corporate governance framework consistent, to the extent possible, with the governance practices and requirements of both countries. While there are customs or practices that differ between the two countries, we believe our corporate governance framework effectively addresses the corporate governance requirements of both the U.S. and the UK.

Our corporate governance principles are set forth in our Corporate Governance Guidelines and the charters of our Board Committees. The actions

described in these documents, which the Boards have reviewed and approved, implement applicable requirements, including the New York Stock Exchange listing requirements and, to the extent practicable, the UK Corporate Governance Code published by the UK Financial Reporting Council in July 2018 (the “UK Corporate Governance Code”), as well our own vision of good governance.

We will continue to monitor governance developments in the U.S. and the UK to ensure a vigorous and effective corporate governance framework of the highest international standards.

Our Corporate Governance Guidelines, copies of the charters of our Board Committees and our

organizational documents are available under the “Governance” section of our website at www.carnivalcorp.com and www.carnivalplc.com.

The Boards are elected by the shareholders to exercise business judgment to act in what they reasonably

believe to be in the best interests of Carnival Corporation & plc and its shareholders. The Boards select and oversee the members of senior management, who are charged by the Boards with conducting the business of Carnival Corporation & plc.

Nominations of Directors

NOMINATION PRINCIPLES AND PROCESS

Carnival Corporation and Carnival plc are two separate legal entities and, therefore, each has a separate Board of Directors, each of which in turn has its own Nominating & Governance Committee. As the DLC arrangement requires that there be identical Boards of Directors, the Nominating & Governance Committees make one set of determinations in relation to both companies.

The Nominating & Governance Committees, which are made up of independent Directors, actively seek individuals qualified to become Board members and recommend to the Boards the nominees to stand for election as Directors at the Annual Meetings of Shareholders or, if applicable, at a Special Meeting of Shareholders.

All nominations and appointments to the Boards are based on merit and objective criteria. When nominating candidates for the Boards of Directors, including incumbent Directors eligible for re-nomination, regardless of the source of the

nomination, the Nominating & Governance Committees will consider, in accordance with their charter and the Board Diversity Policy, such factors as they deem appropriate, including, but not limited to:

- the candidate’s judgment;
- the candidate’s skill;
- contributions to the Boards of Directors (with respect to incumbent Directors);
- diversity considerations, including with respect to diversity of experience, professions, skills, geographic representations, knowledge and abilities, as well as race or ethnicity, age and gender;
- the candidate’s experience with business and other organizations of comparable size;
- the interplay of the candidate’s experience with the experience of other members of the Boards; and
- the extent to which the candidate would be a desirable addition to the Boards and any Committees of the Boards.

TIME COMMITMENTS AND OVERBOARDING

All candidates for nomination or re-nomination, including incumbent Directors, have to disclose their other significant commitments and provide confirmation to the Nominating & Governance Committees that they have sufficient time available to fulfill the obligations of the office. The Nominating & Governance Committees provide such disclosure and confirmation to the Boards for their consideration prior to the nomination or re-nomination of a candidate. All candidates for nomination or re-nomination must also comply with our overboarding policy which is included in our Corporate Governance Guidelines. The overboarding policy limits Directors to a maximum of four public company boards (including

Carnival Corporation & plc, treated as one board), with executive officers and non-executive chairs of public companies limited to a maximum of two and three public company boards, respectively. Members of our Audit Committees may not serve on audit committees of more than three public companies. The Chair of our Boards and executive officers who serve on our Boards are also not permitted to serve as chairs of the board of any other public company. The Boards may, upon recommendation of the Nominating & Governance Committees, approve a departure from these board and committee service limits if doing so would be in the best interests of Carnival Corporation & plc and our shareholders, after

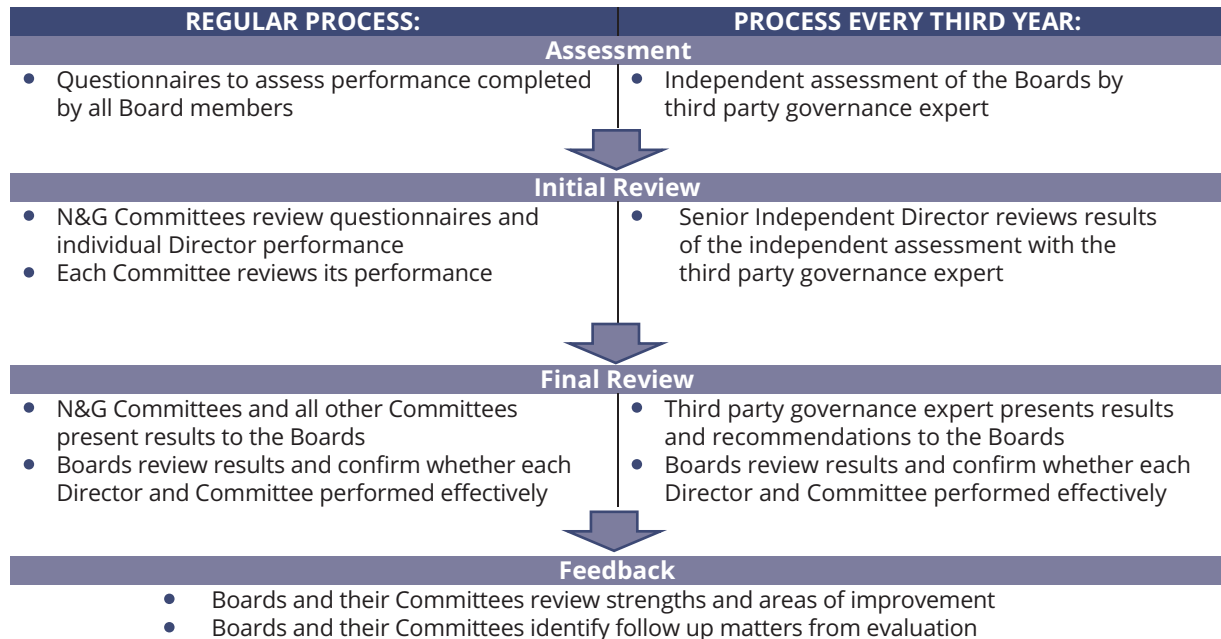

considering the nature and extent of the various appointments, the companies concerned, and any exceptional circumstances. The overboarding policy is reviewed at least annually as part of the Boards’

review of the Corporate Governance Guidelines. All Directors currently serving are compliant with the overboarding policy.

Board Evaluation Process

The Boards maintain a comprehensive annual evaluation process that guides our Director nomination and refreshment process. This includes both a rigorous regular process as well as a different

tri-annual process in lieu of the regular process conducted in partnership with an external third-party governance expert, to support a holistic and thorough evaluation.

The N&G Committees and the Boards conduct annual performance evaluations of the Boards, the Boards’ Committees and the members of our Boards of Directors. As part of this process in 2024, each Director was required to complete a questionnaire about the performance of the Boards and their Committees. All questionnaires were reviewed and assessed by the N&G Committees. In addition, the N&G Committees reviewed the individual performance of each member of the Boards of Directors focusing on his or her contribution to Carnival Corporation and Carnival plc and also discussed and reviewed with Non-Executive Directors any significant time commitments they have with other companies or organizations. The N&G Committees reported the results of their review to the Boards. The Boards determined that each nominee was an effective and committed member of the Boards and the Board Committees on which each serves.

During fiscal 2024, all Committees of the Boards also reviewed their own performance against their respective charters by completing questionnaires that were provided to the Chair of the N&G Committees. The results of such reviews were discussed among the members and reported to the Boards. The Boards concluded that the Committees continued to function effectively and continued to meet the requirements of their respective charters.

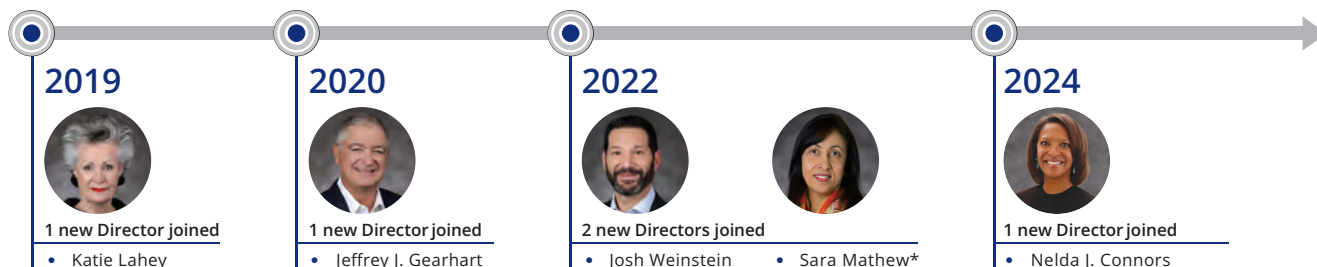

In 2022, the N&G Committees engaged a third-party governance expert to perform an assessment of the effectiveness of the Boards. The third-party governance expert interviewed each Director and members of senior management who interact substantially with the Boards, reviewed the results of the assessment with the Senior Independent Director, and then presented the results of the assessment as well as recommendations to the full

Boards, including our Chair, in late 2022. Refer to “Board Performance Evaluations” in the Carnival plc Corporate Governance Report for additional

information regarding the third-party governance expert’s assessment.

Board Refreshment

We have added five new Directors to our Boards since 2019, including three women.

* Ms. Mathew has made the decision not to seek re-election and will step down from the Boards and their Committees with effect from the conclusion of the 2025 Annual Meetings of Shareholders, at which time the size of the Boards will be reduced to 11 members.

The N&G Committees also use their best efforts to ensure that the composition of the Boards adheres to the independence requirements applicable to companies listed for trading on the New York Stock Exchange and the London Stock Exchange. The N&G Committees and the Boards utilize the same criteria for evaluating candidates regardless of the source of the referral. Other than the foregoing, there are no stated minimum criteria for Director nominees.

The N&G Committees identify nominees by first evaluating the current members of the Boards willing to continue in service. As part of Director succession planning, current members of the Boards with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination, balancing the value of

continuity of service by existing members of the Boards with that of obtaining a new perspective. If any member of the Boards does not wish to continue in service or if the N&G Committees or the Boards decide not to re-nominate a member for re-election, the N&G Committees identify the desired skills and experience of a new nominee in light of the criteria above. Current members of the N&G Committees and the Boards are polled for suggestions as to individuals meeting the criteria of the N&G Committees. The N&G Committees may consider candidates proposed by management but are not required to do so. The N&G Committees generally use third-party search firms to identify and attract potential nominees.

As of November 30, 2024, 42% of the members of the Boards are women (being five of 12 members) and two Directors are ethnically diverse.

Board Orientation and Education

As part of our new Director orientation program, new Directors meet with the Company Secretary, senior management and Board leadership, as appropriate, and are also provided with a variety of orientation materials to familiarize them with Carnival Corporation & plc’s business, strategy, structure of the Boards and the committees, as their duties and responsibilities under U.S. and UK laws and regulations, and other relevant topics.

All existing Directors are encouraged to continue to develop their skills and knowledge. We provide a

number of different presentations and educational programs for Directors by senior management and outside experts on topics such as industry trends, corporate governance and sustainability developments, cybersecurity, and other topics related to areas of Board oversight. Directors are also encouraged to attend additional continuing educational programs. They also receive materials and updates from management on a regular basis regarding new developments, changes or trends.

2025 Nominees for Re-Election to the Boards

The DLC arrangement requires the Boards of Carnival Corporation and Carnival plc to be identical. Shareholders are required to approve the election or re-election of Directors to each Board. There are 11 nominees for re-election to each Board of Directors. Each nominee currently serves as a Director of both companies, and each nominee is standing for re-election having been most recently elected at the 2024 Annual Meetings of Shareholders. All Board nominees are to be re-elected to serve until the next Annual Meetings of Shareholders or until their successors are elected.

All of the nominees have indicated that they will be willing and able to serve as Directors.

With respect to each Board nominee set forth below, the information presented includes such person's age, the year in which such person first became a Director, any other position held with Carnival Corporation and Carnival plc, such person's principal occupations during at least the past five years, any directorships held by such nominee in public or certain other companies over the past five years, the nominee's qualifications, including particular areas of expertise, to serve as a Director and the reasons why their contributions are, and continue to be, important to our long-term sustainable success.

Accordingly, the Boards of Directors unanimously recommend a vote FOR the re-election of each of the Director nominees.

DIRECTOR SKILLS AND QUALIFICATIONS

The N&G Committees endeavor to ensure that our Boards are composed of Directors who collectively bring a wide variety of business backgrounds, experiences, skills and perspectives that provide relevant strategic and operating insight and contribute to the Boards’ ability to effectively oversee our business strategy. The following table describes certain experiences, qualifications and skills that the

Boards have identified as important to carrying out our business strategy and allowing the Boards to effectively fulfill their responsibilities. The attribution of skills to Director nominees reflects careful consideration of each nominee’s professional history and experience in the context of relevance to the Boards’ defined set of priority skills and qualifications.

Board and Committee Governance

BOARD MEETINGS

During the year ended November 30, 2024, the Board of Directors of each of Carnival Corporation and Carnival plc held a total of 5 meetings. Each Carnival Corporation Director and each Carnival plc Director attended either telephonically or in person at

least 75% of all Carnival Corporation & plc Boards of Directors meetings and applicable Board Committee meetings held during the period that he or she served in fiscal 2024. All Directors then serving attended the 2024 Annual Meetings of Shareholders.

BOARD LEADERSHIP STRUCTURE

**MICKY
ARISON**

Executive Chair of the Boards

**JOSH
WEINSTEIN**

President, CEO and Chief Climate Officer

**RANDY
WEISENBURGER**

*Presiding Director and
Senior Independent Director*

Our Boards of Directors are led by our executive Chair, Mr. Arison. The CEO position is currently separate from the Chair. The Boards maintain the flexibility to determine whether the roles of Chair and CEO should be combined or separated, based on what they believe is in the best interests of Carnival Corporation & plc at a given point in time. We believe that the separation of the Chair and CEO positions is an appropriate corporate governance practice for us at this time, and that having Mr. Arison as our executive Chair enables Carnival Corporation & plc and the Boards to continue to benefit from Mr. Arison's skills and expertise, including his extensive knowledge of our business.

Our Non-Executive Directors, all of whom are independent, meet privately in executive session at least quarterly. The Presiding Director leads those meetings and also acts as the Senior Independent Director under the UK Corporate Governance Code. In addition, the Presiding Director serves as the

principal liaison to the Non-Executive Directors, reviews and approves meeting agendas for the Boards and reviews meeting schedules. Our Non-Executive Directors, acting in executive session, elected Randy Weisenburger as the Presiding Director and Senior Independent Director. Mr. Weisenburger brought to those roles significant board leadership experience, including as the Chair of our Compensation Committees, familiarity with our Board processes and company structures as a seasoned member of several of our Board committees, and extensive skills and experience gained as a senior executive of a large multi-national corporation and a director (current and former) of other public and private companies.

The structure of our Boards facilitates the continued strong communication and coordination between management and the Boards and enables the Boards to fulfill their risk oversight responsibilities, as further described below.

BOARD COMMITTEES

The Boards delegate various responsibilities and authority to different Board Committees. The Board Committees regularly report on their activities and actions to the full Boards. The Board of Directors of each of Carnival Corporation and Carnival plc has established standing Board Committees, which are each comprised of the same Directors for each company, as follows:

 Audit	 Health, Environmental, Safety and Security
 Compensation	 Nominating & Governance
 Compliance	

Each Board Committee periodically reviews its charter in light of new developments in applicable regulations and may make additional recommendations to the Boards to reflect evolving best practices.

Committee charters are available at: www.carnivalcorp.com/governance and www.carnivalplc.com/governance.

Each Board Committee can engage outside experts, advisors and counsel to assist the Board Committee in its work.

As of January 27, 2025, the Board Committee members are as follows:

AUDIT COMMITTEES

MEMBERS

- Laura Weil, Chair
- Jason Glen Cahilly
- Sara Mathew*
- Stuart Subotnick

QUALIFICATIONS

- The Board of Directors of Carnival Corporation has determined that each member of the Audit Committees is both “independent” and an “audit committee financial expert,” as defined by SEC rules.
- In addition, the Board of Directors of Carnival plc has determined that each member of the Audit Committees is “independent” and had “recent and relevant financial experience” for the purposes of the UK Corporate Governance Code.
- The Boards determined that each member of the Audit Committees has sufficient knowledge in reading and understanding our financial statements to serve on the Audit Committees.

FY2024 MEETINGS: 8 KEY RESPONSIBILITIES

The Audit Committees assist the Boards in their general oversight of:

- integrity of our financial statements;
- performance of our internal audit functions, including process and control effectiveness and efficiencies and investigations relating to asset misappropriation, corruption and ethics, and financial or non-financial manipulation;
- independent auditors’ qualifications, effectiveness, objectivity, independence and performance; and
- relevant elements of our risk management programs, including risk management related to financial, information technology, cybersecurity and non-HESS related operational risks, as well as monitoring changes to and compliance with related legal and regulatory requirements.

The Audit Committees are also responsible for the appointment, retention, compensation and oversight of the work of our independent auditor and our independent registered public accounting firm.

FOR ADDITIONAL INFORMATION

The responsibilities and activities of the Audit Committees are described in greater detail in “Report of the Audit Committees” and the Audit Committees’ charter.

* Ms. Mathew has made the decision not to seek re-election and will step down from the Boards and their Committees with effect from the conclusion of the 2025 Annual Meetings of Shareholders, at which time the size of the Boards will be reduced to 11 members.

Additional information with respect to Carnival plc’s corporate governance practices during fiscal 2024 is included in the Carnival plc Corporate Governance Report attached as Annex C to this Proxy Statement.

BOARD AND COMMITTEE INDEPENDENCE

Under New York Stock Exchange and UK Corporate Governance Code standards of independence for Directors, the Boards must determine that a Director does not have any material relationship with Carnival Corporation & plc or its subsidiaries (either directly or as a partner, shareholder or officer of an organization that has a relationship with Carnival Corporation & plc) and meets certain bright-line tests. Following an assessment of the Directors' independence, including a review of their independence questionnaires, the Boards of Directors have determined that each of the following is an "independent" Director in accordance with the New York Stock Exchange and the UK Corporate Governance Code standards of independence for Directors and that all members of the Audit Committees and Compensation Committees meet the heightened independence criteria applicable to Directors serving on those Committees under SEC rules and New York Stock Exchange listing standards and the UK Corporate Governance Code:

Accordingly, a majority of the Directors of each company, all of our Non-Executive Directors and all of the members of the Audit, Compensation, Compliance, HESS and N&G Committees of each company are independent (as defined by the New York Stock Exchange listing standards, SEC rules and the UK Corporate Governance Code).

RISK OVERSIGHT

Our Boards have the overall responsibility for determining the strategic direction of our business and have established a framework to manage risk and determine the nature and extent of the principal and emerging risks acceptable to our business. Our framework is designed to identify and manage, rather than eliminate, risk to the achievement of our strategic objectives. The Boards, through their Committees and executive management, have carried out a robust assessment of our principal and emerging risks, including to ensure that they are effectively managed and/or mitigated.

Risk management is embedded in all areas of our business and is reflected across our policies and

procedures. Our risk management framework includes an organization wide, multi-layered approach to risk assessment and management and consists of the Boards of Directors, their Committees, Risk Advisory and Assurance Services ("RAAS"), Global E&C and executive management.

Our Boards leverage their Committees to oversee our risk management activities as described in more detail below. Each area of our business reports via executive management to these Committees.

AUDIT COMMITTEES

- Monitor the adequacy of our internal controls, including financial, operational and compliance controls and information systems controls and security.
- Oversee management's risk assessment processes to identify principal and emerging risks, including financial, IT, cybersecurity and non-HESS operational risks as well as monitor changes to and compliance with related legal and regulatory requirements.
- Review and make recommendations arising from management reports on the effectiveness of internal controls and risk management systems.
- Review and monitor audit coverage and the audit plan for the upcoming year, the results of the internal audits and testing carried out by the independent auditors.
- Review the risk factors included in our external reporting.
- Review the performance, effectiveness, objectivity, and independence of the independent auditors and performance of our internal audit function.
- Oversee hotline concerns relating to audit or accounting matters.

COMPENSATION COMMITTEES

- Oversee risk associated with our Executive Officer, Non-Executive Director and employee compensation structure, policies and programs.
- Review and approve corporate goals and objectives relevant to CEO compensation.
- Assess whether incentive arrangements promote our long-term success and whether executive compensation is competitive and appropriately linked to performance.
- Oversee compliance with the Clawback Policy, clawback provisions and the stock ownership policy applicable to Executive Officers and Directors.

COMPLIANCE COMMITTEES

- Oversee our risk management processes with respect to compliance with laws and regulations relating to general compliance and privacy, including Global E&C's activities supporting a high level of ethics and integrity.
- Review results of compliance with our Code of Business Conduct and Ethics and the Business

Partner Code of Conduct and review with the Chief Risk & Compliance Officer the results of Global E&C compliance risk assessments.

- Chairs of Audit and HESS Committees are members of Compliance Committees to promote alignment and coordination across these Committees.
- Review results of internal and external audits that have relevance to significant business ethics or compliance matters, business ethics disclosures, mitigation plans and related monitoring as well as all significant allegations of misconduct involving senior executives or board members.
- Oversee our processes for the reporting of concerns (including via the hotline).

HESS COMMITTEES

- Oversee management's processes to identify principal and emerging HESS and sustainability-related risks, including those related to ship operations and cybersecurity, RAAS HESS audits, IAG and external investigations into significant ship incidents, and HESS-related hotline complaints, and assess the steps management has taken to minimize such risks.
- Provide functional oversight of IAG.
- Review compliance with laws and regulations regarding HESS and sustainability as well as material legal or other proceedings relating to HESS, and management's response thereto.
- Review and recommend policies, procedures, practices and training relative to HESS and sustainability and oversee monitoring and enforcement of HESS policies and procedures.

N&G COMMITTEES

Oversees risks associated with Board processes and corporate governance, including:

- Board structure;
- Board and committee appointments and nominations;
- Board effectiveness and performance evaluations;
- succession planning; and
- continuing education for Directors.

COMPENSATION RISK ASSESSMENT

Carnival Corporation & plc's management, in conjunction with the Compensation Committees' independent compensation consultant, Frederic W. Cook & Co., Inc. ("FW Cook"), conducted a thorough review of our compensation programs, including those programs in which our Named Executive Officers participate, to determine if aspects of those programs contribute to excessive risk-taking. Based on the findings from this review and the annual reassessment, the Compensation Committees concluded that our compensation policies and practices do not encourage excessive risk-taking and do not create risks that are reasonably likely to have a material adverse effect on Carnival Corporation & plc.

To reach this conclusion, key elements of our compensation programs were assessed to determine if they exhibited excessive risk. These elements included:

- pay mix (cash vs. equity) and pay structure (short vs. long-term focus);
- performance metrics;
- performance goals and ranges;
- the degree of leverage;
- incentive maximums;
- payment timing;
- incentive adjustments;
- use of discretion; and
- stock ownership requirements.

Our assessment reinforced the Compensation Committees' belief that our compensation programs are not contributing to excessive risk-taking, but instead contain many features and elements that help to mitigate risk.

For example:

- ✓ **PAY STRUCTURE.** Our compensation programs for our Named Executive Officers emphasize both short- and long-term performance through our annual bonus program (delivered in cash) and through the delivery of long-term incentives (equity), which reflects a balanced approach (approximately 40% through base salary and bonus and 60% in long-term equity grants). The

mix of our pay program is intended to motivate management to consider the impact of decisions on shareholders and other stakeholders in the short, intermediate and long-term.

- ✓ **INCENTIVE LIMITS.** Bonuses cannot exceed 200% of target levels.
- ✓ **LONG-TERM SHARE INCENTIVE GRANTS.** The annual long-term share incentive programs for fiscal 2024 were approved in the form of restricted stock units and performance restricted stock units to strengthen alignment with shareholder interests, to align with business strategy and promote retention and leadership stability.
- ✓ **PERFORMANCE MEASUREMENT.** For Named Executive Officers, the performance measurement used when determining their annual bonus is based on the performance of Carnival Corporation & plc with reference to quantitative metrics, focused on Adjusted Operating Income and environmental, safety, security and sustainability initiatives.
- ✓ **STOCK OWNERSHIP POLICY.** All senior executives who are designated as reporting officers under Section 16 of the Exchange Act are subject to a stock ownership policy which specifies target ownership levels of Carnival Corporation and Carnival plc shares in terms of the value of the equity holdings as a multiple of each officer's base salary.
- ✓ **CLAWBACK POLICY.** We have a New York Stock Exchange ("NYSE") 303A.14-compliant clawback policy which provides that we will reasonably promptly recover the amount of erroneously granted or paid incentive-based compensation from the covered executives in the event Carnival Corporation & plc is required to restate its financials due to material non-compliance with any financial reporting requirement under the U.S. federal securities laws. In addition, the Carnival Corporation 2020 Stock Plan (which was approved by shareholders in 2020), the Carnival plc 2024 Share Plan (which was approved by shareholders in 2024) and the Management Incentive Plan used to determine annual bonuses contain clawback provisions, which authorize us to

recover incentive-based compensation granted to Executive Officers as well as non-executives under those plans in the event of a restatement of financial statements due to fraud or misconduct, or in the event of other specified detrimental activity, including a breach of

confidentiality or restrictive covenants, any activity that would be grounds for termination for cause, or maligning denigrating or disparaging Carnival Corporation & plc, their directors or employees.

CORPORATE GOVERNANCE GUIDELINES

Our Corporate Governance Guidelines address various governance issues and principles, including:

- Director qualifications and responsibilities;
- access to management personnel;
- Director compensation;
- Director orientation and continuing education;

- overboarding policy; and
- annual performance evaluations of the Boards, their Committees and individual Directors.

Our Corporate Governance Guidelines are posted on our website at www.carnivalcorp.com and www.carnivalplc.com.

CEO AND EXECUTIVE MANAGEMENT SUCCESSION PLANNING

Our Boards believe that planning for the succession of our CEO and other executive management positions is an important function. In line with our strategy, our global, multi-brand structure enhances our succession planning process and enables us to develop a diverse pipeline of highly capable leaders across brands who embody our culture. At the corporate level, a highly-skilled management team oversees a collection of cruise brands. We continually strive to foster the professional development of executive management and team members.

As a result, Carnival Corporation & plc has developed a very experienced and strong group of leaders, with their performance subject to ongoing monitoring and evaluation, as potential successors to our senior management, including our CEO.

The Boards and the N&G Committees are responsible for effective succession planning, including emergency succession planning, and overseeing a diverse pipeline for succession. The independent Non-Executive Directors meet with our Chair and our CEO (both together and individually) at least annually to plan for the long-term succession of our CEO, including plans in the event of an emergency. During those

sessions, each of our Chair and our CEO discusses his recommendations of potential successors, along with an evaluation and review of any development plans for such individuals. As provided in our Corporate Governance Guidelines, the N&G Committees will, when appropriate, make recommendations to the Boards with respect to potential successors to our CEO. All members of the Boards will work with the N&G Committees to see that qualified candidates are available and that development plans are being utilized to strengthen the skills and qualifications of the internal candidates. When assessing the qualifications of potential successors to our CEO, the Boards and the N&G Committees will take into account our business strategy as well as any other criteria they believe are relevant.

The Boards, in conjunction with our Chair of the Boards and our CEO, oversee succession planning with respect to the Executive Officers and other members of senior management as they determine from time to time. Our Boards discuss plans for the succession to executive management positions in executive sessions, with appropriate input from our executive management.

PROCEDURES REGARDING DIRECTOR CANDIDATES RECOMMENDED BY SHAREHOLDERS

The N&G Committees will consider shareholder recommendations of qualified Director nominees when such recommendations are submitted in accordance with the procedures below. In order to recommend a candidate for consideration by the N&G Committees for election at the 2026 Annual Meetings of Shareholders, a shareholder must provide the same information as is required for shareholders to submit Director nominations under the advance notice provision set forth in Carnival Corporation's By-laws. Specifically, any such recommendation must include, in addition to any other informational requirements specifically set forth in Carnival Corporation's and Carnival plc's governing documents:

- the name and address of the candidate;
- a brief biographical description, including his or her occupation and service on Boards of Directors of any public company or registered investment company for at least the last five years;
- a statement of the particular experience, qualifications, attributes or skills of the candidate,

taking into account the qualification requirements set forth above; and

- the candidate's signed consent to serve as a Director if elected and to be named in the Proxy Statement.

Once we receive the recommendation, we may deliver to the candidate a questionnaire that requests additional information about the candidate's independence, qualifications and other matters that would assist the N&G Committees in evaluating the candidate, as well as certain information that must be disclosed about the candidate in our Proxy Statement or other regulatory filings, if nominated. Candidates must complete and return the questionnaire within the time frame provided to be considered for nomination by the N&G Committees at the Annual Meetings of Shareholders. For our 2026 Annual Meetings of Shareholders, the N&G Committees will consider recommendations received by our Company Secretary at our headquarters no later than September 1, 2025.

COMMUNICATIONS BETWEEN SHAREHOLDERS OR INTERESTED PARTIES AND THE BOARDS

Shareholders or interested parties who wish to communicate with the Boards, the Presiding Director, the Non-Executive Directors as a group or any individual Director should address their communications to:

Carnival Corporation & plc
Attention: Company Secretary
3655 N.W. 87th Avenue
Miami, Florida 33178-2428
United States

The Company Secretary will maintain a log of all such communications, promptly forward to the Presiding Director those which the Company Secretary believes require immediate attention, and also periodically provide the Presiding Director with a summary of all such communications and any responsive actions taken. The Presiding Director will notify the Boards or our Chairs of the relevant Board Committees as to those matters that he believes are appropriate for further action or discussion.

CODE OF BUSINESS CONDUCT AND ETHICS

Carnival Corporation and Carnival plc's Code of Business Conduct and Ethics applies to all employees and members of the Boards of Carnival Corporation and Carnival plc and provides guiding principles

on areas such as identifying and resolving conflicts of interest. Our Code of Business Conduct and Ethics is posted on our website at www.carnivalcorp.com and www.carnivalplc.com.

SECURITIES TRADING POLICY

Our Securities Trading Policy governs the purchase, sale, and other dispositions of Carnival Corporation and Carnival plc securities, including Carnival Corporation common stock and Carnival plc ordinary shares, by our Directors, Executive Officers, employees, their related parties, third parties engaged on our behalf, and Carnival Corporation and Carnival plc, their subsidiaries and certain affiliates.

We believe the Securities Trading Policy is reasonably designed to promote compliance with insider trading laws, rules and regulations in the U.S. and UK, as well as the applicable NYSE listing standards. A copy of the Securities Trading Policy was filed as Exhibit 19 to our 2024 Joint Annual Report on Form 10-K.

Non-Executive Director Compensation

During fiscal 2024, our Non-Executive Directors were entitled to receive an annual cash retainer of \$110,000 per year, equity incentive compensation, as further described below, and reimbursement for travel, meals and accommodation expenses attendant to their Board membership. We do not provide retirement or other benefits to our Non-Executive Directors. Effective in the second quarter of 2024, the Presiding Director received an additional retainer of \$50,000 per annum (\$25,000 in 2023). In addition, each Non-Executive Director who served as Chair or a member of a Board Committee received an additional \$30,000 or \$10,000, respectively, as compensation for such service on each Board Committee. The additional retainer for service as a member of a Board Committee was introduced effective in the second quarter of 2024.

Board members who are employed by us do not receive additional compensation for their services as a member of the Boards of Directors.

The Boards of Directors are committed to attracting and retaining a highly diverse, experienced and capable group of Non-Executive Directors. To that end, the Compensation Committees review non-executive director pay levels and compensation practices of certain other publicly-listed companies

on an annual basis with the assistance of their Compensation consultant to ensure our Non-Executive Director compensation program is competitive. Non-Executive Directors receive payment of their earned retainer in quarterly installments. Annual retainers are prorated so that adjustments can be made during the year. Unearned portions of cash retainers are forfeited upon termination of service.

Non-Executive Directors receive annual restricted share grants under the Carnival Corporation 2020 Stock Plan. The Boards of Directors approved a restricted share grant for each Non-Executive Director re-elected at the 2024 Annual Meetings of Shareholders with a grant value equal to \$195,000. Accordingly, on April 8, 2024 a grant of 12,141 Carnival Corporation restricted shares was made to each Non-Executive Director based on the grant value divided by the average of the closing prices of a Carnival Corporation share over a 10-business day period ending on the date of grant (\$16.06).

The 2024 annual restricted share grants under the Carnival Corporation 2020 Stock Plan are released from restriction in April 2027 (and are not forfeitable provided the Director has served at least a full year). Restricted shares granted have the same rights with respect to dividends and other distributions as all

other outstanding shares of Carnival Corporation common stock. Generally, Non-Executive Directors will receive their annual grants initially upon their appointment or election to the Boards and subsequently at the time of their election or annual re-election to the Boards.

included benchmarking against the peer group companies. Following the review conducted in 2024, the Compensation Committees did not recommend any pay changes to be applied to the 2025-2026 Board year.

(1) Represents the grant date fair value, assuming no risk of forfeiture, of the grants of Carnival Corporation restricted shares made in fiscal 2024, calculated in accordance with Accounting Standards Codification Topic 718, "Stock Compensation" ("ASC 718"). In April 8, 2024, each of the Non-Executive Directors received a grant of 12,141 restricted shares based on the average of the closing prices of a share of Carnival Corporation common stock over a 10-business day period ending the date of grant (\$16.06); however, ASC 718 requires us to use the grant date closing price of a share of Carnival Corporation common stock (\$15.66) for purposes of disclosing the grant date value of restricted share grants in this table. The restrictions on the shares granted in 2024 lapse on April 21, 2027. The restrictions on the shares granted to Non-Executive Directors also lapse upon the death or disability of the Director and are not forfeited if a Director ceases to be a Director for any other reason after having served as a Director for at least one year. All of the Non-Executive Directors who received grants served for all of fiscal 2024.

(2) None of the Directors hold stock options. The aggregate number of Carnival Corporation and Carnival plc restricted shares held at November 30, 2024 were as follows:

The total value of benefits received by each Non-Executive Director was less than \$10,000.

NON-EXECUTIVE DIRECTOR POLICIES

The following policies also apply to our Non-Executive Directors:

- STOCK OWNERSHIP POLICY.** The stock ownership policy for Non-Executive Directors provides that all Non-Executive Directors are required to own shares (inclusive of unvested restricted shares, restricted stock units (“RSUs”) and shares in a trust beneficially owned by a Director) of either Carnival Corporation common stock or Carnival plc ordinary shares with a value equal to five times the cash retainer. New Directors must achieve this requirement no later than five years from the date of their initial appointment or election to the Boards by the shareholders. The stock ownership policy for Non-Executive Directors provides that a Non-Executive Director will be deemed to be in compliance with the ownership requirements if the decline in the Carnival Corporation or Carnival plc share price results in the Non-Executive Director falling below the applicable ownership level, provided that they were in compliance prior to the share price movement and do not sell or transfer ownership of any such shares until after the ownership target has again been achieved, unless otherwise approved by the Boards of Directors. Each of the Non-Executive Directors who served in fiscal 2024 was in compliance with this Board-mandated requirement or still in their initial five-year accumulation period.
- PRODUCT FAMILIARIZATION.** All Non-Executive Directors are encouraged to take cruises for purposes of product familiarization. Non-Executive Directors pay a fare of \$70 per person per day for the first 14 days per year of any such cruises (or \$150 per day in the case of Seabourn) and pay a fare of \$200 per person per day for the next 30 days per year of any such cruises, plus taxes, fees and port expenses in each case. Beyond the first 44 days per year, Non-Executive Directors are eligible for smaller discounts. All other charges associated with a cruise (e.g., air, ground transfers, gratuities, tours and fuel supplements, if any) are the responsibility of the Non-Executive Director.

CARNIVAL PLC NON-EXECUTIVE DIRECTOR COMPENSATION

Additional information with respect to Carnival plc's compensation and reimbursement practices during fiscal 2024 for Non-Executive Directors is included

in Part II of the Carnival plc Directors' Remuneration Report, which is attached as Annex B to this Proxy Statement.

Related Person Transactions

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

Consistent with our written policies and procedures, it is our practice to review all relationships and transactions in which Carnival Corporation or Carnival plc is a participant and in which our Directors, nominees and Executive Officers and their immediate family members and any five percent beneficial holders have an interest in order to determine whether such related persons have a direct or indirect material interest. Our Global Legal Services and Global Accounting and Reporting Services Departments are primarily responsible for the development and implementation of processes and controls to obtain information from the Directors, nominees and Executive Officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions exceeding \$120,000 in which Carnival Corporation & plc was or is to be a participant and a related person had or will have a direct or indirect material interest are disclosed in this Proxy Statement. The Directors are also mindful of their obligations under the Companies Act, the UK Listing Rules and Disclosure Guidance and Transparency Rules of the UK Financial Conduct Authority (the "FCA") with respect to related parties transactions.

In addition, in accordance with our Schedule of Matters Reserved to the Boards and their Committees

for their Decision, the Boards review and approve or ratify any related person transaction with an aggregate value in excess of \$100,000 in which a Director, an Executive Officer, or any of their immediate family members, has a direct or indirect material interest.

In the course of their review and approval or ratification of a related person transaction, the Boards may consider factors as follows:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related person;
- the importance of the transaction to Carnival Corporation & plc;
- whether the transaction would impair the judgment of a Director or Executive Officer to act in our best interest; and
- any other matters the Boards deem appropriate.

Any member of the Boards who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction, provided, however, that such Director may be counted in determining the presence of a quorum at a meeting of the Boards that considers the transaction.

TRANSACTIONS WITH RELATED PERSONS

TRANSACTIONS WITH MICKY ARISON

Micky Arison, our Chair, is also the Chair, President and the indirect majority shareholder of FBA II, Inc., the general partner of Miami Heat Limited Partnership (“MHLP”), the owner of the Miami Heat, a professional basketball team. He is also the indirect shareholder of Basketball Properties, Inc., the general partner of Basketball Properties, Ltd. (“BPL”), which is the manager and operator of the Kaseya Center. In July 2021, Carnival Cruise Line entered into an amendment of the advertising and promotion agreement between Carnival Cruise Line, MHLP and BPL which extended the terms of the agreement through 2025. In October 2023, Carnival Cruise Line, MHLP and BPL executed an amendment to the advertising and promotion agreement which granted Carnival Cruise Line the right to feature a logo patch on Miami Heat player jerseys for one year for an additional \$2 million. Pursuant to this agreement, as amended, Carnival Cruise Line paid \$1,257,000 during fiscal 2024.

In August 2015, Carnival Corporation entered into a nonexclusive Aircraft Lease Agreement with an owner trustee under a trust agreement with Ad Astra I, LLC (the “Lease Agreement”); and in August 2020, Carnival Corporation entered into a Services Agreement with Nickel Cayman Management, LLC (the “Services Agreement” and together with the Lease Agreement, the “Aircraft Agreements”). In March 2021, the Lease Agreement and the Services Agreement were amended to adjust the rental rate and aircraft management fee to account for substantially all flight department overhead being borne by Nickel Cayman Management, LLC following Carnival Corporation’s disposal of its own aircraft in December 2020.

Under the terms of the amended Lease Agreement, Carnival Corporation leases an aircraft beneficially

owned by Ad Astra I, LLC from time-to-time in exchange for an hourly rent of \$7,920 plus applicable taxes, which is based on market charter rates for similar aircraft as adjusted for costs of operations borne by Carnival Corporation (i.e., fuel and line maintenance during its operation of the aircraft) and hourly service plan expenses.

Under the terms of the amended Services Agreement, Carnival Corporation provides aircraft management services to Nickel Cayman Management, LLC with respect to the aircraft, including overseeing its operation, maintenance and staffing, and is paid an annual fee of \$162,000 (which is based on market rates for similar arrangements) (the “Service Fee”). In addition, Carnival Corporation is reimbursed for operating, maintenance and personnel costs and related third party costs incurred in connection with the services (“Service Costs”). The terms of the Aircraft Agreements are for one year and they renew automatically for one-year periods, unless terminated sooner by either party upon 30 days’ written notice.

During fiscal 2024, Carnival Corporation billed Ad Astra I, LLC for \$1,048,000 under the Lease Agreement, and Nickel Cayman Management, LLC paid Carnival Corporation \$162,000 as the Service Fee and reimbursed Carnival Corporation \$2,280,000 for the Service Costs.

Each of Ad Astra I, LLC and Nickel Cayman Management, LLC are companies directly or indirectly controlled by a trust of which Mr. Arison is a beneficiary. As one of the beneficiaries of the trust, Mr. Arison benefits from payments to Ad Astra I, LLC under the Lease Agreement in whole or in part. Mr. Arison is also an officer of Nickel Cayman Management, LLC.

The Boards have reviewed and approved or ratified these transactions.

Share Ownership

Share Ownership of Certain Beneficial Owners and Management

DIRECTORS AND EXECUTIVE OFFICERS

Set forth below is information concerning the share ownership as of January 13, 2025 of:

- each of our Directors and Director nominees;
- each individual named in the “Summary Compensation Table” which appears elsewhere in this Proxy Statement; and
- all Directors and Executive Officers as a group.

The number of shares beneficially owned by each entity, person, Director, Director nominee or Executive

Officer is determined under SEC rules, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the individual has the sole or shared voting power or investment power and also any shares that the individual would have the right to acquire as of March 14, 2025 (being 60 days after January 13, 2025) through the vesting of RSUs.

* As part of the establishment of the DLC arrangement, Carnival plc issued a special voting share to Carnival Corporation, which transferred such share to the trustee of the P&O Princess Special Voting Trust (the “Trust”), a trust established under the laws of the Cayman Islands. Trust shares of beneficial interest in the Trust were transferred to Carnival Corporation. The trust shares represent a beneficial interest in the Carnival plc special voting share. Immediately following the transfer, Carnival Corporation distributed such trust shares by way of a dividend to holders of shares of Carnival Corporation common stock. Under a pairing agreement, the trust shares of beneficial interest in the Trust are paired with, and evidenced by, certificates representing

shares of Carnival Corporation common stock on a one-for-one basis. In addition, under the pairing agreement, when a share of Carnival Corporation common stock is issued to a person after the implementation of the DLC arrangement, a paired trust share will be issued at the same time to such person. Each share of Carnival Corporation common stock and the paired trust share may not be transferred separately. The Carnival Corporation common stock and the trust shares (including the beneficial interest in the Carnival plc special voting share) are listed and trade together on the New York Stock Exchange under the ticker symbol “CCL.” Accordingly, each holder of Carnival Corporation common stock is also deemed to be the beneficial owner of an equivalent number of trust shares.

** As a result of the DLC arrangement, on most matters that affect all of the shareholders of Carnival Corporation and Carnival plc, the shareholders of both companies effectively vote together as a single decision-making body. Combined voting is accomplished through the special voting shares that have been issued by each company.

PROPOSAL 12

Advisory (Non-Binding) Vote to Approve Executive Compensation

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and pursuant to Section 14A of the Exchange Act, our shareholders are being provided with the opportunity to cast an advisory (non-binding) vote to approve our executive compensation. We refer to this vote as the “say-on-pay” vote. Although this vote is advisory and is not binding on the Boards, the Compensation Committees will take into account the outcome of the vote when considering future executive compensation decisions.

The “say-on-pay” vote is required to be offered to our shareholders at least once every three years. In 2023, our Boards recommended that we provide shareholders with the opportunity to cast their “say-on-pay” vote each year and our shareholders agreed. If we maintain our current frequency, the next “say-on-pay” vote is expected to occur at the 2026 Annual Meetings of Shareholders.

The Boards are committed to corporate governance best practices and recognize the significant interest of shareholders in executive compensation matters. The Compensation Committees seek to balance short-term and long-term compensation opportunities to enable Carnival Corporation and Carnival plc to meet short-term objectives while continuing to produce value for their shareholders over the long-term. They also promote a compensation program designed to attract, motivate and retain key executives. As discussed in the Compensation Discussion and Analysis, the Compensation Committees believe that our current executive compensation program directly links executive compensation to our performance and

aligns the interests of our Named Executive Officers with those of our shareholders. For example:

- ✓ Our compensation philosophy places more emphasis on variable elements of compensation (such as annual bonuses and equity-based compensation) than fixed remuneration.
- ✓ In accordance with the Compensation Committees’ focus on long-term shareholder returns, the Compensation Committees approved performance-based share grants and incentive programs for our Named Executive Officers which vest based upon the extent to which certain pre-grant performance criteria are attained.
- ✓ To further promote long-term shareholder alignment, we require our Named Executive Officers to meet and maintain stock ownership requirements.
- ✓ The Compensation Committees review the position of each element of total direct compensation relative to the competitive market and use the range of total direct compensation levels in the competitive market to assess the extent to which the compensation provided to our Named Executive Officers is generally consistent with that offered by the competitive market to their Named Executive Officers.
- ✓ Carnival Corporation and Carnival plc does not offer U.S. executives excise tax gross-up protections.

We encourage you to read our Compensation Discussion and Analysis contained within this Proxy

Statement for a more detailed discussion of our compensation policies and procedures.

Our shareholders have the opportunity to vote for or against, or to abstain from voting on, the following resolution:

“RESOLVED, that the shareholders approve the compensation of our Named Executive Officers as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this Proxy Statement).”

The Boards of Directors unanimously recommend a vote FOR the approval of the compensation of our Named Executive Officers as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this Proxy Statement).

PROPOSAL 13

Advisory (Non-Binding) Vote to Approve the Carnival plc Directors' Remuneration Report (other than the section containing the Carnival plc Directors' Remuneration Policy)

In accordance with Section 439 of the Companies Act and Schedule 8 of the Large and Medium Sized Companies and Groups (Accounts and Reports) Regulations 2008, as amended (the “LMCG Regulations”), shareholders are voting to approve the Carnival plc Directors' Remuneration Report. The Carnival plc Directors' Remuneration Report is in two parts. Part I also constitutes the Compensation Discussion and Analysis as required by regulations promulgated by the SEC and includes information that Carnival plc is required to disclose in accordance with the LMCG Regulations. Part II of the Carnival plc Directors' Remuneration Report is set forth as Annex B to this Proxy Statement and includes the additional information that Carnival plc is required to disclose in accordance with the LMCG Regulations, including certain information which has been audited for the purposes of the Carnival plc Annual Report.

Other than the Carnival plc Directors' Remuneration Policy set out in Section 3 of Part II of the Carnival plc Directors' Remuneration Report (as to which, please see Proposal 14), UK law only requires an advisory vote on the substance and content of the Carnival plc Directors' Remuneration Report. Accordingly, disapproval of this Proposal 13 will not require us to amend the Carnival plc Directors' Remuneration Report or require any Director to repay any amount. No entitlement of a Director is conditional on the approval of this Proposal 13. However, the Boards and Compensation Committees are expected to take into account both the voting result and the views of our shareholders in their application, development and implementation of compensation policies and plans.

The Boards of Directors unanimously recommend a vote FOR the approval of the Carnival plc Directors' Remuneration Report.

PROPOSAL 14

Approval of the Carnival plc Directors' Remuneration Policy set out in Section 3 of Part II of the Carnival plc Directors' Remuneration Report

In accordance with Section 439A of the Companies Act and Schedule 8 of the LMCg Regulations, shareholders are voting to approve the Carnival plc Directors' Remuneration Policy (the "Policy") set out in Section 3 of Part II of the Carnival plc Directors' Remuneration Report. This is a binding vote and is required to be put to shareholders at least once every three years. The last Policy was approved in April 2023. The Compensation Committees are proposing to renew the Policy at the 2025 Annual Shareholders' Meetings to facilitate changes set out in Section 3.1 (primarily to permit us to enter into service agreements with Executive Directors, increase the retainer cap for Non-Executive Directors, allow for grants of unrestricted stock to Non-Executive Directors, and to facilitate certain other minor changes). The Policy has consciously been drafted broadly to give the Compensation Committees sufficient flexibility to act in the interests of Carnival Corporation and Carnival plc and their shareholders as, under the UK legislative requirements, payments may not be made to Directors outside of an agreed policy. If approved, the Policy will take effect immediately following its approval at the 2025 Annual

Shareholder Meetings and will apply until it is replaced by a new or amended policy.

Upon the Policy becoming effective on the date of shareholder approval, remuneration payments to Directors of Carnival plc (including former or proposed Directors) and payments for loss of office to a Director of Carnival plc (including a former or a proposed Director) will need to be consistent with the approved Policy unless our shareholders approve an amendment to the Policy by an ordinary resolution, unless the payment (i) is required to be made as part of a legal obligation entered into before June 27, 2012 and such obligation has not been amended or renewed since, (ii) was agreed at a time where a previous policy, approved by shareholders, was in place provided the payment is in line with the terms of that policy, or (iii) was agreed at a time when the relevant individual was not a Director of Carnival plc and the payment was not in consideration for the individual becoming a Director of Carnival plc. Section 3 of Part II of the Carnival plc Directors' Remuneration Report sets out the Policy for the next and subsequent fiscal years and other details required by the LMCg Regulations and the UK Corporate Governance Code.

The Boards of Directors unanimously recommend a vote FOR the approval of the Carnival plc Directors' Remuneration Policy.

LETTER FROM THE CHAIR OF OUR COMPENSATION COMMITTEES

Fellow Shareholders,

Each year, the Compensation Committees conduct the important task of evaluating the design of our executive compensation programs to ensure they continually drive performance against important business priorities and align with the interests of our shareholders. The Compensation Committees are deeply focused on ensuring our compensation programs reflect our pay-for-performance philosophy.

Our 2024 executive compensation program is largely consistent with the 2023 program, with no major changes made to the compensation of our Named Executive Officers. The program continues to reflect a predominantly at-risk, quantitative performance-based structure. In consideration of shareholder feedback that informed the changes last

year, the program embraces a simplified long-term incentive structure consisting of a performance-based element to incentivize strong performance as well as a time-based equity element to support our retention goals. For our performance-based programs, our Compensation Committees established challenging performance goals to drive financial and operational success for the year and over a longer-term horizon.

The modest changes effective in fiscal 2024 are the previously disclosed discontinuation of the profit-sharing contribution and increases to the target compensation of our Named Executive Officers. The increases took into consideration the impact of discontinuing the profit-share contribution on the

Compensation

competitiveness of total compensation levels relative to the market, and a commitment to position target pay against peers nearer to median.

Guided by our executive leadership team, fiscal 2024 was a record year for us. Financial performance in 2024 was very strong with revenues at an all-time high and significant overperformance relative to our initial guidance, all while delivering unforgettable experiences to the 13.5 million guests who joined us last year.

The compensation determinations for our Named Executive Officers reflect our overall strong performance. Our Annual Bonus will pay out at

187.2 percent of target. In addition, our Earnings Recovery Alignment ("ERA") program will pay out at 150 percent. This one-time, long-term incentive program was put in place in early 2022 to encourage a return to pre-pandemic levels of service and to retain key talent through a difficult period for our company. The maximum payout on the ERA program reflects the strength of our recovery and the positive results of the past few years.

On behalf of the Compensation Committees, we appreciate the input our shareholders have provided and look forward to our continued dialogue over the coming year. Thank you for your investment in Carnival Corporation & plc.

Sincerely,

HOW WE ADDRESS UK AND U.S. COMPENSATION DISCLOSURE REQUIREMENTS

Carnival Corporation and Carnival plc are separate legal entities (together referred to in this Report as “Carnival Corporation & plc”) and each company has its own Board of Directors and Compensation Committee. However, as is required by the agreements governing the DLC arrangement, the Boards of Directors and members of the Committees of the Boards, including the Compensation Committees, are identical and there is a single senior management team.

Carnival Corporation and Carnival plc are subject to disclosure regimes in the U.S. and UK. While some of the disclosure requirements are the same or similar, some are very different. As a result, the Carnival plc Directors’ Remuneration Report is in two parts. The information contained in this Part I constitutes the Compensation Discussion and Analysis as required by regulations promulgated by the SEC and includes information that Carnival plc is required to disclose in accordance with Schedule 8 of the LMCG Regulations.

Part II of the Carnival plc Directors’ Remuneration Report, set forth as Annex B to this Proxy Statement, includes the additional information that Carnival plc is required to disclose in accordance with the LMCG Regulations, including certain information that has been audited for the purposes of the Carnival plc Annual Report.

Parts I and II of the Carnival plc Directors’ Remuneration Report are in compliance with the LMCG Regulations, the UK Corporate Governance Code, the Companies Act and the UK Listing Rules of the FCA. Both Parts I and II form part of the Carnival plc Annual Report for the year ended November 30, 2024.

Pursuant to rules promulgated by the SEC and the LMCG Regulations, this Compensation Discussion and Analysis reviews the compensation of the following Named Executive Officers of Carnival Corporation & plc:

JOSH WEINSTEIN

President, CEO
and Chief Climate Officer

DAVID BERNSTEIN

Chief Financial Officer and
Chief Accounting Officer

WILLIAM BURKE

Chief Maritime Officer

BETTINA DEYNES

EXECUTIVE SUMMARY

OUR COMPENSATION PHILOSOPHY

Aligning Compensation with Our Purpose & Mission and Values

Our executive compensation program is designed to reward financial results, successful delivery of our long-term strategy and effective strategic leadership, all in a manner consistent with our purpose & mission and values. We use both short-term rewards and long-term incentives to promote alignment of the financial interests of our Executive Officers with our shareholders. We endeavor to align our compensation program and underlying performance measures with the interests of our shareholders and senior executives by linking actual pay to operating performance, environment, safety and security, sustainability initiatives and shareholder interests. We also seek to provide a total direct compensation package (salary, bonus and equity grants) that allows us to be competitive in the labor markets where we compete for executive talent, adjusted as necessary to take into consideration factors including the relevant senior executive's performance, experience and responsibilities. As part of our pay philosophy for 2025, we will aim to set target compensation for our Named Executive Officers at a more competitive level and closer to the peer group median compensation levels.

Considering U.S. and UK Market Approaches

All of the Named Executive Officers who are currently employed by us are located in the U.S. As a global

entity, we strive to implement a consistent set of compensation principles across geographic and operating company units that satisfy the requirements of all jurisdictions and local market demands while also accounting for local market norms and practices. Since our current Executive Officers are based in the U.S., our compensation policies primarily reflect U.S. market practices. However, the Compensation Committees seek to incorporate UK compensation principles, including those contained in the UK Corporate Governance Code, to the degree practicable.

Emphasizing At-Risk Pay

Our compensation philosophy emphasizes at-risk incentive pay to drive a pay-for-performance culture. This compensation philosophy extends beyond our Named Executive Officers to include other key executives, reflecting the Compensation Committees' commitment to aligning compensation with the success of Carnival Corporation & plc.

As disclosed in greater detail in the sections that follow, our 2024 programs remained predominantly quantitative performance-based, aligning with our compensation philosophy and responsive to feedback we received from our investors. The Compensation Committees did not exercise discretion in certifying 2024 results.

2024 BUSINESS AND PERFORMANCE HIGHLIGHTS

A Record Year

Our business ended fiscal 2024 on a high note, with an incredibly strong finish to a record-breaking year. During fiscal 2024, we delivered:

- all-time high full-year revenues of \$25 billion, an increase of more than 15 percent from the prior year and outperforming our initial 2024 guidance by \$700 million;
- cash from operations of \$5.9 billion, making a significant contribution toward enhancing our financial strength;
- operating income of \$3.6 billion, more than 80 percent higher than the prior year; and
- outperformance of our initial 2024 revenue guidance by \$700 million with \$2 billion more delivered to the bottom line.

Continued Sustainability Progress

We continue to work towards our GHG emission reduction goals and ambitions through innovative projects aligned with our four-part emission reduction strategy: fleet optimization; energy efficiency; itinerary efficiency; and new technologies & alternative fuels. In 2024, we:

- reduced absolute GHG emissions by approximately 11 percent as compared to the peak year of 2011, despite capacity growth of nearly 37 percent over the same period;

- reached 85 percent of our GHG emission intensity goal, on track to achieve a more than 20 percent reduction by the end of 2026 compared to 2019; and
- delivered a 44 percent reduction in food waste per person relative to our 2019 baseline, surpassing our interim goal one year ahead of schedule and approaching our 2030 goal to reduce food waste by 50 percent.

2024 COMPENSATION OVERVIEW

Summary of Fiscal 2024 Named Executive Officer Compensation

Our fiscal 2024 executive compensation program continues to be predominantly quantitative. Consistent with our compensation philosophy and in response to investor feedback, our 2024 program continues to be significantly weighted towards quantitative performance-based elements, with the Management Incentive Plan ("MIP") annual cash bonus and the long-term performance-based restricted stock unit ("PBS") grant being fully at-risk and based on pre-established quantitative measures. We also continued the time-based long-term restricted stock unit ("TBS") incentive to support retention objectives. The Compensation Committees strongly believe that this compensation and incentive structure creates the proper level of alignment between our performance and our long-term interests, and the interests of our shareholders and other stakeholders while also balancing the need to drive measured, well-informed, and long-term focused decision-making by senior leadership.

Our 2024 compensation program includes:

- **Performance metrics for our 2024 annual cash bonus** delivered through our MIP focus on **Adjusted**

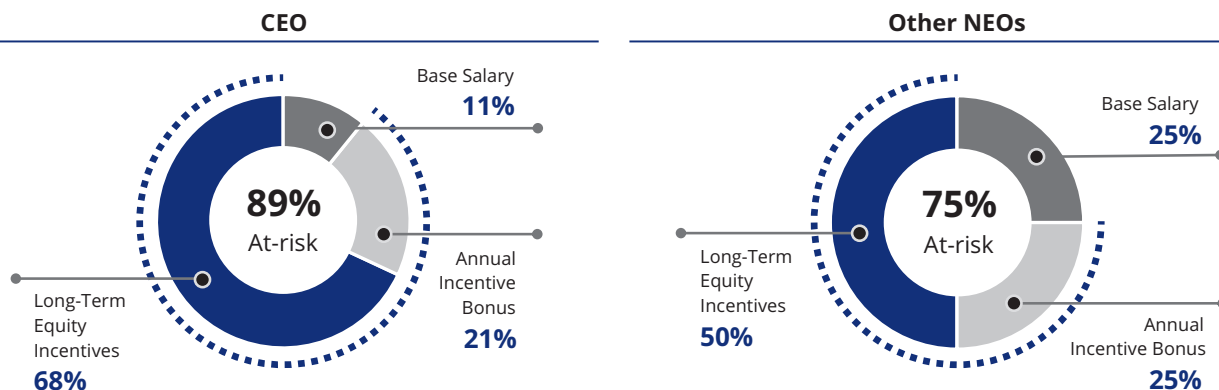

Operating Income (80%) as the primary performance measure with the remainder focused on **critical environmental and safety initiatives** (20%). The specific goals and metrics for the MIP annual cash bonus were established and approved by the Compensation Committees at the beginning of this measurement period, as described in more detail below.

- **Structure of our 2024 equity-based incentive program:**
 - PBS (performance-based share) grants, weighted at 70%, designed to support our return to profitable growth by measuring adjusted Earnings Before Interest and Taxes, Depreciation and Amortization ("EBITDA") per adjusted lower berth days ("ALBD"), adjusted ROIC and carbon intensity reductions for fiscal years 2024, 2025 and 2026.
 - TBS (time-based share) grants, weighted at 30%, to support our retention objectives by providing for annual vesting over a three-year period subject to continued employment.

SUMMARY OF OUR 2024 DECISIONS

The Compensation Committees make decisions regarding Named Executive Officer total compensation (base salary, annual bonus objectives and payments and annual equity grants) in connection with our annual performance review process. The table below summarizes the Compensation Committees' decisions for fiscal 2024.

Factors That Guided Compensation Decisions	<ul style="list-style-type: none"> • Our compensation philosophy, as well as our policies, practices and objectives. • Degree of achievement of key strategic financial and operational goals for fiscal 2024. • Advice of an independent compensation consultant. • Shareholder input. • Market pay practices. • The impact of any individual compensation element on the other elements and on total compensation.
Fiscal 2024 Compensation Program Changes	<p>We have committed to an updated compensation philosophy, which also applies to the compensation of our Named Executive Officers. Historically, our approach to compensation was to set base salaries below the market median and include incentive programs with opportunities for meaningful payout, ensuring the entire compensation package remained competitive. Under our updated approach, we are shifting base salaries to be closer to market median, thereby creating a more level compensation program for our executives.</p> <p>In line with this shift in philosophy, we will make phased adjustments to our Named Executive Officers' base salaries to bring them in line with the market median, based on our review of our peer group and compensation survey data.</p>

<p>Key Fiscal 2024 Compensation Decisions</p>	<p>Base Salary Decisions For fiscal 2024, the Compensation Committees approved increases to base salary for all Named Executive Officers in keeping with our updated philosophy to provide competitive pay that aligns with broader market benchmarking. In addition, these increases included adjustment for the discontinuation of profit share participation under the Carnival Corporation Fun Ship Non-Qualified Savings Plan. The base salary increases ranged from two to 15 percent.</p> <p>Annual Cash Bonus For fiscal 2024, the Compensation Committees approved increases to the bonus targets for all Named Executive Officers in keeping with our compensation philosophy and to adjust for the discontinuation of the profit share participation under the Carnival Corporation Fun Ship Non-Qualified Savings Plan. The primary performance metric for the bonus was Adjusted Operating Income, with the balance of performance metrics focused on performance of environmental and safety initiatives. Due to our strong financial performance, the Named Executive Officers earned a 200 percent payout under the Adjusted Operating Income goal, and a 136 percent payout on the environmental and safety initiatives goal, resulting in a final, weighted payout of 187.2 percent</p> <p>Equity Grant Decisions For fiscal 2024, the Compensation Committees approved increases to equity targets for all Named Executive Officers in connection with a review of their roles and responsibilities and market data for comparable roles. The equity-based program remained majority performance-based with a focus on key profitability and carbon reduction measures, with a time-based component included to support our retention objectives.</p> <p>Earnings Recovery Alignment (“ERA”) Performance Incentive Program Decisions The ERA program is a performance-based cash incentive established in early 2022 as a broad-based, one-time incentive to key employees across the business, including our Named Executive Officers. The ERA was designed to focus on business recovery and to promote retention during our challenging post-pandemic return to service. The primary program metric was adjusted EBITDA per ALBD for the end of fiscal 2024, considered as a percentage of fiscal 2019 adjusted EBITDA per ALBD. This metric was chosen to incentivize a return to pre-pandemic levels of service at a time of great uncertainty about the future of our business and to promote retention of key talent at a very competitive time.</p> <p>Adjusted EBITDA per ALBD in fiscal 2024 was 129 percent of fiscal 2019, reflecting our strong performance this year and our strong recovery from the pandemic overall. Due to significant overachievement of the program, the ERA will pay out at 150 percent overall.</p>

PROCESS FOR MAKING COMPENSATION DETERMINATIONS

ADDITIONAL CONTEXT FOR 2024 DECISIONS

In fiscal 2024, the Compensation Committees continued to consult with their independent consultants and management on matters such as compensation planning, staffing levels, and retention incentives with the goals of supporting employees, attracting necessary personnel, and recognizing the strong performance of management and the workforce over the year. The Compensation Committees took into consideration business needs and the impact of decisions on employees and shareholders. The Compensation Committees exercised independent judgment when consulting with or receiving advice from management, Executive Directors, or compensation consultants.

After the fiscal year was completed, our CEO and our Chair of the Boards of Directors reviewed with the

Compensation Committees the results of those initiatives, progress towards goals, and other material items relating to overall Carnival Corporation & plc performance. Our CEO reviewed the annual competitive market analysis provided by the independent consultant, as well as individual performance of each Named Executive Officer and the results of the group of brands or company-wide results, as appropriate, and provided the Compensation Committees with recommended total target compensation levels for each Named Executive Officer, except for his own. The compensation for our Named Executive Officers was then determined by the Compensation Committees using their discretion to evaluate the individual performance of our Named Executive Officers and the overall performance of Carnival Corporation & plc.

IMPACT OF REGULATORY REQUIREMENTS ON COMPENSATION

In making determinations regarding executive compensation, the Compensation Committees consider relevant issues relating to accounting treatment, tax treatment (both company and individual), and regulatory requirements. The global nature of Carnival Corporation & plc's operations necessarily means that monitoring these technical issues and considering their potential impact on the

appropriate design and operation of executive remuneration programs is an increasingly complex exercise. Technical issues are evaluated in light of Carnival Corporation & plc's philosophy and objectives for executive compensation and their corporate governance principles, as described earlier in this Compensation Discussion and Analysis.

INDEPENDENT COMPENSATION CONSULTANTS

The Compensation Committees have engaged FW Cook (together with its UK affiliated firm, FIT Remuneration Consultants LLP ("FIT")) to assist in their annual review of our executive and Director compensation programs. The Compensation Committees believe that FW Cook and FIT provided objective advice to the Compensation Committees. FW Cook and FIT provide no other services to Carnival Corporation & plc and have no other connections with Carnival Corporation & plc or individual Directors.

During fiscal 2024, a consultant from FW Cook attended meetings of the Compensation Committees

and provided FW Cook's views on proposed actions by the Compensation Committees.

In accordance with New York Stock Exchange listing rules relating to compensation consultant independence, the Compensation Committees have determined that FW Cook and FIT and their consultants are independent after taking into consideration the factors set forth in the listing rules. Pursuant to the foregoing factors, the Compensation Committees have determined that FW Cook's and FIT's work raised no conflicts of interest.

RISK CONSIDERATIONS

The Compensation Committees evaluate the compensation program for potential risks. The Compensation Committees have concluded that the incentive structure for senior management does not encourage behaviors that would create material adverse risk for Carnival Corporation & plc, and that

risks arising from Carnival Corporation & plc's compensation policies and practices for their workforce are not reasonably likely to have a material adverse effect on Carnival Corporation & plc. Please refer to the "Compensation Risk Assessment" section for additional information.

ROLE OF SHAREHOLDER ENGAGEMENT IN OUR EXECUTIVE COMPENSATION PROGRAM

Shareholder engagement is an important source of feedback for our Compensation Committees on our executive compensation program.

During fiscal 2024, we have continued to engage with shareholders to seek feedback on our compensation program, and to incorporate that feedback in our compensation discussions. We engaged with a significant number of our shareholders throughout the year. Our Presiding Director and Senior Independent Director (who is also the Chair of our Compensation Committees) participated in select meetings to discuss our compensation program.

The feedback we received throughout fiscal 2024 indicated to us that shareholders were pleased with the 2023 program structure as described in our 2024 Proxy Statement. As a result, the Compensation Committees maintained the quantitative and performance-based structure of our executive compensation program for fiscal 2024 and did not make any changes to the executive compensation program as a result of the 2024 "say-on-pay" vote. The Compensation Committees have and will continue to consider shareholder input as well as results from the annual shareholder advisory votes, including the next vote in April 2025, when reviewing executive compensation programs and policies.

NAMED EXECUTIVE OFFICER COMPENSATION DESIGN, ELEMENTS AND PAY MIX

The compensation elements for our Named Executive Officers consist of:

- base salary;
- annual cash bonus;
- equity-based incentive compensation; and
- limited perquisites.

In determining the amount of any particular compensation element, the Compensation

Committees consider the impact of such element on total compensation (and thus, each element affects the amount paid in respect of other elements of compensation). For example, the Compensation Committees consider the amount of the base salary and annual bonus that may be earned by a Named Executive Officer when making an equity grant.

2024 COMPENSATION RECOMMENDATIONS AND RATIONALE

BASE SALARIES

Base salaries are intended to provide a level of fixed compensation that is reflective of each Named Executive Officer's level of responsibility. Base salaries of our Named Executive Officers for fiscal 2024 are reported in the "Summary Compensation Table." The Compensation Committees annually review each Named Executive Officer's performance and may increase the base salary of a Named Executive Officer at their discretion if merited by performance, responsibilities, or other market factors necessary to attract and retain our executives.

For fiscal 2024, the Compensation Committees approved increases to base salary for all Named Executive Officers effective March 1, 2024, in keeping with our philosophy to provide competitive pay that aligns with broader market benchmarking and to

adjust for the discontinuation of profit share participation under the Carnival Corporation Fun Ship Non-Qualified Savings Plan. The latter adjustment was disclosed in our 2024 Proxy Statement and is also described in the "Nonqualified Deferred Compensation in Fiscal 2024" section of this Proxy Statement. In 2024, we changed our annual pay cycle for all global shoreside employees, including the Named Executive Officers, from December 1 to March 1. All affected employees, including the Named Executive Officers, received a one-time salary adjustment payment to bridge the gap created by the shift to a later base salary review cycle compared to prior years. Following these adjustments, all Named Executive Officer base salaries are nearer to, but still lower than, market median (based on the review of our peer group and compensation survey data).

Name	2023 Base Salary (\$)	2024 Base Salary (effective March 1, 2024) (\$)
Josh Weinstein	1,250,000	1,400,000
David Bernstein	850,000	960,000
William Burke	700,000	715,000
Bettina Deynes	425,000	490,000
Enrique Miguez	600,000	675,000

ANNUAL BONUSES

Annual cash bonuses for our Named Executive Officers are determined in accordance with the Carnival Corporation & plc MIP. The MIP is designed to focus the attention of our executives on achieving

strong performance results against key business priorities and is a core component of our compensation program that supports our pay for performance philosophy.

For fiscal 2024, the Compensation Committees approved increases to the bonus targets for all Named Executive Officers in keeping with our philosophy to provide competitive pay that aligns with broader market benchmarking and to adjust for discontinuation of profit share participation under the Carnival Corporation Fun Ship Non-Qualified Savings Plan. The latter adjustment was disclosed in our 2024 Proxy Statement and is also described in the “Nonqualified Deferred Compensation in Fiscal 2024” section of this Proxy Statement. All Named Executive Officer target bonuses bring their total compensation nearer to, but still lower than, market median following this increase (based on the review of our peer group data).

The target opportunities for fiscal 2024 for our Named Executive Officers are shown below. Actual payouts may range from 0% to 200% of the target bonus opportunity based on actual performance of our company.

Name	2023 Target Bonus (\$)	2024 Target Bonus (\$)
Josh Weinstein	2,500,000	2,800,000
David Bernstein	1,200,000	1,350,000
William Burke	500,000	600,000
Bettina Deynes	300,000	375,000
Enrique Miguez	450,000	505,000

MIP Annual Cash Bonus for 2024

The 2024 MIP program approved by the Compensation Committees features quantifiable, preset annual performance metrics based on financial, operating, environmental sustainability and ethics and compliance goals tied to profitability and sustainable growth. For 2024, as we continued our strategic focus on profitability, the Compensation Committees approved the primary MIP performance metric of Adjusted Operating Income, with the balance of

performance metrics focused on performance of environmental and safety initiatives, as described in more detail below. Additionally, as part of their personal annual appraisal, all Executive Officers are evaluated on performance against our stated core values, or “Culture Essentials.” For additional information on our Culture Essentials, please refer to the Carnival plc Corporate Governance Report (attached as Annex C) under “Workforce Engagement.”

Summary of MIP Annual Cash Bonus Design for 2024

The Compensation Committees approved performance metrics based entirely on preset targets that emphasize profitability and continued focus on key strategic environmental and safety objectives:

Metric	Weight
Adjusted Operating Income	80%
HESS	20%
<ul style="list-style-type: none"> • Safe and Compliant Ships • Safe and Healthy Passengers and Crew • Protecting the Environment 	

2024 MIP Performance Metrics and Targets (Audited)

Our 2024 MIP annual cash bonus design includes quantitative performance metrics addressing our key business priorities of profitability, health, environmental performance, compliance and safety.

The following table is a summary of the performance goals used to determine the level of achievement associated with the adjusted Operating Income

performance measure, as well as the actual results and payout. The adjusted Operating Income performance goals required meaningful growth over fiscal 2023 adjusted Operating Income¹ of \$1,887 million to achieve the target payout. The final adjusted Operating Income result was \$129 million above our maximum goal.

¹ Adjusted Operating Income is a non-GAAP measure. A reconciliation to the most comparable GAAP measure can be found under “Non-GAAP Financial Measures—Reconciliation to GAAP.”

Adjusted Operating Income (80%)	Threshold	Target	Maximum	2024 Actual
Adjusted Operating Income (\$ in millions)	2,590	3,060	3,440	3,569
Payout (%) of Target	50	100	200	200

The HESS (Health, Environmental, Safety and Security) component of the MIP annual cash bonus, described in more detail below, measures our performance against established goals in each of our three identified HESS focus areas: safe and compliant ships, safe and healthy passengers and crew, and protecting the environment. The HESS MIP component comprised 20% of the 2024 MIP annual bonus.

HESS is critical to the well-being of our passengers and crew, safe and effective operation of our ships, and stewardship of the environment. As a result, we designed the HESS component of the MIP to specifically emphasize the importance of HESS to management. The HESS MIP program was developed by our Chief Maritime Officer (“CMO”) using metrics based on international regulations and our HESS policies. The CMO developed the specific metrics that were reviewed and approved by the CEO, the HESS Committees and then by the Compensation Committees in establishing the 2024 MIP. The HESS component of the MIP reflects our HESS results and our proactive efforts to improve our HESS performance and that of the individual brands.

The overall corporate performance is a weighted average of individual brand performance which is

determined using a series of quantitative performance metrics across the three focus areas. The metrics are measurable and objective. More specifically, some metrics are based on performance achievement while others are based on completion of efforts designed to improve performance. This latter group of metrics supports a “prepare for future progress” philosophy. The quantitative performance metrics associated with our three focus areas are described in more detail below. For competitive reasons, we do not intend to disclose the specific metrics and targets beyond the details provided below.

Each focus area is allocated a specific point potential, which, when added together, total 100 points. Payout for the HESS MIP component is based on the total points achieved for all three focus areas, with each total points score between threshold and maximum levels representing a payout percentage on the payout curve.

The table below describes the points achieved in each focus area, the number of points required to achieve threshold, target and maximum payout percentage, and the actual results (total points and payout).

HESS (20%)	Threshold	Target	Maximum	2024 Actual
Focus areas:				
<ul style="list-style-type: none"> • Safe and Compliant Ships (35-point potential) (30.0 points achieved) • Safe and Healthy Passengers and Crew (30-point potential) (20.5 points achieved) • Protecting the Environment (35-point potential) (26.1 points achieved) 	50 points	70 points	85 points or above	76.6 points
Payout (%) of Target	50%	100%	200%	144%

The total points achieved for 2024 are associated with a payout of 144% as indicated above. Following an evaluation of the performance results, judgment was used to determine the final HESS payout. Significant individual HESS operational incidents were considered. For each brand, the CMO and CEO made a subjective evaluation of significant HESS

incidents, focusing on those which could have been prevented. Considerations included number and severity of incidents. Based on this review, the CMO and CEO recommended to the Compensation Committees that the formulaic payout percentage associated with the “2024 Actual” points achieved shown above be adjusted to, and approved at, 136%.

Compensation

The following is a description of the metrics included in each HESS focus area:

Safe and Compliant Ships (35-point potential):

consists of two performance metrics and two proactive metrics. The performance metrics are shipboard compliance audit results performed by our internal audit team and a series of safety metrics related to fire prevention, detection and suppression, and life-saving appliances. The proactive metrics are designed to improve future performance by measuring the deck, engineering, and environmental officer attendance at our training center (CSMART) and always achieving full crewing of deck, engineering, and environmental officers on all ships because

these crew members are key to our HESS performance.

Safe and Healthy Passengers and Crew (30-point potential):

consists of several performance and trend metrics including guest and passenger injury rates, objective security measures, and internal and independent government public health inspection results.

Protected Environment (35-point potential):

consists of three environmental metrics that measure compliance with emission and discharge regulations. Carbon intensity reduction relative to assigned targets and use of lower emissions fuels completes the performance measures in this category.

2024 MIP Annual Cash Bonus Performance Results

The formula-based MIP annual cash bonus results for fiscal 2024 reflected our strong performance in fiscal 2024.

Overall performance against the goals for our formula-based MIP annual cash bonus for the Named Executive Officers is 187.2%, as shown below. These goals are important indicators of our financial and

operational success and recognize that Named Executive Officer performance far exceeded defined targets and expectations set at the beginning of 2024. The following table summarizes the results for each MIP performance goal, the overall MIP formula-based performance, and the final bonus amounts earned:

Name	Adjusted Operating Income			HESS			2024 MIP Results	2024 MIP Bonus Earned
	2024 Actual (\$ in millions)	% of Target	Weighting	2024 Actual	% of Target	Weighting	% of Target	(\$)
Josh Weinstein								5,241,600
David Bernstein								2,527,200
William Burke	3,569	200	80%	76.6 points	136	20%	187.2	1,123,200
Bettina Deynes								702,000
Enrique Miguez								945,360

EQUITY-BASED COMPENSATION AND OTHER LONG-TERM INCENTIVES

Overview

The Compensation Committees grant equity-based compensation to our Named Executive Officers to provide long-term incentives and align management and shareholder interests. The Compensation Committees believe that a substantial portion of compensation should be equity-based. The equity-based compensation program is designed to:

- 1 recognize scope of responsibilities
- 2 reward demonstrated performance and leadership
- 3 motivate future superior performance
- 4 align the interests of the executive with our shareholders

Our equity-based compensation grants to our Named Executive Officers are made pursuant to the Carnival Corporation 2020 Stock Plan and are

consistent with the Carnival plc Directors' Remuneration Policy, which have been approved by Carnival Corporation & plc shareholders.

2022 Earnings Recovery Alignment Performance Incentive Program

The ERA program is a performance-based cash incentive established in early 2022 as a broad-based, one-time incentive to focus on business recovery and to promote retention during our post-pandemic return to service. As the world was getting back to normal in the wake of the pandemic, there were many opportunities for talented personnel. ERA was designed to incentivize continued dedication and focus on completing the return to service and business recovery. Recipients of the ERA were recommended by executive management and include all Named

Executive Officers, other executives and employees throughout our global organization.

ERA measures normalized adjusted EBITDA excluding the impact of fuel price, exchange rate fluctuations, and taxes related to fuel, carbon, or other climate related items, per ALBD at the end of fiscal 2024 as a percentage of fiscal 2019 adjusted EBITDA per ALBD. ERA performance is based upon the extent to which fiscal 2024 Normalized Adjusted EBITDA per ALBD meets or exceeds the following performance levels:

Performance Level	Fiscal 2024 Normalized Adjusted EBITDA per ALBD	Normalized Adjusted EBITDA per ALBD for fiscal 2024 as % of fiscal 2019	Payout % for Performance Achieved
Threshold	29.77	48%	50%
Target	54.12	87%	100%
Maximum	64.49	103%	150%

Our record setting performance in 2024 is reflected in the final ERA results. The goals for the program were chosen to incentivize a return to pre-pandemic levels of service, and the recipients of the ERA were essential to our strong recovery overall. In addition to

achieving the financial goals, the program also was a successful in retaining 82% of recipients. The final fiscal 2024 normalized adjusted EBITDA per ALBD is 26% higher than the level required to achieve maximum payout.

Name	ERA Results			2024 ERA Earned (\$)
	Fiscal 2024 Normalized Adjusted EBITDA per ALBD ⁽²⁾ (\$)	Normalized Adjusted EBITDA per ALBD for fiscal 2024 as % of fiscal 2019	Payout % for Performance Achieved	
Josh Weinstein				7,500,000
David Bernstein				7,500,000
William Burke	69.80	129	150	7,500,000
Bettina Deynes				600,000
Enrique Miguez				3,000,000

(2) Normalized adjusted EBITDA per ALBD is a non-GAAP measure. A reconciliation to the most comparable GAAP measure can be found under "Non-GAAP Financial Measures—Reconciliation to GAAP."

2024 Equity-Based Incentive Program

For 2024, the equity-based program remained majority performance-based with a focus on key profitability and carbon reduction measures, with

time-based restricted stock units included to support our retention objectives.

Majority Performance-Based, Multi-Year Equity Program

Equity Mix

Compensation Committees' Actions and Rationale

- Continued improvements in operating environment support maintenance of majority performance-based compensation, with time-based compensation intended to support retention objectives
- PBS performance criteria measured against multi-year performance on Adjusted EBITDA per ALBD (65%), Adjusted ROIC (25%) and Carbon Intensity Reduction (10%)

2024 Equity Compensation Targets

For fiscal 2024, the Compensation Committees approved increases to equity targets for all Named Executive Officers in connection with a review of their roles and responsibilities and market data for

comparable roles. Equity targets for all Named Executive Officers are nearer to, but still lower than, market median following these increases (based on the review of our peer group data).

2024 equity compensation targets for each Named Executive Officer are as follows:

Named Executive Officer	PBS (70%) (\$)	TBS (30%) (\$)	Total Target Value (\$)
Josh Weinstein	6,300,000	2,700,000	9,000,000
David Bernstein	2,152,500	922,500	3,075,000
William Burke	374,500	160,500	535,000
Bettina Deynes	654,500	280,500	935,000
Enrique Miguez	752,500	322,500	1,075,000

Disclosure and the Timing of Equity-Based Compensation

2024 PBS and TBS Equity Incentives

PBS grants represent 70% of our Named Executive Officers' target equity incentive in our 2024 compensation program. The Compensation Committees approved Adjusted EBITDA per ALBD at constant currency and fuel (65%), Adjusted ROIC (25%), and Carbon Intensity Reduction (10%) as the performance metrics. These grants are subject to a three-year measurement period of fiscal 2024-2026, and cliff vest in 2027 based on attainment of performance goals following the end of the three-year performance period with a payout range of 0 to 200% of target. The specific performance targets will be disclosed after the end of the performance period in the 2026 Proxy Statement, as the Boards consider them strategic and commercially sensitive to disclose at this time.

In January 2024, the Compensation Committees approved a PBS target value for each of our Named Executive Officers and certain other executives. Each target value was determined after consideration of recommendations received from our CEO (other than in respect of his own grant which was recommended

by our Chair of the Compensation Committees), as well as reviewing the scope of each Named Executive Officer's responsibilities, performance and long-term retention considerations.

In April 2024, PBS grants were made based on the grant values approved in January 2024 and were converted into a target number of PBS based on the average of the closing prices of a share of Carnival Corporation common stock over a 10-business day period ending on April 8, 2024 (the effective date of grant), being \$16.06. They will vest in April 2027, subject to certification of performance results. The PBS grants do not receive dividends or have voting rights. Each PBS is credited with dividend equivalents equal to the value of any cash and stock dividends paid on Carnival Corporation common stock or Carnival plc ordinary shares during the vesting period. The dividend equivalents, if any, will be distributed upon the vesting of the PBS.

For 2024, the Compensation Committees also determined to provide 30% of the target equity incentive in the form of TBS grants to incentivize

retention and in consideration of shareholder feedback. These grants vest annually on a pro-rata basis over a three-year period. The final number of

2024 PBS and TBS is listed in the "Grants of Plan-Based Awards" table.

PERQUISITES AND OTHER COMPENSATION

Our Named Executive Officers are provided various perquisites that the Compensation Committees believe are representative of common practices for executives in their respective countries. The Compensation Committees, with the assistance of FW Cook, review perquisites provided to our Named Executive Officers on a periodic basis and take into account each Named Executive Officer's particular circumstances and overall level of compensation and believe that perquisites provided by Carnival Corporation & plc continue to be an appropriate element of the overall compensation package used to attract and retain such officers.

The Compensation Committees have approved a policy to establish procedures and controls as to the authorized use of aircraft owned, operated, or chartered by Carnival Corporation & plc (the "Aircraft"). According to the policy, the Aircraft can only be used for business purposes. Guests may accompany these executives when traveling. Due to security considerations, the Compensation Committees have also agreed to allow our CEO to use the Aircraft for personal use so long as the incremental cost of such use to Carnival Corporation & plc does not exceed \$200,000 per year. Once that threshold is reached, the CEO will reimburse us for any additional incremental costs (subject to applicable regulatory limitations). The Compensation Committees determined that the Aircraft usage policy and levels of usage and costs were consistent with those offered

by large multinational companies like Carnival Corporation & plc.

In lieu of participation in the Carnival Corporation Nonqualified Savings Plan which was discontinued in accordance with Section 457A of the U.S. Internal Revenue Code, the Compensation Committees approved a program that provides for payment of additional annual compensation directly to these employees in an amount equal to what would have been deposited on behalf of those employees into that plan, less, as described below, any amount Carnival Corporation contributes to the Carnival Corporation Fun Ship Savings Plan, a 401(k) plan (the "401(k) Plan"). These payments are taxable as ordinary income.

Beginning with the 2010 calendar year, the 401(k) Plan was amended and currently allows Mr. Weinstein, Mr. Bernstein, Mr. Burke, Ms. Deynes, and Mr. Miguez (as well as all other highly compensated employees) to defer a limited amount of compensation into the 401(k) Plan subject to nondiscrimination testing. In fiscal 2024, Carnival Corporation made matching contributions to the 401(k) Plan under the plan's formula, subject to nondiscrimination testing.

The perquisites received by each Named Executive Officer in fiscal 2024, as well as their incremental cost to Carnival Corporation & plc, are reported in the "Summary Compensation Table" and its accompanying footnotes.

POST-EMPLOYMENT COMPENSATION OBLIGATIONS

Carnival Corporation & plc does not have any change of control agreements that provide cash severance to our Named Executive Officers upon a change of control of Carnival Corporation & plc. Carnival Corporation & plc does not have employment agreements with any of our Named Executive Officers that provide cash severance benefits in connection with the termination of the executive's employment.

Mr. Burke and Ms. Deynes entered into Confidentiality Agreements and Restrictive Covenants providing that they are entitled to six months base salary as

compensation for their confidentiality and further agreement not to engage in competition with us for a period of six months following their termination of employment. The Compensation Committees believe that the consideration provided to Mr. Burke and Ms. Deynes under these agreements is reasonable.

Upon termination of employment for certain circumstances or upon a change of control, our Named Executive Officers may be entitled to retain or receive accelerated vesting of equity grants. Under the terms of the Carnival Corporation 2020 Stock

Plan, however, the default provision upon a change in control would provide only for a “double trigger” acceleration of equity grants (such that no acceleration would occur unless the participant’s employment were subsequently terminated by Carnival Corporation & plc (or its successor) without cause). These benefits are provided under the terms of the Carnival Corporation 2020 Stock Plan and the grant agreements. However, none of our Named Executive Officers are entitled to receive any tax gross-up payments in respect of their severance benefits or accelerated equity grants.

The benefits that our Named Executive Officers may be eligible to receive in connection with the termination of their employment or upon a change of control are described in detail in the “Potential Payments Upon Termination or Change of Control” section.

The Compensation Committees believe that these arrangements are reasonable and encourage executives to comply with post-termination non-compete and other restrictive covenants and to cooperate with us both before and after their employment is terminated.

PENSIONS AND DEFERRED COMPENSATION PLANS

Carnival Corporation & plc do not operate any defined benefit pension or deferred compensation programs for the Named Executive Officers.

PEER GROUP CHARACTERISTICS

The Compensation Committees perform an annual review of the compensation practices of certain other publicly-listed companies with the assistance of their consultant. This annual market assessment consists of an analysis of executive pay at a group of publicly-listed peer companies.

In July 2023, based on the recommendations of FW Cook, the Compensation Committees approved a new peer group listed below (the “Peer Group”), which was used when assessing the fiscal 2024 compensation for our Named Executive Officers. The Peer Group consists of 18 publicly-listed companies from diverse industries and is designed to better reflect where Carnival Corporation & plc is positioned following the impacts that the pandemic and subsequent return to full guest cruise operations had on key metrics such as revenue, enterprise value, and certain financial metrics that the Committees consider in approving our peer group. The changes to

the Peer Group were developed by applying our established philosophy of balancing peers’ enterprise value, revenue, sector, business complexity, breadth, scope, and potential candidate pool overlap.

At the time the Peer Group was approved in July 2023, our revenue ranked at the 62nd percentile and our enterprise value ranked at the 59th percentile of the Peer Group. We operate in a niche industry with a limited number of other publicly traded cruise operators. The Peer Group reflects the market in which we may compete for business, investor capital, and/or executive talent and was considered to be more closely aligned to our business complexity, breadth, scope, median reviews, and market capitalization. The Peer Group used in assessing fiscal 2024 compensation reflects a balanced group of companies in the consumer discretionary sector, including travel and hospitality, media, retailing, services, and transportation companies.

COMPETITIVE MARKET (PEER GROUP) COMPARISON

Annually, the Compensation Committees' independent consultant, FW Cook, conducts a competitive market review to assist the Compensation Committees in their assessment of our Named Executive Officers' competitive positioning of total compensation relative to the markets in which Carnival Corporation & plc competes for executive talent. FW Cook conducted a competitive market assessment on behalf of the Compensation Committees for fiscal 2024. The Compensation Committees reviewed our aggregate Named Executive Officer total compensation in comparison to the competitive market, which consists of the Peer Group as well as third-party surveys that reflect a broad database of hundreds of companies.

The Compensation Committees were not provided with the identities of the companies in the surveys generally (or of the subsets of companies which had data for relevant comparable positions). As applicable, any utilized survey data was combined with the data for the Peer Group to produce a consolidated

aggregated competitive market range for total direct compensation.

These analyses suggest that, in the aggregate, total direct compensation levels for our Named Executive Officers are generally below competitive market levels, which is being addressed in steps over time. Actual pay positioning can vary based on factors including job responsibilities, experience, impact of role, and individual performance.

Consistent with the approach that the Compensation Committees take in reviewing each element of total direct compensation, the Compensation Committees utilize these analyses to assess the extent to which the compensation provided to our Named Executive Officers is generally consistent with that offered by companies with whom Carnival Corporation & plc competes for executive-level talent. The Compensation Committees do not use these analyses to peg any particular element of compensation (or total compensation) to any specific targeted Peer Group level.

STOCK OWNERSHIP POLICY

Our Boards of Directors and Compensation Committees believe it is important for Directors and Executive Officers to build and maintain a long-term ownership position in Carnival Corporation or Carnival plc shares to align their financial interests with those of our shareholders and to encourage the creation of long-term value. Our compensation structure provides for a significant percentage of compensation to be equity-based, which places a substantial portion of compensation at risk over a

long-term period. Accordingly, our Executive Officers, including our Named Executive Officers who are currently Executive Officers, are subject to a stock ownership policy. The policy specifies target ownership levels of Carnival Corporation or Carnival plc shares for each executive expressed in terms of the value of the equity holdings (excluding unvested performance grants) as a multiple of each Executive Officer's base salary. The target ownership levels are as follows:

Compensation

COMPENSATION DISCUSSION AND ANALYSIS AND CARNIVAL PLC DIRECTORS' REMUNERATION REPORT (PART I)

Officers	Ownership Target—Multiple of Base Salary	Compliance Period
Chair and/or CEO	● ● ● ● ● ●	5 years from appointment or promotion
Vice Chair	● ● ● ●	
Other Executive Officers	● ● ●	

Individuals who are newly designated as Executive Officers are expected to be in compliance with the stock ownership policy within five years of the date of becoming an Executive Officer. The stock ownership policy provides that an Executive Officer will be deemed to be in compliance with the ownership requirements if the decline in the Carnival Corporation or Carnival plc share price results in the Executive Officer falling below the applicable ownership level, provided that they were in compliance prior to the share price movement and do not sell or transfer ownership of any such shares until after the ownership target has again been achieved, unless otherwise approved by the Boards of Directors. All of our Executive Officers are in compliance with this Board-mandated requirement through share ownership or

by virtue of being in the initial five-year period. Messrs. Weinstein, Bernstein and Miguez have achieved the stock ownership requirement and Mr. Burke and Ms. Deynes, who were appointed within the last five years, have additional time to meet the requirements of the stock ownership policy.

Carnival Corporation & plc does not make any commitment to any persons covered by the stock ownership policy that they will receive any particular level of equity-based grants. The stock ownership policy provides that Executive Officers be required to retain at least 50% of the shares received upon release after deducting withholding taxes, until their target ownership is achieved.

HEDGING POLICY

Because we believe it is improper and inappropriate for any Board member or employee to engage in short-term or speculative transactions involving Carnival Corporation & plc securities, our Securities Trading Policy provides that they may not engage in any of the following activities with respect to Carnival Corporation & plc securities at any time:

- purchasing of shares of either Carnival Corporation or Carnival plc on margin;
- short sales; or
- buying or selling puts, calls or other derivatives in respect of Carnival Corporation & plc securities.

Board members and employees may pledge shares, including as part of a margin account, but they are warned that sales of such shares could have securities law implications, including under Section 16 of the U.S. Securities Act, as well as market disclosure and other obligations under the UK Market Abuse Regulation ("MAR").

Although we discourage speculative hedging transactions, employees (other than Executive

Officers) are permitted to engage in long-term hedging transactions that are designed to protect their investment in Carnival Corporation and Carnival plc shares (i.e., the hedge must be for at least one year and relate to shares or options held by the individual). Any such transactions must be pre-cleared by the Global Legal Services Department. Because these activities raise issues under the U.S. federal securities laws as well as MAR, any person intending to engage in permitted hedging transactions is strongly urged to consult his or her own legal counsel.

Our Securities Trading Policy provides additional restrictions for Directors and Executive Officers. They are prohibited from purchasing, selling or writing any exchange-traded call and put options that have Carnival Corporation or Carnival plc shares as the underlying security. In addition, Directors and Executive Officers may not engage in any hedging transaction on Carnival Corporation or Carnival plc shares that they beneficially own, including, but not limited to, "forward contracts," "collars," "equity swaps" or "straddles."

CLAWBACK POLICY

In 2023, the Compensation Committees approved the Carnival Corporation & plc Clawback Policy (the "Clawback Policy") in compliance with NYSE listing standards. The Clawback Policy requires the Compensation Committees, subject to certain narrow exceptions permitted by the NYSE listing standards, to recover from current and former Executive Officers erroneously awarded compensation in the event of a restatement of our financial statements due to material noncompliance with federal securities laws. Incentive-based compensation that was "received" during the three fiscal years preceding the restatement, beginning with performance periods ending after October 3, 2023, is subject to recoupment.

The Clawback Policy supplements the clawback provisions in the Carnival Corporation 2020 Stock

Plan and the Carnival plc 2024 Employee Share Plan, the equity grant agreements and the MIP bonus plan, which incorporate the Clawback Policy by reference. The pre-existing clawback provisions give the Compensation Committees authority to recover equity grants and annual bonus incentives from Executive Officers and non-executives in the event Carnival Corporation & plc is required to restate their financial statements due to fraud or other misconduct, or in the event of other specified detrimental activity, including a breach of confidentiality or restrictive covenants, any activity that would be grounds for termination for cause, or maligning denigrating or disparaging Carnival Corporation & plc, its directors or employees. A copy of the Clawback Policy was filed as an exhibit to our 2024 Joint Annual Report on Form 10-K.

TIMING OF CERTAIN EQUITY AWARDS

In fiscal 2024, we did not grant any stock options, stock appreciation rights or similar awards under the Carnival Corporation 2020 Stock Plan or the Carnival plc 2024 Employee Share Plan and we do not currently plan to grant stock options, stock appreciation rights or other similar appreciation-based awards as incentive compensation to any Executive Officer, Non-Executive Director or employee. Accordingly, we do

not have a policy or practice in relation to the timing or the determination of the terms of a grant of options or other awards in relation to the disclosure of material non-public information.

During fiscal 2024, we have not timed the disclosure of material non-public information for the purpose of affecting the value of executive compensation.

Report of the Compensation Committees

The Compensation Committees have reviewed the Compensation Discussion and Analysis and discussed it with the management of Carnival Corporation & plc. Based on their review and discussions with management, the Compensation Committees recommended to our Boards of Directors that the Compensation Discussion and Analysis be

incorporated by reference into the Carnival Corporation & plc 2024 joint Annual Report on Form 10-K and included in the Carnival Corporation & plc 2025 Proxy Statement. This Report is provided by the following independent Directors, who comprise the Compensation Committees:

THE COMPENSATION COMMITTEE OF CARNIVAL CORPORATION
THE COMPENSATION COMMITTEE OF CARNIVAL PLC

RANDY WEISENBURGER

Chair

HELEN DEEBLE

JASON GLEN CAHILLY

LAURA WEIL

Compensation Committee Interlocks and Insider Participation

During fiscal 2024, the Compensation Committees were comprised of the four independent Directors listed above. No member of the Compensation Committees is a current, or during fiscal 2024 was a former officer or employee of Carnival Corporation, Carnival plc, or any of their subsidiaries. During fiscal 2024, no member of the Compensation Committees had a relationship that must be described

under the SEC rules relating to disclosure of related person transactions. In fiscal 2024, none of our Executive Officers served on the board of directors or compensation committee of any entity that had one or more of its executive officers serving on the Board or the Compensation Committee of Carnival Corporation or Carnival plc.

Compensation Tables

SUMMARY COMPENSATION TABLE

Although Carnival Corporation and Carnival plc are two separate entities, our business is run by a single senior management team. The following tables, narrative, and footnotes discuss the compensation of

our CEO, our Chief Financial Officer, our three other most highly compensated Executive Officers for the year ended November 30, 2024, who are referred to as our Named Executive Officers.

- (1) The amounts included in the "Summary Compensation Table" reflect the grant date fair value, assuming no risk of forfeiture, of the grants of Carnival Corporation RSUs made to our Named Executive Officers in fiscal 2024, calculated in accordance with ASC 718. The valuation of share-based grants is discussed in Notes 2 and 13 to the financial statements in the Carnival Corporation & plc joint Annual Report on Form 10-K for the year ended November 30, 2024. The amounts reflect the grant date fair value of the fiscal 2024 TBS and PBS grants made in April 2024, calculated in accordance with ASC 718. The aggregate grant date fair value of the TBS and PBS grants assuming maximum performance of 200% of target for the 2024 PBS is \$12,286,147 for Mr. Weinstein, \$4,197,757 for Mr. Bernstein, \$730,320 for Mr. Burke, \$1,276,384 for Ms. Deynes, and \$1,467,499 for Mr. Miguez. For the proceeds received by the Named Executive Officers upon the vesting of RSUs, see the "Stock Vested for Fiscal 2024" table.
- (2) Reflects the aggregate value of the fiscal 2024 annual bonus under the MIP plus the earned 2022 ERA incentive, a one-time, performance cash incentive for which the performance period ended on November 30, 2024.
- (3) See the "All Other Compensation" table for additional information.

ALL OTHER COMPENSATION

Each component of the “All Other Compensation” column in the “Summary Compensation Table” for fiscal 2024 is as follows:

Name	Compensation in lieu of Savings Plan Profit Sharing Contribution ⁽¹⁾ (\$)	Employer Contributions to Defined Contribution Plan (401(k)) (\$)	Private Medical/Health Insurance Costs and Premiums ⁽²⁾ (\$)	Automobile Lease or Allowance (\$)	Other ⁽³⁾ (\$)	Total (\$)

Enrique Miguez	172,994	16,625	60,464	10,800	7,914	268,797

- (1) The profit-sharing contributions paid in early 2024 related to 2023 service and were discontinued for 2024, as further described under “Nonqualified Deferred Compensation in Fiscal 2024.”
- (2) Certain of our Named Executive Officers are eligible to participate in an executive health insurance program, which includes a fully insured plan and a secondary medical reimbursement plan. Amounts reported represent the cost of the premiums paid on a Named Executive Officer’s behalf under these plans plus the additional costs of medical services rendered during the fiscal year. Named Executive Officers participating in this medical reimbursement plan generally have until March 31, 2025 to submit their 2024 claims for reimbursement and, as a result, these amounts may increase. The maximum amount that may be reimbursed in any year under the secondary plan is \$20,000.
- (3) Includes the total amount of other benefits provided, none of which individually exceeded the greater of \$25,000 or 10% of the total amount of “All Other Compensation” for the designated Named Executive Officer. These other benefits include accidental death, life and disability insurance premiums, tax planning and return preparation fees, personal transportation and spousal meals.

Additional information with respect to Carnival plc’s compensation and reimbursement practices during fiscal 2024 for Non-Executive Directors is included in

Part II of the Carnival plc Directors’ Remuneration Report, which is attached as Annex B to this Proxy Statement.

- (1) Represents the potential value of the payout of the annual bonuses under the MIP for fiscal 2024 performance. The actual amount of a Named Executive Officer's 2024 annual bonus (that is paid in fiscal 2025) is shown in the "Summary Compensation Table" in the "Non-Equity Incentive Plan Compensation" column. For a more detailed description of the potential annual bonus payout, see the description in the "2024 Annual Bonuses" section of the Compensation Discussion and Analysis.
- (2) Represents the potential number of shares earnable under the annual 2024 PBS grant. For a more detailed description of the potential payout under the annual 2024 PBS grant, see the description in the "2024 PBS and TBS Incentives" section of the Compensation Discussion and Analysis.
- (3) Represents the full grant date fair values of the equity grants made in fiscal 2024, which were determined based on the assumptions set forth in Notes 2 and 13 to the Carnival Corporation & plc consolidated financial statements included in our Annual Report on Form 10-K for the year ended November 30, 2024 (disregarding estimated forfeitures). The full grant date fair value for a grant is the amount that Carnival Corporation & plc will expense in their financial statements over the grant's vesting schedule or until the retirement eligibility date, if such date is earlier than the vesting date, when vesting is not contingent upon future performance. The full grant date fair value may not correspond to the actual value that will be realized. The maximum number of 2024 PBS each Named Executive Officer may receive is two times the target number.

NARRATIVE DISCLOSURE TO THE “SUMMARY COMPENSATION TABLE” AND THE “GRANTS OF PLAN-BASED AWARDS IN FISCAL 2024” TABLE

EMPLOYMENT AGREEMENTS

None of our Named Executive Officers serving in fiscal 2024 had employment agreements.

ANNUAL BONUS PLANS

Annual bonuses for our Named Executive Officers are determined based on the MIP. For more detailed information regarding this plan, please refer to the

Compensation Discussion and Analysis and the exhibit index to the Carnival Corporation & plc 2024 joint Annual Report on Form 10-K.

EQUITY-BASED COMPENSATION

The Compensation Committees made TBS and PBS grants to our Named Executive Officers in fiscal 2024.

None of the TBS or PBS grants receive dividends or have voting rights. Each grant is credited with dividend equivalents equal to the value of cash and stock dividends, if any, paid on Carnival Corporation common stock. The dividend equivalents, if any, are settled only when these RSUs are released from restriction.

Please refer to the Compensation Discussion and Analysis for additional detail on these grants. For further information regarding forfeiture and treatment upon termination or change of control, refer to the “Potential Payments Upon Termination or Change of Control” section.

OUTSTANDING EQUITY GRANTS AT FISCAL 2024 YEAR-END

- (7) Market value is based on target performance assuming 100% payout on the April 2024 PBS grant on November 30, 2024. This grant vests zero to 200% of target based upon the extent to which annual Adjusted EBITDA per ALBD, as normalized for fuel price changes and currency exchange rate impacts at the end of fiscal 2026, Adjusted ROIC for 2026, and GHG reduction metrics, exceed specified performance goals. Additional shares will be provided to take into account dividend equivalents during the performance period, if any. Restrictions lapse in April 2027.

STOCK VESTED DURING FISCAL 2024

None of our Named Executive Officers held options during fiscal 2024. The following table provides information for our Named Executive Officers on the

number of shares acquired upon the vesting of RSUs and the value realized, before the payment of any applicable withholding tax and broker commissions.

Name	Stock Grants	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting ⁽¹⁾ (\$)

- (1) The fair market value of Carnival Corporation common stock realized on vesting has been determined using the average of the highest and lowest sale prices reported as having occurred on the New York Stock Exchange on the date of vesting.

PENSION BENEFIT IN FISCAL 2024

None of the Named Executive Officers participate in any defined benefit pension plans sponsored by Carnival Corporation or Carnival plc.

NONQUALIFIED DEFERRED COMPENSATION IN FISCAL 2024

None of the Named Executive Officers participate in any nonqualified deferred compensation plans sponsored by Carnival Corporation or Carnival plc.

Our Named Executive Officers and other Carnival Corporation employees who are deemed highly compensated employees under IRS regulations (the "HCEs") were paid a profit-sharing contribution as additional cash compensation under the Carnival Corporation Fun Ship Non-Qualified Savings Plan, a non-tax qualified plan which does not currently have any deferred compensation features. Effective January 2024, the profit-sharing contributions were discontinued for the Named Executive Officers and other HCEs of Carnival Corporation, subject to payment of the 2023 profit share in early 2024, with the profit-share percentages fixed in 2021 having been rolled into the individuals' salary and target bonus.

Our Named Executive Officers are also eligible to receive matching contributions under the 401(k) Plan which are contributed by Carnival Corporation to each individual's account under the 401(k) Plan. From January 1, 2021, Carnival Corporation matched 100% of employee deferrals up to 1% of eligible pay plus 50% of employee deferrals that exceed 1% of eligible pay but do not exceed 6% of eligible pay.

"Eligible pay" includes regular pay (before any pre-tax contributions from pay and taxes) and bonus. For matching and profit-sharing contributions, eligible pay does not include amounts in excess of the maximum compensation rate under Internal Revenue Code Section 401(a)(17).

Potential Payments upon Termination or Change of Control

Each of our Named Executive Officers may be eligible to receive certain payments and benefits in connection with termination of employment under various circumstances. The potential benefits payable to our Named Executive Officers in the event of termination of employment under various scenarios on November 30, 2024 are described below.

In addition to benefits described below, our Named Executive Officers will be eligible to receive any

benefits accrued under Carnival Corporation & plc broad-based employee benefit plans, such as distributions under life insurance, disability benefits and accrued vacation pay, in accordance with those plans and policies. These benefits are generally available to all employees.

CASH SEVERANCE BENEFITS

It is the policy of the Compensation Committees for Executive Officers to have notice periods of not more than 12 months in duration. The Compensation Committees may make an exception to this practice where they believe doing so would be in the best interests of Carnival Corporation and Carnival plc and their shareholders. The Compensation Committees will continue to consider the individual circumstances of each case taking account of best practice in the UK and the U.S. and the expected cost to Carnival Corporation & plc of any termination of an executive's employment arrangements.

Accordingly, Mr. Weinstein, Mr. Bernstein, and Mr. Miguez have no employment agreements and no

entitlement to severance except for possible retention of unvested restricted share grants depending on the circumstances of their separation of employment discussed below.

Mr. Burke and Ms. Deynes also do not have employment agreements, but Mr. Burke is eligible to receive six months' base salary upon separation from employment for any reason other than for cause and Ms. Deynes is eligible to receive six months' base salary upon separation from employment in case of termination without cause or change or control, as consideration for their non-competition and non-solicitation obligations pursuant to Confidentiality Agreements and Restrictive Covenants.

ESTIMATED CASH AND BENEFITS PAYMENTS UPON TERMINATION OF EMPLOYMENT

The following table quantifies the cash compensation or value of benefits that Mr. Burke and Ms. Deynes would receive upon termination of employment. None of the other Named Executive Officers are eligible to receive cash compensation or benefits upon termination of employment, other than broad-based

benefits described above. The amounts shown assume the event that triggered the treatment occurred on November 30, 2024. The table does not include amounts they would be entitled to without regard to the circumstances of termination, such as earned or accrued compensation.

Name	Benefit	Termination without Cause (\$)	Voluntary Termination (\$)	Death or Disability (\$)	Change of Control (\$)
William Burke	Non-Competition Compensation	357,500	357,500	357,500	357,500
Bettina Deynes	Non-Competition Compensation	245,000	0	0	245,000
TOTAL		602,500	357,500	357,500	602,500

EQUITY-BASED COMPENSATION

Vesting of RSUs upon termination of a Named Executive Officer's employment is dependent upon the reasons his or her employment is terminated, the terms of the respective equity plan and the

associated equity grant agreement. Equity grants made to our Named Executive Officers are subject to the same terms as all other participants generally.

CARNIVAL CORPORATION 2020 STOCK PLAN

All our Named Executive Officers received equity grants in fiscal 2024 under the Carnival Corporation 2020 Stock Plan. As of November 30, 2024, our Named Executive Officers hold long-term PBS (Josh Weinstein) and MTE, PBS and TBS (all Named Executive Officers) grants under the Carnival Corporation 2020 Stock Plan.

The terms of the Carnival Corporation 2020 Stock Plan and the equity grant agreements applicable to participants generally provide that upon termination for death or disability, all unvested equity grants will immediately vest.

Upon involuntary termination within 12 months after a change of control, the restricted period on all RSUs immediately expires.

Change of control means the occurrence of any of the following:

- the acquisition by any individual, entity or group of beneficial ownership of 50% or more of either:
 - (A) the then-outstanding shares of common stock of Carnival Corporation; or

(B) the combined voting power of the then-outstanding voting securities of Carnival Corporation and Carnival plc entitled to vote generally in the election of Directors, except that this provision does not apply to affiliated companies or the Arison family;

- the incumbent Directors cease to constitute at least a majority of the Boards of Directors;
- the dissolution or liquidation of Carnival Corporation;
- the sale, transfer, or other disposition of all or substantially all of the business or assets of Carnival Corporation; or
- the consummation of a reorganization, recapitalization, merger, consolidation, statutory share exchange or similar form of corporate transaction involving Carnival Corporation that requires the approval of the shareholders, whether for such transaction or the issuance of securities in the transaction.

Upon involuntary termination within 12 months after a change of control, the restricted period on all RSUs immediately expires. All equity grants made to

participants, including our Named Executive Officers, contain clawback and forfeiture provisions in the event of a violation of confidentiality or non-compete provisions (which will result in forfeiture of the

unvested portion of the grant) or fraud or conduct contributing to any financial restatements or irregularities.

POTENTIAL VALUE OF EQUITY GRANTS UPON TERMINATION OF EMPLOYMENT OR CHANGE OF CONTROL

The following table details the value of all outstanding RSU grants that would have become vested, or that could have continued to vest, subject to any non-compete and confidentiality requirement, for

termination of employment or upon a change of control as of November 30, 2024. The true value of these equity grants for future vesting periods is subject to market fluctuations occurring over time.

- (2) Involuntary termination of employment is required to trigger acceleration upon a change of control.

U.S. CEO Pay Ratio

In accordance with SEC rules, we are providing the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee. The 2024 annual total compensation of our CEO as set forth in the Summary Compensation Table is \$23,566,603, the 2024 annual total compensation of our median compensated employee is \$16,854, and the ratio of these amounts is 1,398 to 1. Our median compensated employee population consists primarily of ship-based employees who work fewer than twelve months of the year.

Employee	2024 Annual Total Compensation (\$)	Pay Ratio
CEO	23,566,603	1,398:1
Median employee, other than our CEO	16,854	

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our global human resources and payroll systems of record and the methodology described below. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices

and may utilize different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

To identify our median employee, we used total cash compensation for our estimated employee population of 114,382 as of September 30, 2024. Our workforce includes a large number of ship-based employees who typically work six to eleven months of the year and, as permitted by SEC rules, we did not annualize the pay for our employees when identifying our median employee.

We then applied a valid statistical sampling methodology to identify employees who were paid within a 1% range of the median. From these employees, we then identified a representative median employee from this group and calculated that employee's annual total compensation in fiscal 2024 consistent with Item 402(c) of Regulation S-K. This figure includes gratuities directly billed to our guests but excludes any cash gratuities paid directly to the employee by guests. It also excludes room and meals, transportation to and from the ship, and medical care, which are provided to our ship-based employees without charge.

Our CEO's 2024 total compensation includes the earned value of the 2022 ERA, a one-time cash performance incentive described more fully in the "Compensation Discussion and Analysis" section under "Earnings Recovery Alignment Performance Incentive Program." Our CEO's 2024 total compensation excluding the ERA is \$16,066,603 and the CEO pay ratio is 953:1.

Pay versus Performance

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K, following is information about the relationship between executive "compensation actually paid" and our financial performance. This disclosure does not reflect the value actually received or realized by our Named

Executive Officers or how our Compensation Committees evaluate compensation decisions. Please refer to the "Compensation Discussion and Analysis" section for a discussion of our executive compensation program objectives and program design to align executive compensation with our performance.

TABULAR DISCLOSURE OF COMPENSATION ACTUALLY PAID VERSUS PERFORMANCE

The following table discloses information on "compensation actually paid" ("CAP") to our Principal

Executive Officers (the "PEOs") and the average CAP to our other Named Executive Officers (the "non-PEO

NEOs”) during the specified years alongside total shareholder return (“TSR”) and net income metrics, as well as a company-selected measure of Adjusted Operating Income. We identified this as the most important measure we use in linking compensation actually paid to our Named Executive Officers for 2024

to our performance, as Adjusted Operating Income was the predominant metric used in evaluating company-wide performance under our annual bonus plan and is described in more detail in the “Compensation Discussion and Analysis” section above.

- (1) Reflects total compensation of our current CEO, Josh Weinstein, as calculated in the Summary Compensation Table (the “SCT”).
- (2) The dollar amounts shown in these columns reflect “compensation actually paid” to the Named Executive Officers calculated in accordance with SEC rules. As required, the dollar amounts include (among other items) unpaid amounts of equity compensation that may be realizable in future periods, and as such, the dollar amounts shown do not represent the actual final amount of compensation earned or actually paid to either individual during the applicable years. The adjustments made to each Named Executive Officer’s total compensation for each year to determine CAP are shown in the tables below. For Mr. Weinstein, information is only included beginning with 2022, the first year in which he served as CEO.
- (3) Reflects the total compensation for our former CEO, Arnold Donald, who served as PEO until August 1, 2022, and is therefore included in this table as an additional PEO in accordance with SEC rules. Amounts shown are calculated in the SCT for each of the years shown.
- (4) Reflects the average total compensation of our non-PEO NEOs, as calculated in the SCT for each of the years shown. Our non-PEO NEOs included in the table above are the following individuals: for 2024: David Bernstein, William Burke, Bettina Deynes, and Enrique Miguez; for 2023: David Bernstein, William Burke, Bettina Deynes, Enrique Miguez, and Michael Thamm; for 2022: David Bernstein, William Burke, Enrique Miguez, and Michael Thamm; and for 2021: Peter Anderson, David Bernstein, Enrique Miguez, Arnaldo Perez, and Michael Thamm.
- (5) Pursuant to SEC rules, the TSR figures assume an initial investment of \$100 on November 30, 2020. As permitted by SEC rules, the peer group referenced for purpose of the TSR comparison is the group of companies included in the Dow Jones U.S. Recreational Services Index, which is the industry peer group used for purposes of Item 201(e) of Regulation S-K. The separate Peer Group used by the Compensation Committees for purposes of determining compensation paid to our Executive Officers is described in the Compensation Discussion & Analysis section under “Peer Group Characteristics.”
- (6) Reflects after-tax net income (loss) prepared in accordance with GAAP for each of the years shown.
- (7) Adjusted Operating Income is a non-GAAP financial measure that represents operating income adjusted for gains and losses on ship sales, restructuring costs and certain other gains and losses that are not part of our core operating business.

DISCLOSURE OF THE RELATIONSHIP BETWEEN COMPENSATION ACTUALLY PAID AND FINANCIAL PERFORMANCE MEASURES

As described in more detail in the “Compensation Discussion and Analysis” section, our executive compensation program reflects a pay-for-performance philosophy. The below graphical illustrations demonstrate the relationship between compensation actually paid to the Named Executive Officers over the last three fiscal years as compared to TSR, Net Income, and Adjusted Operating Income over the last three fiscal years. Generally, compensation actually paid (for both the PEO(s) and non-PEO NEOs) since fiscal 2021 has increased or decreased as each of TSR, Net Income, and Adjusted Operating Income has increased or decreased, respectively. In accordance with Item 402(v) of Regulation S-K, we are providing the following descriptions (shown graphically) of the relationships between information presented in the Pay versus Performance table.

PROPOSAL 15

Appointment of Auditor of Carnival plc and Ratification of Selection of Independent Registered Public Accounting Firm of Carnival Corporation

PROPOSAL 16

Authorization to Determine the Remuneration of Independent Auditor of Carnival plc

The Audit Committee of the Board of Directors of Carnival plc has selected Deloitte LLP as Carnival plc's independent auditor for the year ending November 30, 2025. The Audit Committee of the Board of Directors of Carnival Corporation has selected Deloitte & Touche LLP as Carnival Corporation's independent registered public accounting firm for the year ending November 30, 2025. Deloitte LLP and Deloitte & Touche LLP are the respective UK and U.S. member firms of Deloitte Touche Tohmatsu Limited. In doing so, the Audit Committees confirm that the selection is free from third party influence and no restrictive contractual clauses have been imposed on them. Representatives of both Deloitte LLP and Deloitte & Touche LLP as the auditors for the fiscal 2024 audit are expected to be present at the Annual Meetings of Shareholders, will have an opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions from shareholders.

Proposal 15 would appoint Deloitte LLP as the independent auditor of Carnival plc for the fiscal

2025 audit. It is a requirement of Section 489(2) of the Companies Act that Carnival plc appoint its independent auditor before the end of a general meeting at which its annual accounts and reports are laid (which, in the case of Carnival plc, occurs this year at its Annual General Meeting). Proposal 15 would also ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm of Carnival Corporation.

Although ratification by our shareholders of the appointment of an independent public accounting firm of Carnival Corporation is not legally required, our Boards of Directors believe that such action is desirable as a matter of good corporate governance. If our shareholders do not approve Proposal 15, the Audit Committees will re-evaluate the appointment and consider the selection of another accounting firm.

Under Proposal 16, you are being asked to authorize the Audit Committee of Carnival plc to determine the remuneration of Deloitte LLP as the independent auditor of Carnival plc.

The Boards of Directors unanimously recommend a vote FOR the appointment of Deloitte LLP as Carnival plc's independent auditor, the ratification of the selection of Deloitte & Touche LLP as Carnival Corporation's independent registered public accounting firm and the authorization for the Audit Committee of Carnival plc to determine the remuneration of Deloitte LLP.

Report of the Audit Committees

Carnival Corporation and Carnival plc are two separate legal entities and, therefore, each has a separate Board of Directors, each of which in turn has its own Audit Committee. In accordance with their charter, each Audit Committee assists the relevant Board of Directors in carrying out its oversight of:

- integrity of our financial statements;
- performance of our internal audit functions, including process and controls effectiveness and efficiencies and investigations relating to asset misappropriation, corruption and ethics, and financial or non-financial manipulation;
- independent auditors' qualifications, effectiveness, objectivity, independence, and performance; and
- relevant elements of our risk management programs, including risk management related to financial, information technology, cybersecurity and non-HESS related operational risks, as well as monitoring changes to and compliance with related legal and regulatory requirements.

Both Audit Committees are subject to the audit committee independence requirements under the corporate governance standards of the New York Stock Exchange and relevant SEC rules, and the Audit Committee of Carnival plc is also subject to the requirements of the UK Corporate Governance Code and the Financial Conduct Authority's Disclosure Guidance and Transparency Rules. The two Audit Committees have identical members and each currently consists of four independent (as defined by the listing standards of the New York Stock Exchange, SEC rules, and the UK Corporate Governance Code) Non-Executive Directors. The Carnival Corporation Board of Directors has determined that each member of the Audit Committees is both "independent" and an "audit committee financial expert," as defined by SEC rules and New York Stock Exchange listing standards. In addition, the Carnival plc Board of Directors has determined that each member of the

Audit Committees has "recent and relevant financial experience" for purposes of the UK Corporate Governance Code and that the Audit Committees, as a whole, have competence relevant to the sector in which Carnival Corporation & plc operate.

Management has primary responsibility for our financial reporting process, including the system of internal control and risk management, and for the preparation of consolidated financial statements. The independent auditors are responsible for performing an independent audit of our financial statements and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles, UK-adopted international accounting standards or United Kingdom Generally Accepted Accounting Practice, as applicable. The Audit Committees are responsible for (a) monitoring and overseeing the financial reporting process and the preparation of consolidated financial statements, (b) supervising the relationship between Carnival Corporation and Carnival plc and their independent auditors, (c) overseeing any competitive tender process with respect to audit firms, and (d) reviewing the group's systems of internal controls and compliance with the group Code of Business Conduct and Ethics. The Audit Committees have met and held discussions with management of Carnival Corporation & plc and the independent auditors. In this context, management represented to the Audit Committees that Carnival Corporation & plc's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles and that Carnival plc's group financial statements were prepared in accordance with UK-adopted international accounting standards and the parent company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework," and applicable law). Where necessary, amendments

are made in the Carnival plc financial statements to take advantage of the exemptions available under FRS 101 Reduced Disclosure Framework.

The Audit Committees:

- reviewed and discussed Carnival Corporation & plc’s audited consolidated financial statements for the year ended November 30, 2024 with Carnival Corporation & plc’s management and with Carnival Corporation’s independent auditor;
- reviewed and discussed Carnival plc’s audited consolidated financial statements for the year ended November 30, 2024 with Carnival plc’s management and with Carnival plc’s independent auditor;
- discussed with the independent auditors the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board, the SEC, and the UK Financial Reporting Council (“FRC”); and
- received the written disclosures and the letter from the independent auditors required by

applicable requirements of the Public Company Accounting Oversight Board and the FRC regarding the independent auditors’ communications with the Audit Committees concerning independence and discussed with the independent auditors their independence.

The Audit Committees also considered whether the provision to the relevant entity by the independent auditors of non-audit services was compatible with maintaining the independence of the independent auditors under the independence rules in the U.S. and the UK. Based on the reviews and discussions described above, the Audit Committees recommended to the Boards of Directors that the audited consolidated financial statements of Carnival Corporation & plc be included in Carnival Corporation & plc’s 2024 Annual Report on Form 10-K for filing with the SEC. In addition, the Audit Committees recommended that the audited Carnival plc financial statements be included in the Carnival plc Annual Report for the year ended November 30, 2024.

AUDIT AND NON-AUDIT FEES

Deloitte & Touche LLP and Deloitte LLP were the auditors of Carnival Corporation and Carnival plc, respectively, during fiscal 2024. PricewaterhouseCoopers LLP were the auditors of Carnival Corporation and Carnival plc during fiscal

2023 and fiscal 2022. Aggregate fees billed by the foregoing audit firms for professional services rendered to Carnival Corporation and Carnival plc for the years ended November 30, 2024, 2023 and 2022 were as follows (in millions):

Type of Fee	Fiscal Year Ended		
	2024 (\$ in millions)	2023 (\$ in millions)	2022 (\$ in millions)
Audit fees	7.1	6.6	6.3
Audit-related fees	0 ⁽¹⁾	0 ⁽¹⁾	0.1
Tax fees	0	0	0
All other fees	0.1	0 ⁽¹⁾	0 ⁽¹⁾
Total	7.2	6.6	6.4

(1) Less than \$50,000.

- **AUDIT FEES** for 2024, 2023 and 2022 were for professional services rendered for the integrated audits of the Carnival Corporation & plc consolidated financial statements and systems of internal control over financial reporting, quarterly reviews of our joint Quarterly Reports on Form 10-Q, the audits of the Carnival plc financial statements, consents, registration statements, statutory audits of various international subsidiaries and the issuance of comfort letters.
- **AUDIT-RELATED FEES** for 2024 were for agreed upon procedures related to customs and border protection data. Audit-related fees for 2023 were principally for agreed upon procedures related to customs and border protection data. Audit-related

fees for 2022 were principally for services rendered for the audit of one of our sustainability reports.

- **ALL OTHER FEES** for 2024 were principally for services rendered for UK and Italian regulatory reporting. All other fees for 2023 and 2022 were principally for services rendered for UK regulatory reporting.

All of the services described above were approved by the Audit Committees (including pre-approval of services relating to registration statements and issuance of comfort letters up to a cap), and in doing so, the Audit Committees did not rely on the *de minimis* exception set forth in Rule 2-01(c)(7)(i)(C) under Regulation S-X. The above fees exclude the reimbursement of expenses.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committees have adopted Key Policies and Procedures which address, among other matters, pre-approval of audit and permissible non-audit services provided by the independent registered public accounting firm. The Key Policies and Procedures require that all services to be provided by

the independent registered public accounting firm must be approved by the Audit Committees prior to the performance of such services. The Audit Committees consider whether the services requested are consistent with the rules of the SEC and UK Financial Reporting Council on auditor independence.

PROPOSAL 17

Receipt of Accounts and Reports of Carnival plc

The Directors of Carnival plc are required by the Companies Act to present Carnival plc's financial statements, the UK statutory Directors' Report, the UK statutory Strategic Report and the auditor's report relating to those accounts to the Carnival plc shareholders. Accordingly, the Directors of Carnival plc lay before the Annual Meetings of Shareholders the Carnival plc accounts and the reports of the Directors and auditor for the year ended November 30, 2024, which have been approved by and signed on behalf of Carnival plc's Board of Directors and will be delivered to the Registrar of

Companies in the UK following the Annual Meetings of Shareholders. Shareholders are voting to approve receipt of these documents, as UK law does not require shareholder approval of the substance and content of these documents. The UK statutory Directors' Report is attached as Annex A to this Proxy Statement and the UK statutory Strategic Report accompanies the Carnival plc financial statements. The full accounts and reports of Carnival plc will be available for inspection prior to and during the Annual Meetings of Shareholders.

The Boards of Directors unanimously recommend a vote FOR the receipt of the accounts and reports of Carnival plc for the year ended November 30, 2024.

PROPOSAL 18

Approval of the Grant of Authority to Allot New Carnival plc Shares

PROPOSAL 19

Approval of the Disapplication of Pre-Emption Rights Applicable to Carnival plc

Summary

Proposal 18 authorizes the Directors of Carnival plc to allot, until the end of the next Annual General Meeting of Carnival plc (or, if earlier, until the close of business on July 15, 2026), a maximum number of Carnival plc ordinary shares (or to grant rights to subscribe for or convert any securities into ordinary shares up to a maximum aggregate amount) without further shareholder approval. Proposal 19 empowers the Directors of Carnival plc to allot (or sell any ordinary shares which Carnival plc elects to hold in treasury) a maximum number of Carnival plc ordinary shares for cash without first offering them to existing shareholders in accordance with the pre-emption rights that would otherwise be applicable. If given, this power will expire at the end of the next Annual

General Meeting of Carnival plc (or, if earlier, the close of business on July 15, 2026). The authorizations given at the last Annual General Meeting of Carnival plc are due to expire at the end of this year's Annual General Meeting of Carnival plc. As is the case with many UK companies, these resolutions are proposed each year as the Directors believe occasions may arise from time to time when it would be beneficial for shares to be allotted without further shareholder approval and for shares to be allotted for cash without making a pre-emptive offer. The Carnival plc Directors have no current commitments or plans to allot additional shares of Carnival plc using these authorities.

Discussion

Under Article 30 of the Articles of Association of Carnival plc, the Directors have, for a “prescribed period,” unconditional authority to allot ordinary shares in Carnival plc up to an aggregate nominal amount known as the “allotment amount.”

The power to implement the authority provided by Article 30 is sought each year by the proposal of an ordinary resolution to establish the prescribed period

and the allotment amount. By passing this ordinary resolution, shareholders are authorizing the Board of Carnival plc to issue, during the prescribed period, a maximum number of shares having an aggregate nominal value equal to the allotment amount, without further shareholder approval. In the absence of such approval, the issuance of any additional shares would require shareholder approval.

Under Article 31 of the Articles of Association of Carnival plc, the Directors have, for the same “prescribed period” referred to above, power to allot a small number of ordinary shares for cash without making a pre-emptive offer to existing shareholders, up to an aggregate nominal amount known as the “disapplication amount.”

The power to implement the authority provided by Article 31 is sought each year by the proposal of a special resolution to establish the disapplication amount. By passing this special resolution, shareholders are authorizing the Board of Carnival plc to issue, during the prescribed period, an amount of shares having an aggregate nominal value equal to the disapplication amount, for cash without first offering them to existing shareholders of Carnival plc.

The Third Amended and Restated Articles of Incorporation of Carnival Corporation do not contain equivalent provisions and holders of Carnival Corporation common stock do not have pre-emption rights. Accordingly, no action is required in respect of the ability of Carnival Corporation to allot shares or to disapply pre-emption rights.

In common with many UK companies, resolutions to renew the prescribed period and re-establish the allotment amount and the disapplication amount are normally proposed each year as the Directors believe occasions may arise from time to time when it would be beneficial for shares to be allotted and for shares to be allotted for cash without making a pre-emptive offer. This is the purpose of Proposal 18 (an ordinary resolution) and Proposal 19 (a special resolution). As usual, the prescribed period is the period from the passing of the resolutions until the end of the next Annual General Meeting (or, if earlier, until the close of business on July 15, 2026).

Guidelines issued by the Investment Association, whose members are some of the largest institutional investors in UK listed companies, require the allotment amount to be limited to one-third of the issued ordinary share capital (except in the case of a fully pre-emptive offer). By reference to Carnival plc's issued ordinary share capital on January 13, 2025, the maximum allotment amount in paragraph (a) of Proposal 18 is \$103,853,794, which is equal to 62,562,526 new Carnival plc ordinary shares, being

one-third of the amount of the issued ordinary share capital (excluding treasury shares).

In line with guidance issued by the Investment Association, paragraph (b) of Proposal 18 would give the Directors of Carnival plc authority to allot ordinary shares or grant rights to subscribe for or convert any securities into ordinary shares in connection with a pre-emptive offer in favor of ordinary shareholders up to an aggregate nominal amount equal to \$207,707,591 (representing 125,125,054 ordinary shares), as reduced by the nominal amount of any shares issued under paragraph (a) of Proposal 18. This amount (before any reduction) represents approximately two-thirds of the issued ordinary share capital (excluding treasury shares) of Carnival plc as at January 13, 2025. However, if they do exercise the authorities given to them if Proposals 18 and 19 are passed, the Directors intend to follow the Investment Association's recommendations concerning their use.

The Pre-Emption Group, a group comprising representatives of UK listed companies, investment institutions and corporate finance practitioners and formed under the support of the London Stock Exchange, issued a revised Statement of Principles on Disapplying Pre-Emption Rights in November 2022 (the “Statement of Principles”) to align with the recommendations made in the UK Secondary Capital Raising Review. The Statement of Principles recommends that a resolution to disapply the statutory pre-emption rights provided by UK company law should be limited to an amount of equity securities not exceeding 10% of the nominal value of a company's issued ordinary share capital (with a further authority of no more than 2% to be used only for the purposes of making a follow-on offer to retail investors and existing shareholders).

The powers requested under Proposal 19 reflect the revised Statement of Principles. Proposal 19, if approved, will give the Directors of Carnival plc authority to allot Carnival plc shares and to sell treasury shares for cash otherwise than to existing shareholders in proportion to their holdings (i) up to a maximum nominal value of \$31,156,138, representing 10% of Carnival plc's issued ordinary share capital (excluding treasury shares) on January 13, 2025 and (ii) up to an additional maximum nominal amount equal to 20% of any allotments or sales made

Other Proposals

PROPOSAL 19—APPROVAL OF THE DISAPPLICATION OF PRE-EMPTION RIGHTS APPLICABLE TO CARNIVAL PLC

under (i) to be used for follow-on offers of a kind contemplated by paragraph 3 of Part 2B of the Statement of Principles. In other words, pursuant to (ii), Carnival plc can issue shares representing up to a further 2% of its issued ordinary share capital (excluding treasury shares), but this can only be used for follow-on offers to existing shareholders of Carnival plc not allocated shares under an issuance made pursuant to (i) and otherwise of a kind contemplated by paragraph 3 of Part 2B of the Statement of Principles. This is equal to an aggregate of 22,522,508 new Carnival plc ordinary shares.

The Directors of Carnival plc confirm their intention to follow the shareholder protections in paragraph 1 of Part 2B of the Statement of Principles in the exercise of the power to disapply the statutory pre-emption rights and, in relation to any follow-on offer, the expected features of a follow-on offer as set out in paragraph 3 of Part 2B of the Statement of Principles.

In summary, if Proposals 18 and 19 were passed, the extent of the authority of the Directors to allot new Carnival plc ordinary shares for cash (other than pursuant to an employee share scheme) on terms which would be dilutive to the existing shareholdings of Carnival plc shareholders, without further shareholder approval, would be limited to 22,522,508 new Carnival plc ordinary shares. The Directors have no current commitments or plans to allot additional shares of Carnival plc under these authorities. Furthermore, the adoption of Proposals 18 and 19 would have no material effect on the ability of Carnival plc to undertake or defend against a takeover attempt.

As of January 13, 2025, 29,718,429 Carnival plc ordinary shares are held by Carnival plc in treasury, representing 15.8% of the issued ordinary share capital (excluding treasury shares) of Carnival plc as at January 13, 2025.

The Boards of Directors unanimously recommend a vote FOR the approval of limits on the authority to allot Carnival plc shares and the disapplication of pre-emption rights for Carnival plc.

PROPOSAL 20

Approval of the Amendment to the Carnival Corporation 1993 Employee Stock Purchase Plan

We are seeking shareholder approval of an amendment (the “Amendment”) to the Carnival Corporation 1993 Employee Stock Purchase Plan (the “ESPP”) to increase the number of shares of common stock authorized for issuance thereunder by 4 million shares to a total of 8 million shares. The Amendment is attached as Exhibit D to this Proxy Statement.

On recommendation of the Compensation Committees, the Boards of Directors approved the Amendment, subject to shareholder approval at the 2025 Annual Meetings of Shareholders. If shareholders approve the Amendment, it will become effective immediately.

Why We are Requesting Approval of the Amendment

The ESPP was initially adopted by the Boards and shareholders in 1993. The ESPP is intended as a valuable tool that allows us to motivate and retain our employees and align their interests with those of Carnival Corporation & plc and our stockholders. It allows eligible employees of Carnival Corporation to purchase Carnival Corporation shares of common stock at a discount through accumulated payroll deductions or via lump sum contributions during semi-annual purchase periods.

As of January 13, 2025, there were approximately 4 million shares of common stock authorized for issuance under the ESPP (after adjustments for the impact of two 2:1 stock splits over the life of the ESPP) and 498,629 shares of common stock remained available for issuance and purchase. Based on our estimates and projections, the ESPP is expected to run out of available shares of common stock during 2026. To continue to offer this benefit beyond that time, we are proposing the Amendment to increase the number of shares of common stock authorized for issuance under the ESPP to 8 million which will

increase the number of shares available for issuance and purchase under the ESPP to 4,498,629.

The Amendment was approved by the Boards on January 21, 2025 upon recommendation of the Compensation Committees, subject to shareholder approval. If the Amendment is approved, we expect that the additional shares of common stock should last through approximately December 2035. If the Amendment is not approved by our shareholders, we may be required to discontinue the ESPP, which could negatively impact our ability to recruit, motivate and retain our employees.

Carnival Corporation and Carnival plc operate a DLC arrangement. Carnival Corporation’s common stock are Carnival plc’s ordinary shares are publicly traded on the New York Stock Exchange and the London Stock Exchange, respectively. We also have a separate Carnival plc UK Employee Share Purchase Plan and a Carnival plc 2005 Employee Stock Purchase Plan. The proposed Amendment to the ESPP will have no impact on those plans.

Summary of the Material Features of the Amended ESPP

The ESPP, as proposed to be amended by the Amendment, is referred to as the “Amended ESPP.” The following summary of the material features of the Amended ESPP is qualified in its entirety by reference to the complete text of the Amended ESPP. The

Amended ESPP is intended to qualify as an “employee stock purchase plan” under Section 423 of the Internal Revenue Code of 1986, as amended (the “Code”).

Purpose. The purpose of the Amended ESPP is to provide eligible employees with the opportunity to acquire a proprietary interest in Carnival Corporation common stock. We believe that offering this opportunity will strengthen our ability to attract and retain the services of experienced and knowledgeable employees and more closely align the interests of such employees with those of our shareholders.

Administration. The Amended ESPP is administered by the Compensation Committees. The composition of the Compensation Committee is described in this Proxy Statement under “Board and Committee Governance—Board Committees.”

Eligibility. The Amended ESPP is a broad-based plan in which all members of the Board of Directors, all corporate officers, and any other employees of Carnival Corporation and any of its subsidiaries that have adopted the Amended ESPP are eligible to participate, provided they (a) are regular full-time employees or part-time employees whose customary employment is for more than 15 hours per week or more and for five months or more per year, (b) have been working for Carnival Corporation or a participating company for at least six months of continuous service, and (c) do not own 5% or more of the total combined voting power or value of our stock. As of November 30, 2024, approximately 129,000 employees were eligible to participate in the Amended ESPP.

Shares available under the ESPP. The number of shares of common stock authorized for issuance under the Amended ESPP is 8,000,000. The number of shares of common stock available for purchase and issuance under the Amended ESPP is 4,498,629. Shares of common stock subject to the Amended ESPP may be shares of authorized and unissued common stock, shares of issued common stock held in treasury, or both. The number of shares available for purchase under the Amended ESPP, the number and type of shares covered by, or with respect to which payments are measured under, outstanding rights and prices specified therein, may be changed by the Compensation Committees in the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation or other change in the common stock, subject to the limitations of Section 424 of the Code. On January 13, 2025, the closing price of our common stock, as reported on the New York Stock Exchange, was \$23.89.

Offering Periods. Shares of common stock pursuant to the Amended ESPP are offered to eligible employees in a series of semi-annual offerings beginning on the first business day of each January and July during which the Amended ESPP is in effect.

Participation. Participation in the Amended ESPP is voluntary. During each enrollment period, an eligible employee may elect to enroll in the Amended ESPP by enrolling in such form as proscribed by the Compensation Committees and making either a withholding election or a deposit election indicating the amounts to be deducted from the participant’s compensation or deposited in cash or a money order, and authorizing us to apply those amounts to purchase shares of our common stock. A participant may increase, decrease or stop the amount to be deducted from his or her compensation by completing a withholding election during the prescribed period.

If the eligible employee elects to make deposits, such deposit must be delivered to Carnival Corporation on or before the 20th day prior to the Investment Date (defined as the last Friday of each offering period). The deposit election is effective only for the offering for which it is filed. If the eligible employee makes a withholding election, such employee will be deemed to continue participation through payroll deductions for each subsequent offering until the eligible employee submits a new withholding election or the election ceases to be effective. If an eligible employee who has made a withholding election ceases to be eligible for payroll deductions at any time during an offering, any balance in his or her purchase account will be applied towards the purchase of shares on the next Investment Date.

Participating employees may not purchase less than \$50, or any other amount as determined by the Compensation Committees, during each offering period. No eligible employee may purchase shares of common stock under the Amended ESPP if such shares, together with shares purchased by such participant under all other employee stock purchase plans of Carnival Corporation or its subsidiaries, would have a fair market value in excess of \$25,000 per calendar year. In addition, the maximum number of shares of common stock any participant can acquire in a single offering period is 2,000.

Purchase Price. At the end of each offering period (in June and December, respectively), each participant purchases the number of whole shares of common stock and fractional shares that the participant’s

accumulated payroll deductions or deposits during that offering period will buy at a purchase price equal to the lesser of (a) the greater of (1) 85% of the average of the fair market value of one share of our common stock on the grant date, the Investment Date, and the last Friday of each month within the offering period and (2) 85% of the fair market value of one share on the grant date, or (b) 85% of the fair market value of our common stock on the Investment Date.

Restrictions. A participant is precluded from selling or otherwise alienating or assigning the shares of common stock purchased under the Amended ESPP for one year from the purchase date, subject to certain exemptions.

Ceasing employment. In the event of a participant's death, retirement or termination of employment, the participant will cease to actively participate in the Amended ESPP, and the participant's payroll deductions and enrollment will be canceled.

Amendment and Termination. The Amended ESPP may be terminated or amended at any time by the Boards of Directors, subject to all applicable laws and stock exchange listing requirements. No termination, modification or amendment of the

Amended ESPP, without the consent of any participant, may adversely affect the rights of such participant that is specified in the Amended ESPP with respect to his or her right to withdraw any shares of common stock or to withdraw or invest any balance then standing to the participant's credit.

Plan Funding and Qualification. The Amended ESPP is intended to be an unfunded plan and is not qualified under Section 401 of the Code. The Amended ESPP is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended. Proceeds from the sale of our common stock pursuant to the Amended ESPP will constitute general funds of the Carnival Corporation and will not be held in a separate fund or trust. If approved by our shareholder at the 2025 Annual Meetings of Shareholders, the Amended ESPP will be a qualified plan under Section 423 of the Code, provided all operational qualification requirements are met.

Plan Benefits. The benefits that will be received by or allocated to participants in the Amended ESPP in the future cannot be determined at this time because the amount of contributions set aside to purchase shares of common stock under the Amended ESPP (subject to the limits of the plan) are entirely within the discretion of each participant.

United States Federal Income Tax Consequences

The following is a general summary under current law of the material U.S. federal income tax consequences to an employee who participates in the Amended ESPP. This summary deals with the general U.S. federal income tax principles that apply and is provided only for general information. Certain kinds of taxes, such as state, local and foreign income taxes and federal employment taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. This summary also assumes that the Amended ESPP complies with Section 423 of the Code and is based on the tax laws in effect as of the date of this Proxy Statement. Changes to these laws could alter the tax consequences described below. The summary does not discuss all aspects of federal income taxation that may be relevant in light of a participant's personal circumstances. This summarized tax information is not tax advice and a recipient of an award should rely on the advice of his or her legal and tax advisors.

The right of participants to make purchases under the Amended ESPP are intended to qualify under the provisions of Section 423 of the Code. Under the applicable Code provisions, an employee participant will pay no federal income tax upon enrolling in the Amended ESPP or upon purchase of the Carnival Corporation shares of common stock, and no income will be taxable to a participant until the sale or other disposition of the shares of common stock purchased under the Amended ESPP. Upon such sale or disposition, the participant will generally be subject to tax in an amount that depends upon the length of time such shares are held by the participant prior to disposing of them.

If the participant sells or otherwise disposes of the shares of common stock more than two years from the first day of the offering period during which the shares of common stock were purchased and more than one year from the date of purchase, or if the participant dies while holding the shares, the participant (or his or her estate) will recognize ordinary income in the year of sale or disposition

equal to the lesser of (1) the excess of the fair market value of the shares of common stock at the time of such sale or disposition over the purchase price, or (2) an amount equal to 15% of the fair market value of the shares of common stock as of the first day of the offering period. Any additional gain will be treated as long-term capital gain. If the shares of common stock are held for the holding periods described above but are sold for a price that is less than the purchase price, there is no ordinary income and the participating employee has a long-term capital loss for the difference between the sale price and the purchase price.

If the participant sells or otherwise disposes of the shares of common stock before the expiration of the holding periods described above, the participant

will recognize ordinary income in the year of the sale or disposition generally measured as the excess of the fair market value of the shares of common stock on the date of purchase over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares of common stock were held following the date they were purchased by the participant prior to disposing of them.

We are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by an employee upon a sale or disposition of shares prior to the expiration of the holding periods described above.

Securities Authorized for Issuance under Equity Compensation Plans

Set forth below is a table that summarizes compensation plans, including individual compensation arrangements, under which Carnival

Corporation equity securities are authorized for issuance as of November 30, 2024.

WHAT IS THE VOTING RECOMMENDATION OF THE BOARDS OF DIRECTORS?

Your Boards of Directors recommend that you vote your shares **FOR** Proposals 1 through 20.

HOW DOES THE DLC ARRANGEMENT AFFECT MY VOTING RIGHTS?

On most matters that affect all of the shareholders of Carnival Corporation and Carnival plc, the shareholders of both companies effectively vote together as a single decision-making body. These matters are called “joint electorate actions.” Combined voting is accomplished through the special voting shares that have been issued by each company. Certain matters specified in the organizational documents of Carnival Corporation and Carnival plc

where the interests of the two shareholder bodies may diverge are called “class rights actions.” The class rights actions are voted on separately by the shareholders of each company. If either group of shareholders does not approve a class rights action, that action generally cannot be taken by either company. All of the proposals to be voted on at the Annual Meetings of Shareholders are joint electorate actions, and there are no class rights actions.

GENERALLY, WHAT ACTIONS ARE JOINT ELECTORATE ACTIONS?

Any resolution to approve an action other than a class rights action or a procedural resolution (described below) is designated as a joint electorate action. The actions designated as joint electorate actions include:

- the appointment, removal, election or re-election of any Director of either or both companies;
- if required by law, the receipt or adoption of the annual accounts of both companies;
- the appointment or removal of the independent auditor of either company;
- a change of name by either or both companies; and

- the implementation of a mandatory exchange of Carnival plc ordinary shares for Carnival Corporation common stock based on a change in tax laws, rules or regulations.

The relative voting rights of Carnival plc ordinary shares and Carnival Corporation common stock are equalized based on a ratio which we refer to as the “equalization ratio.” Based on the current equalization ratio of 1:1, each share of Carnival Corporation common stock has the same voting rights as one Carnival plc ordinary share on joint electorate actions.

HOW ARE JOINT ELECTORATE ACTIONS VOTED ON?

Joint electorate actions are voted on as follows:

- Carnival plc shareholders vote at the Annual General Meeting of Carnival plc (whether in person or by proxy). Voting is on a poll (or ballot), which remains open for sufficient time to allow the vote at the Carnival Corporation Annual Meeting of Shareholders to be held and reflected in the Carnival plc Annual General Meeting through the mechanism of the special voting share. An equivalent vote is cast at the subsequent Carnival Corporation Annual

- Meeting of Shareholders on each of the corresponding resolutions through a special voting share issued by Carnival Corporation; and
- Carnival Corporation shareholders vote at the Carnival Corporation Annual Meeting of Shareholders (whether in person or by proxy). Voting is by ballot (or on a poll), which remains open for sufficient time to allow the vote at the Annual General Meeting of Carnival plc Shareholders to be reflected in the Annual Meeting of Carnival

Corporation Shareholders through the mechanism of the special voting share. An equivalent vote is cast on the corresponding resolutions at the Carnival plc Annual General Meeting through a special voting share issued by Carnival plc.

A joint electorate action is approved if it is approved by:

- a simple majority of the votes cast in the case of an ordinary resolution (or not less than 75% of the votes cast in the case of a special resolution, if required by applicable law and regulations or Carnival plc’s Articles of Association) by the holders of Carnival plc’s ordinary shares and the holder of the Carnival plc special voting share voting as a single class at a meeting at which a quorum was present and acting;
- a simple majority of the votes cast (or other majority if required by applicable law and regulations or the Carnival Corporation Articles of Incorporation and By-laws) by the holders of Carnival Corporation common stock and the holder of the Carnival Corporation special voting share, voting as a single class at a meeting which a quorum was present and acting; and
- a minimum of one-third of the total votes available to be voted by the combined shareholders must be cast on each resolution for it to be effective. Formal abstentions (or votes withheld) by a shareholder on a resolution will be counted as having been “cast” for this purpose.

HOW ARE THE DIRECTORS OF EACH COMPANY ELECTED OR RE-ELECTED?

Resolutions relating to the election or re-election of Directors are considered as joint electorate actions. No person may be a member of the Board of Directors of Carnival Corporation or Carnival plc without also being a member of the Board of Directors of the other company. There are 11 nominees for re-election to the Board of Directors of each company this year. Each nominee currently serves as a Director of Carnival Corporation and Carnival plc. All nominees for Director are to be re-elected to serve until the next Annual Meetings of Shareholders or until their successors are elected.

Carnival plc’s Articles of Association currently require Directors to submit themselves for election by shareholders at the first Annual General Meeting following their initial appointment to the Board of Directors and for re-election thereafter at subsequent Annual General Meetings at intervals of no more than three years. The Boards of Directors have decided, in accordance with the UK Corporate Governance Code, to submit all Directors for re-election on an annual basis.

WHAT VOTES ARE REQUIRED TO APPROVE THE PROPOSALS?

Proposals	Vote Required
<ul style="list-style-type: none"> • Proposals 1 through 18 and 20 will be proposed as ordinary resolutions. 	For ordinary resolutions, the required majority is more than 50% of the combined votes cast at this meeting and the Annual Meeting of Carnival Corporation Shareholders.
<ul style="list-style-type: none"> • Proposal 19 will be proposed as a special resolution. 	For special resolutions, the required majority is not less than 75% of the combined votes cast at this meeting and the Annual Meeting Carnival Corporation Shareholders.

Proposal 19 is required to be approved by not less than 75% of the combined votes cast at both Annual Meetings of Shareholders. Each of the other proposals, including the re-election of Directors, requires the approval of a majority of the combined votes cast at both Annual Meetings of Shareholders. Abstentions

and broker non-votes are not deemed votes cast for purposes of calculating the vote. Abstentions and broker non-votes do count for the purpose of determining whether a quorum is present.

If you are a beneficial owner of Carnival Corporation common stock and do not provide the shareholder of

record with voting instructions, your shares may constitute broker non-votes. In order to ensure that your shares are voted on all matters presented at the Annual Meeting, we encourage you to provide voting instructions in advance of the meeting, regardless of whether you intend to attend the Annual Meeting.

Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because:

- the broker has not received voting instructions from the beneficial owner; and
- the broker lacks discretionary voting power to vote such shares.

Accordingly, if you are a beneficial owner of shares held through intermediaries such as brokers, banks

and other nominees, such intermediaries are not permitted to vote without specific instructions from you unless the matter to be voted on is considered “routine.” The determination of whether a proposal is “routine” or “non-routine” will be made by the NYSE or by Broadridge Financial Solutions, our independent agent to receive and tabulate stockholder votes, based on NYSE rules that regulate member brokerage firms. If a proposal is deemed “routine” and you do not give instructions to your broker or nominee, they may, but are not required to, vote your shares with respect to the proposal. If the proposal is deemed “non-routine” and you do not give instructions to your broker or nominee, they may not vote your shares with respect to the proposal and the shares will be treated as broker non-votes.

GENERALLY, WHAT ARE PROCEDURAL RESOLUTIONS?

Procedural resolutions are resolutions of a procedural or technical nature that do not adversely affect the shareholders of the other company in any material respect and are put to the shareholders at a meeting.

The special voting shares do not represent any votes on “procedural resolutions.” Our Chair of each of the meetings will determine whether a resolution is a procedural resolution.

To the extent that such matters require the approval of the shareholders of either company, any of the following will be procedural resolutions:

- that certain people be allowed to attend or be excluded from attending the meeting;

- that discussion be closed and the question put to the vote (provided no amendments have been raised);
- that the question under discussion not be put to the vote (where a shareholder feels the original motion should not be put to the meeting at all, if such original motion was brought during the course of that meeting);
- to proceed with matters in an order other than that set out in the notice of the meeting;
- to adjourn the debate (for example, to a subsequent meeting); and
- to adjourn the meeting.

WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL MEETINGS OF SHAREHOLDERS?

The voting results will be announced to the media and the relevant stock exchanges and posted on our website at www.carnivalcorp.com and www.carnivalplc.com, after both Annual Meetings of Shareholders have closed.

The results will also be published in a joint Current Report on Form 8-K within four business days after the date the Annual Meetings of Shareholders have closed.

WHAT IS THE QUORUM REQUIREMENT FOR THE ANNUAL MEETINGS OF SHAREHOLDERS?

The quorum requirement for holding the Annual Meetings of Shareholders and transacting business as joint electorate actions at the meetings is one-third of the total votes entitled to be cast by all shareholders

of both companies. Shareholders may be present in person or represented by proxy or corporate representative at the meetings.

HOW IS THE QUORUM DETERMINED?

For the purposes of determining a quorum with respect to joint electorate actions, the special voting shares have the maximum number of votes attached to them as were cast on such joint electorate actions, either for, against or abstained, at the parallel shareholder meeting of the other company, and such maximum number of votes (including abstentions) constitutes shares entitled to vote and present for the purposes of determining whether a quorum exists at such a meeting.

In order for a quorum to be validly constituted with respect to meetings of shareholders convened to consider a joint electorate action or class rights action, the special voting entities must be present.

Abstentions (including votes withheld) and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

IS MY VOTE CONFIDENTIAL?

Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed to third parties except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation of votes and certification of the vote; or

- to facilitate a successful proxy solicitation by our Boards of Directors.

Occasionally, shareholders provide written comments on their proxy card which are then forwarded to management.

WHO WILL BEAR THE COST OF SOLICITING VOTES FOR THE ANNUAL MEETINGS OF SHAREHOLDERS?

We are providing these proxy materials in connection with the solicitation by the Boards of Directors of proxies to be voted at the Annual Meetings of Shareholders. We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes for the Annual

Meetings of Shareholders. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to shareholders.

CAN I VIEW THE PROXY MATERIALS ELECTRONICALLY?

Yes. This Proxy Statement and any other proxy materials have been posted on our website at www.carnivalcorp.com and www.carnivalplc.com. Carnival Corporation shareholders can also access

proxy-related materials at www.proxyvote.com as described under "Questions Specific to Shareholders of Carnival Corporation."

MAY I PROPOSE ACTIONS FOR CONSIDERATION AT NEXT YEAR'S ANNUAL MEETINGS OF SHAREHOLDERS?

Carnival Corporation shareholders and Carnival plc shareholders (to the extent permitted under Carnival Corporation's and Carnival plc's governing documents and U.S. and UK law, as applicable) may submit proposals for consideration at future shareholder meetings.

In order for shareholder proposals to be considered for inclusion in our Proxy Statement in accordance with SEC Rule 14a-8 for next year's Annual Meetings of Shareholders, the written proposals must be received by our Company Secretary no later than the close of business October 31, 2025. Such proposals will need to comply with applicable SEC regulations regarding the inclusion of shareholder proposals in

proxy materials. Carnival Corporation's By-laws establish advance notice procedures with regard to shareholder proposals that are not submitted for inclusion in the Proxy Statement, but that shareholders instead wish to present directly at an Annual Meeting of Shareholders. To be properly brought before the Annual Meetings of Shareholders, a notice of the proposal must be submitted to our Company Secretary at our headquarters no later than six clear weeks prior to the Annual Meetings of Shareholders or, if later, the time at which the notice of such meeting is publicly disclosed. For shareholders of Carnival plc, the same requirements apply under UK law requirements to submit a notice of a proposal.

MAY I NOMINATE INDIVIDUALS TO SERVE AS DIRECTORS?

In order to submit a nominee for election at the Annual Meetings of Shareholders, you must provide the information required for Director nominations set forth in Carnival Corporation's and Carnival plc's governing documents in a timely manner. Specifically, under the governing documents, you must submit

your notice of nomination in writing to the attention of our Company Secretary at our headquarters not later than seven days nor earlier than 42 days prior to the 2025 Annual Meetings of Shareholders (April 9, 2025 and March 5, 2025, respectively).

Any such notice must include, in addition to any other requirements specifically set forth in Carnival Corporation's and Carnival plc's governing documents:

- the name and address of the candidate;
- a brief biographical description, including his or her occupation and service on boards of any public company or registered investment company for at least the last five years;
- a statement of the particular experience, qualifications, attributes or skills of the candidate, taking into account the factors referred to in the "Nominations of Directors" section; and
- the candidate's signed consent to serve as a Director if elected, and to be named in our Proxy Statement.

In addition to satisfying the deadlines in the advance notice provisions of our governing documents, a shareholder who intends to solicit proxies in support of nominees submitted under these advance notice provisions must provide the notice required under Rule 14a-19 to the Company Secretary no later than February 15, 2026.

Shareholders may also recommend candidates for consideration by our Boards' N&G Committees in accordance with the procedures set forth in the "Procedures Regarding Director Candidates Recommended by Shareholders" section.

Questions Specific to Shareholders of Carnival Corporation

WHAT CARNIVAL CORPORATION SHARES OWNED BY ME CAN BE VOTED?

All Carnival Corporation shares owned by you as of February 18, 2025, the record date, may be voted by you. These shares include those:

- held directly in your name as the shareholder of record, including shares purchased through Carnival

Corporation's Dividend Reinvestment Plan and its Employee Stock Purchase Plan; and

- held for you as the beneficial owner through a stockbroker, bank or other nominee.

WILL I BE ASKED TO VOTE AT THE CARNIVAL PLC ANNUAL GENERAL MEETING?

No. Your vote at the Annual Meeting of Carnival Corporation Shareholders, for the purposes of determining the outcome of combined voting, is automatically reflected as appropriate at the parallel

Annual General Meeting of Carnival plc Shareholders through the mechanism of the special voting share issued by Carnival plc.

WHY DID I RECEIVE A ONE-PAGE NOTICE IN THE MAIL REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS INSTEAD OF A FULL SET OF PROXY MATERIALS?

Carnival Corporation is taking advantage of SEC rules that allow it to deliver proxy materials over the Internet. Under these rules, Carnival Corporation is sending its shareholders a one-page notice regarding the Internet availability of proxy materials (the "Notice of Internet Availability of Proxy Materials") instead of a full set of proxy materials, unless they previously requested to receive printed copies or we determine it is otherwise more expedient or cost

efficient to send a full set of proxy materials. Generally, you will not receive printed copies of the proxy materials unless you specifically request them. Instead, this notice tells you how to access and review on the Internet all the important information contained in the proxy materials. This notice also tells you how to submit your proxy card on the Internet and how to request to receive a printed copy of the proxy materials.

WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A SHAREHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

Most of the shareholders of Carnival Corporation hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As

summarized below, there are some distinctions between shares held of record and those owned beneficially.

SHAREHOLDER OF RECORD

- If your shares are registered directly in your name with Carnival Corporation's transfer agent, Computershare Investor Services LLC, you are considered, with respect to those shares, the shareholder of record, and the Notice of Internet Availability of Proxy Materials or set of printed proxy materials, as applicable, is being sent directly to you by us.
- As the shareholder of record, you have the right to grant your voting proxy directly to the persons named in the proxy or to vote in person at the Annual Meeting of Carnival Corporation Shareholders.
- If you request a paper copy of the proxy materials as indicated in the notice, Carnival Corporation will provide a proxy card for you to use.

BENEFICIAL OWNER

- If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held under street name, and the Notice of Internet Availability of Proxy Materials or set of printed proxy materials, as applicable, is being forwarded to you by your broker or nominee who is considered, with respect to those shares, the shareholder of record.
- As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the Annual Meeting of Carnival Corporation Shareholders.
- However, since you are not the shareholder of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares.
- If you request a paper copy of the proxy materials as indicated in the notice, your broker or nominee will provide a voting instruction card for you to use.

HOW CAN I VOTE MY CARNIVAL CORPORATION SHARES IN PERSON AT THE MEETING?

Shares held directly in your name as the shareholder of record may be voted in person at the Annual Meeting of Carnival Corporation Shareholders in the U.S. If you choose to do so, please bring your proxy card and proof of identification.

Even if you plan to attend the Annual Meeting of Carnival Corporation Shareholders, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting. Shares held under street name

may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares. Please refer to the voting instructions provided by your broker or nominee.

Please also refer to the sections entitled "Meeting Admission Requirements" and "Safety and Security Measures" included in the "Information about Attending the Annual Meetings" section preceding the Notice of Annual Meeting for additional information.

HOW CAN I VOTE MY CARNIVAL CORPORATION SHARES WITHOUT ATTENDING THE ANNUAL MEETING OF CARNIVAL CORPORATION SHAREHOLDERS?

Whether you hold shares directly as the shareholder of record or beneficially under street name, you may direct your vote without attending the Annual Meeting of Carnival Corporation Shareholders. You may vote by granting a proxy or, for shares held under street name, by submitting voting instructions to your broker or nominee. For shareholders of record, you may do this by voting on the Internet or by

telephone by following the instructions in the notice you received in the mail. Where your shares are held under street name, in most instances you will be able to do this over the Internet or by telephone by following the instructions in the notice you received in the mail, or if you received a full printed set of proxy materials in the mail, by mail. Please refer to the voting instruction card included by your broker or nominee.

If you received a full printed set of proxy materials in the mail, you can also vote by signing your proxy card and mailing it in the enclosed envelope. If you provided specific voting instructions, your shares will be voted as you instruct.

If you are a record holder and submit a proxy but do not provide instructions, your shares will be voted as described below in *"How are votes counted?"*

CAN I CHANGE MY VOTE?

Yes. You may change your proxy instruction at any time prior to the vote at the Annual Meeting of Carnival Corporation Shareholders. For shares held directly in your name, you may accomplish this by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) or by attending the Annual Meeting of Carnival Corporation Shareholders and

voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares owned beneficially by you, you may accomplish this by submitting new voting instructions to your broker or nominee.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS OR SET OF PRINTED PROXY MATERIALS, AS APPLICABLE?

It means your shares are registered differently or are in more than one account. Please follow the

instructions in each notice to ensure all of your shares are voted.

HOW DO I REQUEST ADDITIONAL COPIES OF THE PROXY MATERIALS?

You may have received only one Notice of Internet Availability of Proxy Materials or set of printed proxy materials, even though there are two or more shareholders at the same address.

Broadridge Financial Solutions, Inc., the entity we retained to mail the Notice of Internet Availability of Proxy Materials or printed proxy materials to Carnival Corporation's registered owners and the entity retained by the brokerage community to mail the Notice of Internet Availability of Proxy Materials or printed proxy materials to Carnival Corporation's beneficial owners, have been instructed to deliver only one notice or set of printed proxy materials to multiple security holders sharing an address unless we have received contrary instructions from you or one of the other shareholders. We will promptly

deliver a separate copy of the notice or set of printed proxy materials for this year's Annual Meeting of Carnival Corporation Shareholders or for any future meetings to any shareholder upon written or oral request. To make such request, please contact Broadridge Financial Solutions at:

866-540-7095

Broadridge Financial Solutions
Attention: Householding Department
51 Mercedes Way
Edgewood, New York 11717

Similarly, you may contact us through any of these methods if you receive multiple notices or sets of printed proxy materials and would prefer to receive a single copy in the future.

WHO CAN ATTEND THE ANNUAL MEETING OF CARNIVAL CORPORATION SHAREHOLDERS?

All Carnival Corporation shareholders of record as of February 18, 2025, or their duly appointed proxies,

may attend and vote at the Annual Meeting of Carnival Corporation Shareholders. Please note that

each shareholder or their duly appointed proxies will be required to comply with the “Meeting Admission Requirements” and “Safety and Security Measures” included in the “Information about Attending the Annual Meetings” section preceding the Carnival Corporation Notice of Annual Meeting. Each shareholder may appoint only one proxy holder or representative to attend the meeting on his or her behalf.

In addition, if you hold your shares through a stockbroker or other nominee, you will need to provide proof of ownership by bringing either a copy of the voting instruction card provided by your broker or a copy of a brokerage statement showing your share ownership as of February 18, 2025, together with proof of identification. Cameras, audio and video recording devices and other electronic devices will not be permitted at the meeting.

WHAT CLASS OF SHARES ARE ENTITLED TO BE VOTED AT THE ANNUAL MEETING OF CARNIVAL CORPORATION SHAREHOLDERS?

Carnival Corporation has only one class of common stock outstanding. Each share of Carnival Corporation common stock outstanding as of the close of business on February 18, 2025, the record date, is entitled to one vote at the Annual Meeting of Shareholders. As of January 13, 2025 Carnival

Corporation had 1,164,202,729 shares of common stock issued and outstanding. The trust shares of beneficial interest in the P&O Princess Special Voting Trust that are paired with your shares of common stock do not give you separate voting rights.

HOW ARE VOTES COUNTED?

You may vote “FOR,” “AGAINST” or “ABSTAIN” for each of the proposals. If you “ABSTAIN,” it has no effect on the outcome of the votes, although abstentions will be counted for the purposes of determining if a

quorum is present for joint electorate actions. If you submit a proxy with no further instructions, your shares will be voted in accordance with the recommendations of the Boards of Directors.

WHAT HAPPENS IF ADDITIONAL PROPOSALS ARE PRESENTED AT THE ANNUAL MEETING OF CARNIVAL CORPORATION SHAREHOLDERS?

Other than the proposals described in this Proxy Statement, Carnival Corporation does not expect any matters to be presented for a vote at the 2025 Annual Meeting of Carnival Corporation Shareholders. If you grant a proxy, the persons named as proxy holders, our Chair and Secretary of the 2025 Annual Meeting of Carnival Corporation Shareholders, will have the discretion to vote your shares on any

additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is unable to accept nomination or election (which is not anticipated), the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Boards of Directors.

WHO WILL COUNT THE VOTE?

Broadridge Financial Solutions, Inc. will tabulate the votes and act as the inspector of elections.

Questions Specific to Shareholders of Carnival plc

WHO IS ENTITLED TO ATTEND AND VOTE AT THE CARNIVAL PLC ANNUAL GENERAL MEETING?

If you are a Carnival plc shareholder registered in the register of members of Carnival plc at 6:30 p.m. (BST) on April 14, 2025, you will be entitled to attend in person and vote at the Annual General Meeting in respect of the number of Carnival plc ordinary shares registered in your name at that time.

You may also appoint a proxy to attend, speak and vote instead of you. If you are a corporation, you may appoint a corporate representative to represent you and vote your shareholding in Carnival plc at the

Annual General Meeting. For further details regarding appointing a proxy or corporate representative, please see below.

Please note that each shareholder or their duly appointed proxies and corporate representatives will be required to comply with the “Meeting Admission Requirements” and “Safety and Security Measures” in the “Information about Attending the Annual Meetings” section preceding the Carnival plc Notice of Annual General Meeting.

WILL I BE ASKED TO VOTE AT THE ANNUAL MEETING OF CARNIVAL CORPORATION SHAREHOLDERS?

No. Your vote at the Annual General Meeting of Carnival plc Shareholders, for the purposes of determining the outcome of combined voting, will automatically be reflected as appropriate at the

parallel Annual Meeting of Carnival Corporation Shareholders through the mechanism of a special voting share issued by Carnival Corporation.

HOW DO I VOTE MY CARNIVAL PLC SHARES WITHOUT ATTENDING THE ANNUAL GENERAL MEETING OF CARNIVAL PLC SHAREHOLDERS?

You may vote your Carnival plc shares at the Annual General Meeting of Carnival plc Shareholders by completing and signing the enclosed form of proxy in accordance with the instructions set out on the form and returning it as soon as possible, but in any event so as to be received by Carnival plc’s registrars, Equiniti Limited, Aspect House, Spencer Road, Lancing BN99 6DA, by not later than 1:30 p.m. (BST) on April 14, 2025. Alternatively, a proxy vote may be submitted via the internet in accordance with the instructions set out in the proxy form. If you are a member of CREST, it is also possible to appoint a proxy via the CREST system (please see the Carnival plc Notice of Annual General Meeting for further details). If you are an institutional investor, you may also be able to appoint a proxy electronically via the Proxymity platform. Please see the Carnival plc Notice of Annual General Meeting for further details. Voting by proxy does not preclude you from attending the

Annual General Meeting and voting in person should you wish to do so. If you are a corporation, you can vote your Carnival plc shares at the Annual General Meeting by appointing one or more corporate representatives. You are strongly encouraged to pre-register your corporate representative to make registration on the day of the Annual General Meeting more efficient. In order to pre-register you would need to email your Letter of Representation to Carnival plc’s registrars, Equiniti Limited, at proxyvotes@equiniti.com.

Corporate representatives themselves are urged to arrive at least two hours before commencement of the Annual General Meeting to assist Carnival plc’s registrars with the appropriate registration formalities. Whether or not you intend to appoint a corporate representative, you are strongly encouraged to return the enclosed form of proxy to Carnival plc’s registrars.

CAN I CHANGE MY VOTE GIVEN BY PROXY OR BY MY CORPORATE REPRESENTATIVE?

Yes. You may change your proxy vote by either:

- completing, signing and dating a new form of proxy in accordance with its instructions and returning it to Carnival plc's registrars by no later than 1:30 p.m. (BST) on April 14, 2025; or
- attending and voting in person at the Annual General Meeting.

If you do not attend and vote in person at the Annual General Meeting and wish to revoke the appointment of your proxy or corporate representative, you must do so by delivering a notice of such revocation to Carnival plc's registrars at least three hours before the start of the Annual General Meeting.

WHAT CLASS OF SHARES ARE ENTITLED TO BE VOTED AT THE CARNIVAL PLC ANNUAL GENERAL MEETING?

Carnival plc has only one class of ordinary shares in issue. Each Carnival plc ordinary share in issue as of the close of business on April 14, 2025 is entitled to one vote at the Annual General Meeting. As of January 13, 2025, Carnival plc had 217,406,012 ordinary shares in issue. However, the 42,876,272 Carnival plc ordinary shares directly or indirectly held

by Carnival Corporation have no voting rights (in accordance with the Articles of Association of Carnival plc). As of January 13, 2025, 29,718,429 Carnival plc ordinary shares are held in treasury. As a result, as of January 13, 2025, the total voting rights in Carnival plc were 144,811,311 ordinary shares.

HOW ARE VOTES COUNTED?

You may vote "FOR," "AGAINST" or "ABSTAIN" for each of the resolutions. If you "ABSTAIN," it has no effect on the outcome of the votes, although abstentions will

be counted for the purposes of determining if a quorum is present for joint electorate actions.

Annex A—Carnival plc Directors' Report

Carnival plc and Carnival Corporation are separate legal entities (together referred to as “Carnival Corporation & plc”) and each company has its own Board of Directors and Committees of the Board. However, as is required by the agreements governing the dual listed company (“DLC”) arrangement, there is a single executive management team and the Boards of Directors and members of the Committees of the Boards are identical. This Directors' Report has been prepared and presented in accordance with and in reliance upon UK company law and, accordingly, the liabilities of the Directors in connection with this Directors' Report shall be subject to the limitations and restrictions provided by such law.

In accordance with Section 414C(11) of the UK Companies Act 2006 (“Companies Act”), we elected to include certain information that would otherwise be disclosed in this Directors' Report in the Carnival plc Strategic Report (the “Strategic Report”) or the Carnival plc financial statements that accompany the Strategic Report, as detailed below:

Other disclosure requirements in UKLR 6.6.1R are not applicable to Carnival Corporation & plc.

Dividends

No dividends have been paid in fiscal 2023 or 2024 or are proposed in respect of fiscal 2025.

Share Capital and Control

Changes in the share capital of Carnival plc during fiscal 2024 are given in Note 18 to the Carnival plc group financial statements.

The share capital of Carnival plc at January 13, 2025 is constituted by two allotted and issued subscriber shares of £1 each, 50,000 allotted and issued redeemable preference shares of £1 each, one allotted and issued special voting share of £1, one unissued equalization share of £1 and 217,406,012 allotted and issued ordinary shares of \$1.66 each. The subscriber shares carry no voting rights and no right to receive any dividend or any amount paid on a return of capital. The equalization share carries no voting rights. The redeemable preference shares carry no voting rights but are entitled to payment of a cumulative preferential fixed dividend of eight per cent per annum on the amount paid up on each such share that is in issue. On a return of capital on a winding up or otherwise, the redeemable preference shares rank behind the ordinary shares but ahead of any other class of shares and are entitled to receive payment of the amount paid up or credited as paid up on each such share. Redeemable preference shares which are fully paid may be redeemed at any time at the election of the holder or of Carnival plc, in which case the amount payable on redemption is the amount credited as paid up on each share which is redeemed, together with all arrears and accruals of the preferential dividend.

Details of restricted stock units granted to employees are given in Note 20 to the Carnival plc group financial statements.

The Articles of Association of Carnival plc contain provisions which, in certain circumstances, would have the effect of preventing a shareholder (or a group of shareholders acting in concert) from holding or exercising the voting rights attributable to shares in Carnival plc which are acquired by them. These provisions would have effect if a shareholder (or a group of shareholders acting in concert) were to acquire ordinary shares in Carnival plc with the result that the total voting rights exercisable by that

shareholder or group of shareholders on matters put to a vote as joint electorate actions under the DLC arrangement would exceed 30 percent of the total voting rights exercisable in respect of any joint electorate action. They would also have effect if a shareholder (or group of shareholders acting in concert) already holding between 30 percent and 50 percent of the total voting rights exercisable in respect of any joint electorate action were to acquire shares in Carnival plc and thereby increase the percentage of voting rights so held. In each such case, the percentage of voting rights held is determined after taking into account voting rights attributable to shares of Carnival Corporation common stock held by such shareholder (or group of shareholders) and also taking into account the effect of the equalization ratio which gives effect to common voting by the shareholders of Carnival plc and Carnival Corporation on joint electorate actions under the DLC arrangement.

Under the relevant provisions of the Articles of Association of Carnival plc (articles 277 to 287) shares which are acquired by a person and which trigger the thresholds referred to in the foregoing paragraph may be sold at the direction of the Board, and the proceeds remitted to the acquiring shareholder, net of any costs incurred by Carnival plc. Pending such sale any dividends paid in respect of such shares would be paid to a charitable trust, and the trustee of such trust would be entitled to exercise the voting rights attaching to the shares. The restrictions summarized in the preceding paragraphs would not apply in the case of an acquisition of shares that is made in conjunction with a takeover offer for Carnival plc, which is announced in accordance with the City Code on Takeovers and Mergers, for so long as that offer has not lapsed or been withdrawn. However, if such a takeover offer is not made, or lapses or is withdrawn, the restrictions will apply in respect of any acquired shares.

The foregoing is a summary only of the relevant provisions of the Articles of Association of Carnival plc, and for a complete understanding of their effect, shareholders are recommended to refer to the Articles of Association themselves. A copy of the Articles of Association of Carnival plc is available on Carnival plc's website at www.carnivalplc.com or upon request from the Company Secretary, 3655 N.W. 87th Avenue, Miami, Florida 33178, United States.

There are 11 significant agreements to which Carnival plc is a party, which may be altered or terminated in the event of a change of control as follows:

- Under the **Facilities Agreement dated February 28, 2023**, as most recently amended on March 28, 2024, by and among Carnival Holdings (Bermuda) II Limited, a direct subsidiary of Carnival Corporation, Carnival Corporation, Carnival plc, and J.P. Morgan SE (as facilities agent) and a syndicate of financial institutions, which provides for approximately \$1.9 billion, €862 million and £137 million in revolving credit facilities, the revolving credit facilities may, under certain circumstances, be cancelled upon a change of control of (i) Carnival Holdings (Bermuda) II Limited (other than a change which results in control being vested in Carnival plc) or (ii) Carnival plc (other than a change which results in control of Carnival plc being vested in Carnival Corporation or in certain members of the Arison family or trusts related to them).
- Under:
 - (i) the **Term Loan Agreement dated as of June 30, 2020**, as most recently amended on April 25, 2024, among Carnival Corporation, as lead borrower, Carnival Finance, LLC, as co-borrower, Carnival plc, as a guarantor, the subsidiary guarantors party thereto, JPMorgan Chase Bank, N.A., as administrative agent, and the other financial institutions party thereto from time to time (the "Term Loan Agreement"), relating to an incremental tranche of \$2.3 billion (which has since been refinanced and partially paid down to an aggregate principal amount of \$1.7 billion); and
 - (ii) the **Term Loan Agreement dated as of August 8, 2023**, as most recently amended on April 25, 2024, among Carnival Corporation, as lead borrower, Carnival Finance, LLC, as co-borrower, Carnival plc, as a guarantor, the subsidiary guarantors party thereto, JPMorgan Chase Bank, N.A., as administrative agent, and the other financial institutions party thereto from time to time (the "New Term Loan", and together with the Term Loan, the "Term Loans"), relating to one tranche of term loan in the initial aggregate principal amount of \$1.31 billion (which has since been refinanced and partially paid down to an aggregate principal amount of \$1 billion), under certain circumstances, a change of control of Carnival plc (other than a change which results in control of Carnival plc being vested in Carnival Corporation or in certain members of the Arison family or trusts related to them) could constitute an event of default under the Terms Loans, which would permit the lenders thereunder to accelerate the term loans.
- Under:
 - (i) the **Indenture dated as of February 16, 2021** among Carnival Corporation as issuer, Carnival plc, the other Guarantors party thereto and U.S. Bank, National Association, as trustee, principal paying agent, transfer agent and registrar, relating to the 5.750% Senior Unsecured Notes due 2027 in the initial aggregate principal amount of \$3.5 billion;
 - (ii) the **Indenture dated as of July 26, 2021**, among Carnival Corporation, as issuer, Carnival plc, the other Guarantors party thereto and U.S. Bank National Association, as trustee, principal paying agent, transfer agent, registrar and security agent, relating to the 4.000% First-Priority Senior Secured Notes due 2028 in the aggregate principal amount of \$2.4 billion;
 - (iii) the **Indenture dated as of November 2, 2021**, among Carnival Corporation, as issuer, Carnival plc, the other Guarantors party thereto and U.S. Bank National Association, as trustee, principal paying agent, transfer agent, registrar and security agent, relating to the 6.000% Senior Unsecured Notes due 2029 in an aggregate principal amount of \$2 billion;
 - (iv) the **Indenture dated as of May 25, 2022**, among Carnival Corporation, as issuer, Carnival plc, the other Guarantors party thereto and U.S. Bank Trust Company, National Association, as trustee, principal paying agent, transfer

agent, registrar and security agent, relating to the 10.500% Senior Unsecured Notes due 2030 in an aggregate principal amount of \$1 billion;

- (v) the **Indenture dated as of August 8, 2023**, among Carnival Corporation, as issuer, Carnival plc, the other Guarantors party thereto and U.S. Bank Trust Company, National Association, as trustee, principal paying agent, transfer agent, registrar and security agent, relating to the 7.000% First-Priority Senior Secured Notes due 2029 in an aggregate principal amount of \$500 million; and
- (vi) the **Indenture dated as of April 25, 2024**, among Carnival Corporation, as issuer, Carnival plc, the other Guarantors party thereto and U.S. Bank Trust Company, National Association, as trustee, relating to the 5.750% Senior Unsecured Notes due 2030 in an aggregate principal amount of €500 million,

Carnival Corporation may be required to make an offer to repurchase the notes issued under the relevant indenture at a redemption price of 101% of the principal amount of the notes upon the occurrence of certain change of control triggering events that are accompanied by a specified ratings downgrade with respect to the notes issued under the relevant indenture.

- Under the **Indenture dated as of October 25, 2022** among Carnival Holdings (Bermuda) Limited, as issuer, Carnival Corporation, Carnival plc, the other Guarantors party thereto and U.S. Bank Trust Company, National Association, as trustee, principal paying agent, transfer agent and registrar, relating to the 10.375% Senior Priority Notes due

2028 in an aggregate principal amount of \$2.03 billion, Carnival Holdings (Bermuda) Limited may be required to make an offer to repurchase the notes issued under the Indenture at a redemption price of 101% of the principal amount of the notes upon the occurrence of certain change of control triggering events that are accompanied by a specified ratings downgrade with respect to the notes issued under the Indenture.

- Under the **Indenture dated as of November 18, 2022** among Carnival Corporation, Carnival plc, the subsidiary guarantors party thereto and U.S. Bank National Association, as trustee, relating to the 5.750% Convertible Senior Notes due 2027 in an aggregate principal amount of \$1.13 billion, if Carnival Corporation undergoes certain corporate events (each, a “fundamental change”), subject to certain conditions, holders may require Carnival Corporation to repurchase for cash all or any portion of their convertible notes at par.

Subject to certain exceptions, a fundamental change would occur upon, among others:

- (1) a merger transaction pursuant to which Carnival Corporation’s common stock is converted into other securities or assets;
- (2) the sale of all or substantially all of the assets of Carnival Corporation to a third party; or
- (3) a person or group (other than certain members of the Arison family or trusts related to them) becoming the beneficial owners of more than 50% of the rights to vote to elect the members of the Boards of Directors of Carnival Corporation and Carnival plc.

Articles of Association

The Articles of Association of Carnival plc may be amended by the passing of a special resolution of the shareholders. In common with many other corporate actions that might be undertaken by Carnival plc, such a resolution would be proposed as a joint electorate

action on which the shareholders of Carnival plc and of Carnival Corporation effectively vote as a single unified body, as contemplated by the DLC arrangement.

Purchase of Own Shares

There were no purchases of Carnival plc shares by Carnival Corporation or Carnival plc during fiscal 2024. As of January 13, 2025, the latest practicable date prior to the publication of this document, and taking

into account purchases by Carnival Corporation of Carnival plc’s shares in prior years, Carnival Corporation holds, directly or indirectly, 42,876,272 Carnival plc ordinary shares with a nominal value of

\$71,174,612, representing 29.6% of issued share capital of Carnival plc (which does not include the disenfranchised shares held by Carnival Corporation or any shares held in treasury). Carnival plc shares held by Carnival Corporation do not have any voting rights (in accordance with the Articles of Association of Carnival plc).

Shareholder approval is not required to buy back shares of Carnival Corporation, but is required under the Companies Act to buy back shares of Carnival plc. At the Annual General Meeting held on April 5, 2024, the authority for Carnival plc to buy back its own shares was approved. This authority permitted

Carnival plc to buy back up to 18,682,950 ordinary shares of Carnival plc (being approximately 10 percent of Carnival plc's ordinary shares in issue). Under that authority, no Carnival plc ordinary shares have been purchased since last year's Annual Meetings of Shareholders and through January 13, 2025. That approval expires on the earlier of:

- the conclusion of Carnival plc's 2025 Annual General Meeting; or
- July 4, 2025.

Carnival plc does not intend to renew this authority at the 2025 Annual General Meeting.

Profit Forecasts

In the recent Carnival Corporation & plc Earnings Releases, we included the following guidance which represented a profit forecast for purposes of UKLR 6.2.23R.

In the fourth quarter of 2023 ("4Q 2023 Release"), we reported that we expected adjusted EBITDA of approximately \$0.8 billion and adjusted net loss of approximately \$280 million for the first quarter of 2024. We also reported that we expected adjusted EBITDA of approximately \$5.6 billion and adjusted net income of approximately \$1.2 billion for the full year 2024.

In the first quarter of 2024 ("1Q 2024 Release"), we reported that we expected adjusted EBITDA of approximately \$1.05 billion and adjusted net loss of approximately \$35 million for the second quarter of 2024. We also reported that we expected adjusted EBITDA of approximately \$5.63 billion and adjusted net income of approximately \$1.28 billion for the full year 2024.

In the second quarter of 2024 ("2Q 2024 Release"), we reported that we expected adjusted EBITDA of approximately \$2.66 billion and adjusted net income of approximately \$1.58 billion for the third quarter of 2024. We also reported that we expected adjusted EBITDA of approximately \$5.83 billion and adjusted net income of approximately \$1.55 billion for the full year 2024.

In the third quarter of 2024 ("3Q 2024 Release"), we reported that we expected adjusted EBITDA of

approximately \$1.14 billion and adjusted net income of approximately \$60 million for the fourth quarter of 2024. We also reported that we expected adjusted EBITDA of approximately \$6.0 billion and adjusted net income of approximately \$1.76 billion for the full year 2024.

Our actual results were in line with the guidance above, with the exception of the following:

- The adjusted net loss for the first quarter of 2024 (\$180 million) was better than the guidance provided in our 4Q 2023 Release driven by continued strength in demand driving higher ticket prices and the timing of expenses between quarters.
- The adjusted net income (\$134 million) and the adjusted EBITDA (\$1.2 billion) for the second quarter of 2024 exceeded the guidance provided in our 1Q 2024 Release driven by higher ticket prices, higher onboard spending, and the timing of expenses between quarters.
- The adjusted net income for the third quarter of 2024 (\$1.8 billion) was higher than the guidance provided in our 2Q 2024 Release driven by favorability in revenue, due to higher ticket prices, higher onboard and other spending and favorability in costs.
- The adjusted net income for the fourth quarter of 2024 (\$186 million) exceeded the guidance provided in our 3Q 2024 Release driven by higher ticket prices, higher onboard spending and improved costs.

- The adjusted net income for the full year of 2024 (\$1.9 billion) was higher than the guidance provided

in our 1Q 2024 Release and 2Q 2024 Release driven by higher ticket prices and improved costs.

Directors

The names of all persons who served as Directors of Carnival Corporation and Carnival plc during fiscal 2024 are as follows: Micky Arison, Sir Jonathon Band, Jason Glen Cahilly, Nelda J. Connors, Helen Deeble, Jeffrey J. Gearhart, Katie Lahey, Sara Mathew, Stuart Subotnick, Laura Weil, Josh Weinstein, and Randy Weisenburger. Biographical notes about each of the Directors nominated for re-election are contained in the Proxy Statement.

Details of the Directors' membership on Board Committees are set out in the Carnival plc Corporate Governance Report attached as Annex C to the Proxy Statement.

Upon becoming a member of the Board of Directors of Carnival plc, each new Director participates in an induction process, which includes:

- a meeting with all of the current Directors;
- provision of an induction pack;
- site visits; and
- meetings with senior and operational management teams.

The Directors update their skills, knowledge and familiarity with Carnival plc by meeting with senior management, visiting regional and divisional operating offices and receiving updates and training coordinated by management.

The appointment and replacement of Directors of Carnival plc is governed by the provisions of the

Articles of Association of Carnival plc and also by the provisions of the Equalization and Governance Agreement entered into on April 17, 2003 on the establishment of the DLC arrangement. The Articles of Association and the Equalization and Governance Agreement require that the Boards of Directors of Carnival plc and Carnival Corporation be comprised of exactly the same individuals. Please refer to "Nominations of Directors" and "How are Directors of Each Company Elected or Re-Elected?" sections of the Proxy Statement and the "Board Composition" section of the Carnival plc Corporate Governance Report for additional information on our rules regarding Director appointment and replacement.

The business of Carnival plc is managed by the Board of Directors, which may exercise all the powers of Carnival plc, including, without limitation, the power to:

- dispose of all or any part of our assets;
- borrow money;
- mortgage or pledge any of its assets;
- purchase Carnival plc's shares; and
- issue debentures, shares or other securities.

Details of the Directors' remuneration and their interests in the shares of Carnival Corporation and Carnival plc are set out in Part II of the Carnival plc Directors' Remuneration Report attached as Annex B to the Proxy Statement.

Substantial Shareholdings

As of November 30, 2024, Carnival plc has been notified of material interests of three percent or more in Carnival plc's total voting rights as follows:

Shareholder	Number of Voting Rights (#)	Percentage of Voting Rights (%)
Aristeia Capital, L.L.C. ⁽¹⁾	10,684,541	7.38
BlackRock, Inc.	8,802,831	6.08
Norges Bank (The Central Bank of Norway)	13,191,079	9.11

(1) Affiliates of Aristeia Capital, L.L.C. have an interest in these shares.

Carnival plc has not been notified of any changes in the number of voting rights held between December 1, 2024 and January 13, 2025, the latest practicable date.

Carnival Corporation and Carnival Investments Limited are the holders of an aggregate of 42,876,272 Carnival plc ordinary shares as of November 30, 2024. These shares carry no voting rights or rights on liquidation unless Carnival Corporation owns over 90 percent of all the Carnival plc ordinary shares. Accordingly, the details of voting rights given in the preceding table take account of the absence of voting rights carried by these shares.

Except for the above, no person has disclosed relevant information to Carnival plc pursuant to Chapter 5 of the Disclosure Guidance and Transparency Rules.

Corporate Governance and Directors' Remuneration

A report on corporate governance and compliance with the UK Corporate Governance Code is contained in the Carnival plc Corporate Governance Report attached as Annex C to the Proxy Statement. Part I of

the Carnival plc Directors' Remuneration Report is included in the Proxy Statement and Part II of the Carnival plc Directors' Remuneration Report is attached as Annex B to the Proxy Statement.

Corporate and Social Responsibility

HEALTH, ENVIRONMENTAL, SAFETY, SECURITY AND SUSTAINABILITY CORPORATE POLICY

At Carnival Corporation & plc, our purpose & mission is to deliver unforgettable happiness to our guests by providing extraordinary cruise vacations, while honoring the integrity of every ocean we sail, place we visit and life we touch. We strive to be a company that people want to work for and to be an exemplary global corporate citizen.

Our commitment and actions to keep our guests and crew members safe and comfortable, protect the environment, develop and provide opportunities for our workforce, strengthen stakeholder relations and enhance both the communities where we work as well as the port communities that our ships visit, are reflective of our brands' core values and vital to our success as a business enterprise.

The Boards of Directors of Carnival Corporation & plc established Board-level Health, Environmental, Safety & Security ("HESS") Committees comprised of six independent Directors. The principal function of the HESS Committees is described in our Corporate Governance Report under "Committees of the Boards."

In addition, Carnival Corporation & plc's Health, Environmental, Safety, Security and Sustainability Corporate Policy describes our commitments to:

- Complying with or exceeding all legal and statutory requirements related to HESS and sustainability throughout our business activities;
- Protecting the environment, including the marine ecosystems in which our vessels sail and the communities in which we operate, striving to use resources sustainably and preserve biodiversity;
- Protecting the health, safety and security of our guests, employees and all others working on our behalf, promoting well-being and always striving to be free of injuries, illness, and loss;
- Reducing our greenhouse gas and other airborne emissions with an aspiration to achieve net zero greenhouse gas emissions;
- Supporting sustainable tourism practices by respecting the culture, history, natural resources, and people of the communities we visit;

- Supporting a circular economy by engaging employees and working with our supply chain to source responsibly, reduce packaging, reuse materials, increase recycling and reduce waste; and
- Recruiting, growing, and maintaining a diverse and inclusive workforce that promotes equity and fosters belonging.

The Health, Environmental, Safety, Security and Sustainability Corporate Policy is published on the Carnival Corporation & plc website at www.carnivalcorp.com and www.carnivalplc.com.

The Boards recognize that Carnival Corporation & plc needs to ensure that there is a consistent standard of operation throughout their fleet in keeping with their leading position in the cruise industry. In this regard, the Carnival Corporation & plc Maritime Operations Department is headed by a Chief Maritime Officer, with a full-time professional and administrative staff, and is responsible for providing a common, integrated approach to management of HESS matters and for reporting to the HESS Committees on such matters. The Chief Maritime Officer reports to our CEO and to our Chair of the HESS Committees.

The Boards of Directors of Carnival Corporation & plc have also established Board-level Compliance Committees comprised of five independent Directors. The principal function of the Compliance Committees is to assist with the Boards' oversight of our ethics and compliance activities, as further described in our Corporate Governance Report under "Committees of the Boards."

Carnival Corporation & plc recognizes our responsibility to provide industry leadership and to conduct our business as a responsible global citizen.

Our corporate leadership is manifested in our Code of Business Conduct and Ethics, which requires that every employee and member of the Boards use sound judgment, maintain high ethical standards and

demonstrate honesty in all business dealings. As a responsible global citizen, Carnival Corporation & plc is committed to achieving and maintaining the highest standards of professional and ethical conduct.

Risk Advisory & Assurance Services ("RAAS") is Carnival Corporation & plc's internal audit department and is headed by the Chief Audit Officer, who reports directly to our Chair of the Audit Committees. Our Chief Audit Officer also has a "dotted" reporting line to the Chief Risk and Compliance Officer. RAAS conducts annual HESS audits of each brand's head office and of each ship in our fleet. These audits are in addition to the audits performed by third-party certification and regulatory auditors.

Each RAAS HESS audit is organized and planned to:

- verify compliance with applicable rules, corporate standards, brand policies and procedures, regulations, codes and guidance directly involved in the safe conduct of ship operations;
- verify the effectiveness of the shipboard and shore-side HESS management systems; and
- identify opportunities for continuous improvement.

Further details of matters related to health, environmental, safety, security and sustainability reporting and community relations at Carnival Corporation & plc are available in our Strategic Report and in the "Sustainability" section of the Carnival Corporation & plc website at www.carnivalcorp.com and www.carnivalplc.com and our sustainability website at www.carnivalsustainability.com.

EMPLOYEES

Carnival Corporation & plc own and operate a portfolio of brands in North America, Europe and Australia comprised of nine cruise lines. During 2024, we announced that P&O Cruises (Australia) brand will be sunset and its Australia operations will be folded into Carnival Cruise Line in March 2025.

Our corporate office and individual brands employ a variety of methods, such as intranet sites, management briefings, newsletters and reward programs to encourage employee involvement and

to keep employees informed of the performance, development and progress of Carnival Corporation & plc.

EMPLOYEE WELLNESS

We continue to bring together many cultures, backgrounds, beliefs and points of view and treat every person with dignity, courtesy and respect. We are expanding our efforts to include global wellness standards for employees.

We believe that creating an environment where employee wellbeing is valued and supported to foster optimal health and wellness of our employees are not only important topics in corporations and boardrooms world-wide, but they are actions which are critically important to sustaining the success of our business. We strive to achieve greater performance and satisfaction through wellness standards focused on the financial, benefits, safety, psychological, social and physical needs of our employees. In addition, we believe a focus on wellness will lead to greater employee satisfaction, reduced turnover and identification as an employer of choice.

Senior employees within Carnival Corporation & plc are eligible to participate in either the Carnival plc 2024 Employee Share Plan or the Carnival Corporation 2020 Stock Plan, further details of which are provided in the Carnival plc Directors' Remuneration Report attached as Annex B to the Proxy Statement. These plans reinforce the philosophy of encouraging senior employees to contribute directly to the achievement of Carnival Corporation & plc's goals and of rewarding individual and collective success.

It is the policy of Carnival Corporation & plc that disabled persons should receive full and fair consideration for all job vacancies and promotions

for which they are qualified applicants. It is the policy of Carnival Corporation & plc to seek to retain employees who become disabled while in their service whenever possible and to provide appropriate training and accommodations for disabled persons. Training and career development are provided and encouraged for all employees, including disabled persons.

Information on the gender diversity of senior management and their direct reports is included in the Strategic Report in section 1.C.XIV. Human Capital Management and Employees.

Political Contributions

Carnival plc did not make any political contributions to any political organization during the year ended November 30, 2024 (2023—nil). Carnival plc's subsidiaries made political contributions to

organizations outside the UK during the year ended November 30, 2024 of approximately \$0.29 million (2023—nil).

Corporate Governance Statement

The corporate governance statement, prepared in accordance with rule 7.2 of the FCA's Disclosure Guidance and Transparency Rules, can be found in the Carnival plc Corporate Governance Report

attached as Annex C to the Proxy Statement. The Carnival plc Corporate Governance Report forms part of this Carnival plc Directors' Report and is incorporated into it by this reference.

Independent Auditor

Deloitte LLP, the independent auditor of Carnival plc, has indicated its willingness to continue in office and a resolution that Deloitte LLP be appointed as the

independent auditor of Carnival plc for the fiscal 2025 audit will be proposed at the 2025 Annual General Meeting.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Carnival plc Annual Report in accordance with applicable law and regulations for each financial year.

Under company law, the Directors have prepared the group financial statements in accordance with UK-adopted international accounting standards and the parent company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising the FRS 101 "Reduced Disclosure Framework" and applicable law).

Company law requires the Directors to prepare financial statements for each financial year. Under that law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of Carnival plc and the Carnival plc group and of the profit or loss of the Carnival plc group for that period.

In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK-adopted international accounting standards have been followed for the group financial statements and United Kingdom Accounting Standards, comprising FRS 101 and applicable law have been followed for the parent company financial statements; and
- prepare the group and parent company financial statements on the going concern basis unless it is inappropriate to presume that the group and company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain Carnival plc's and Carnival plc group's transactions and disclose with reasonable accuracy at any time the financial position of Carnival plc and the Carnival plc group and to enable them to ensure that the Carnival plc Annual Report complies with the Companies Act.

The Directors are also responsible for safeguarding the assets of Carnival plc and the Carnival plc group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on its website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Each of the Directors, whose names and functions are listed in the Proxy Statement, confirms that, to the best of his or her knowledge:

- (a) the Carnival plc group financial statements, which have been prepared in accordance with UK-adopted international accounting standards, give a true and fair view of the assets, liabilities, financial position and profit or loss of the Carnival plc group;
- (b) the Carnival plc parent company financial statements, which have been prepared in accordance with United Kingdom Accounting Standards, comprising FRS 101 and applicable law, give a true and fair view of the assets, liabilities, financial position and profit or loss of Carnival plc;
- (c) the Directors' Report attached as Annex A to the Proxy Statement and the Strategic Report include a fair review of the development and performance of the business and the position of the Carnival plc group and Carnival plc, together with a description of the principal risks and uncertainties that they face; and
- (d) the Carnival plc Annual Report taken as a whole, is fair, balanced and understandable and provides the information necessary for the shareholders of Carnival plc to assess the position and performance, business model and strategy of the Carnival plc group and Carnival plc.

As part of the process to reach the conclusion in (d) above as well as the overall annual report review process, the Audit Committees received and reviewed

drafts of the components of the annual report and provided feedback at a meeting with management to discuss the disclosures in advance of our fiscal year end. Feedback received was appropriately addressed ahead of the January meeting of the Audit Committees where the updated draft Annual Report was reviewed and the January meeting of the Boards where the final Annual Report was reviewed and approved.

In the case of each Director in office at the date the Directors' Report is approved:

- so far as the Director is aware, there is no relevant audit information of which the Carnival plc group's and Carnival plc's auditor is unaware; and
- they have taken all the steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that Carnival plc group's and Carnival plc's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

This Directors' Report was approved by the Board of Directors and is signed by order of the Board of Directors by

A handwritten signature in black ink, appearing to read 'Doreen S. Furnari'.

Annex B—Carnival plc Directors' Remuneration Report (Part II)

Certain information required to be included in the Carnival plc Directors' Remuneration Report is set forth in Part I (which is also known as the Compensation Discussion and Analysis) and in the "Non-Executive Director Compensation" and "Compensation Tables" sections of the 2024 Notice of Annual Meetings and Proxy Statement to which this Report is annexed (the "Proxy Statement"). The Compensation Discussion and Analysis and the relevant parts of the Proxy Statement should be read in conjunction with this Part II.

Parts I and II of the Carnival plc Directors' Remuneration Report form part of the Carnival plc Annual Report for the year ended November 30, 2024. Carnival plc and Carnival Corporation are separate legal entities (together referred to as "Carnival Corporation & plc") and each company has its own Board of Directors and Compensation Committee. However, as required by the agreements governing the dual listed company ("DLC") arrangement, there is a single management team and the Boards of Directors and members of the Committees of the Boards are identical. Accordingly, consistent with prior years, we have included remuneration paid by Carnival Corporation and Carnival plc in the Carnival plc Directors' Remuneration Report. The Directors are primarily paid by Carnival Corporation as part of the DLC arrangement.

Both Parts I and II of the Carnival plc Directors' Remuneration Report are in compliance with Schedule 8 of the LMC Regulations and the UK Corporate Governance Code, the UK Companies Act 2006 ("Companies Act") and the UK Listing Rules of the FCA. In particular, our executive compensation program takes into account the principles outlined in Provision 40 of the UK Corporate Governance Code, as set forth in Part I and Part II of the Carnival plc Directors' Remuneration Report.

The Carnival plc Directors' Remuneration Report (other than the Carnival plc Directors' Remuneration Policy which is set out in Section 3 of this Part II) is subject to an advisory (non-binding) vote at the 2025 Annual General Meeting. Section 2 of this Part II is the Implementation Section, which contains the disclosures in respect of the actual pay outcomes for fiscal 2024 and the anticipated outcomes for fiscal 2025 when implementing the Directors' Remuneration Policy approved in April 2023 and the updated Directors' Remuneration Policy subject to shareholder approval at the 2025 Annual General Meeting. Section 3 contains the updated Directors' Remuneration Policy, which is subject to a binding vote at the 2025 Annual General Meeting and will, if approved, take effect from April 16, 2025.

1. Statement by Randy Weisenburger, Chair of the Compensation Committees

The major decisions on Directors' remuneration and the changes to Directors' remuneration during the year (and the context for these decisions and changes) are summarized in the "Executive Summary" section in Part I of the Carnival plc Directors' Remuneration Report as well as my other letter as Chair of the Compensation Committees set out in Part I of the Carnival plc Directors' Remuneration Report.

Our pay practices are consistent with best and established market practice provisions in the U.S. where, for example it is not common to defer the release of long-term incentive grants following their vesting or to require executives to maintain a

shareholding following their departure from the group. The Compensation Committees have considered the potential implications of adopting such developments in UK practice since the last policy review and concluded that it would both unnecessarily place Carnival Corporation & plc at a competitive disadvantage to other large U.S. headquartered companies and that the corresponding increase in the overall quantum of pay required to offset the diminution in the packages arising from such provisions would not be in the interests of shareholders. The Compensation Committees will

keep such matters and whether they become more prevalent in the U.S. under review.

The performance results for fiscal 2024 short and long-term incentives are detailed in Part I. The Compensation Committees considered the outcome under the terms of the various variable pay arrangements and approved the results without application of discretion as described in "2024 MIP Annual Cash Bonus Performance Results".

A new Directors' Remuneration Policy is being submitted to shareholders for approval at the 2025

Annual Meetings of Shareholders. The Directors' Remuneration Policy sets the framework under which the Compensation Committees make pay decisions affecting our Executive and Non-Executive Directors. The Compensation Committees continue to consider the Directors' Remuneration Policy (after giving effect to the proposed changes set out in Section 3) to be appropriate, including the overall pay levels, having regard to the Executive Directors' positioning relative to the Peer Group set out in Part I.

2. Implementation Section

2.1 IMPLEMENTATION OF APPROVED POLICY

The Directors' Remuneration Policy that is currently in effect (the "2023 Policy") was approved by the Carnival Corporation and Carnival plc shareholders at the Annual General Meeting held on April 21, 2023 with over 98% shareholder support. The 2023 Policy will be operated by Carnival plc until a new Directors' Remuneration Policy is approved. A new, updated Directors' Remuneration Policy is being proposed for shareholder approval at the 2025 Annual General Meeting (the "2025 Policy"). The 2025 Policy is included within Annex B of this 2024 Notice of Annual Meetings of Shareholders and Proxy Statement, which is available on our website at www.carnivalcorp.com and www.carnivalplc.com. The Compensation Committees have regard to the UK Corporate Governance Code and are satisfied that

the 2023 Policy supports the long-term success of Carnival Corporation & plc and includes due regard to corporate and social responsibility issues and to managing risk within the group. The 2025 Policy (after giving effect to the proposed changes set out in Section 3) will be implemented for fiscal 2025 consistent with the descriptions of the 2025 compensation described in the tables below and in accordance with the approach to implementation set out in the compensation philosophy overview and disclosures found in Part I.

During the year, the following actions were taken for 2024 or anticipated for fiscal 2025 when implementing the 2023 Policy and the 2025 Policy, subject to shareholder approval:

	Fiscal 2025 Annual Bonus—Performance measures and targets (not audited)				
	<p>We will continue using a quantitative performance-based incentive program in 2025, with pre-defined metrics and goal levels consistent with the process set out in the "Annual Bonuses" section in Part I. For fiscal 2025, the quantitative performance measures are expected to be adjusted Operating Income and environmental, safety, security, and sustainability results. The specific performance targets for fiscal 2025 will be disclosed at the end of the performance period in the Carnival plc Directors' Remuneration Report for fiscal 2025, as the Boards of Directors consider them strategic and commercially sensitive to disclose at this time.</p>				
	<p>For fiscal 2025, Mr. Weinstein's target bonus will be increased from \$2,800,000 to \$2,900,000 (with the maximum possible bonus being 200% of this level) as part of adjustments to bring target CEO compensation closer to median Peer Group pay, in line with our compensation philosophy. When combined with the changes to base salary described above and annual long-term incentives described below, Mr. Weinstein's annual target compensation aligns with market median (based on FW Cook's review of the Peer Group data).</p>				
	<p>Mr. Arison does not participate in our performance-based annual bonus program.</p>				
	<p>As reported in the "Annual Bonuses" section in Part I, the annual bonus program includes clawback features that will require participants to reimburse us for all or a portion of payments received under the program in the case of a participant's wrongdoing that results in a material restatement of our financial statements.</p>

LONG-TERM INCENTIVE COMPENSATION	Long-Term Incentive Compensation in Fiscal 2024 (audited)
	<p>Descriptions of the share grants made to Mr. Weinstein during fiscal 2024 and their vesting conditions are set out in the “Disclosure and the Timing of Long-Term Incentive and Equity-Based Compensation” section in Part I. No long-term incentive compensation was made to Mr. Arison in fiscal 2024.</p>
	Long-Term Incentive Compensation in Fiscal 2025 (not audited)
<p>The long-term incentive compensation for fiscal 2025 for Mr. Weinstein will include a performance-based restricted stock unit (“PBS”) grant with a target value of \$6.9 million and a time-based restricted stock unit (“TBS”) grant with a value of \$4.6 million after application of an increase related to adjustments to bring target CEO compensation closer to median Peer Group pay, in line with our compensation philosophy. These values also reflect a larger portion of total target compensation being allocated to equity incentives as compared to fiscal 2024 total target compensation. Long-term incentive compensation targets for Mr. Weinstein are nearer to, but still lower than, market median following this increase (based on the review of our Peer Group data).</p>	
<p>The monetary amount referred to for the PBS grant are subject to quantitative performance conditions that will be applied to the target number of PBS at the end of the three-year performance period. The performance measures for the PBS grant may include financial or other performance measures. The specific quantitative performance measures and goals will be disclosed in the Carnival plc Directors' Remuneration Report for fiscal 2025 as the Boards of Directors consider them strategic and commercially sensitive to disclose at this time. The specific performance targets will be disclosed after the end of the performance period in the Carnival plc Directors' Remuneration Report for fiscal 2027 as the Boards of Directors consider them strategic and commercially sensitive to disclose at this time. The monetary amount referred to for the TBS grant has three-year annual pro-rata vesting and is subject to continued employment. As explained in the “Equity-Based Compensation” section in Part I, grants are calculated by reference to the value of shares to facilitate external comparisons and also comparison to other forms of compensation.</p>	
<p>No long-term incentive compensation will be made to Mr. Arison in fiscal 2025.</p>	
BENEFITS	Benefits in Fiscal 2024 (audited)
	<p>The detailed benefits provided to Mr. Arison are described in the footnotes to the “Single Figure Table” below. The detail of benefits provided to Mr. Weinstein is set out in the “All Other Compensation” table in the “Executive Compensation” section of the Proxy Statement.</p>
Benefits in Fiscal 2025 (not audited)	
<p>Benefits provided to Mr. Arison and Mr. Weinstein in fiscal 2025 are expected to be similar to those provided in fiscal 2024, except that Mr. Weinstein and Mr. Arison may receive an allowance in lieu of the executive health insurance program (including the fully insured plan and the secondary medical reimbursement plan), which is being discontinued.</p>	
PENSIONS	Pensions in Fiscal 2024 (audited)
	<p>Details of the pension plan that Mr. Arison participated in in fiscal 2024 are set out in “Total Pension Entitlements” section. Mr. Arison does not have any accrued benefits under his pension plan as of November 30, 2024. Mr. Weinstein does not have any pension entitlements other than employer contributions to Mr. Weinstein under the Carnival Corporation Fun Ship Savings Plan, a 401(k) plan.</p>
	Pensions in Fiscal 2025 (not audited)
<p>No material changes to the arrangements are anticipated for 2025.</p>	

Compensation Policy	Actions Taken
STOCK OWNERSHIP POLICY	<p>Stock Ownership Policy (audited)</p> <p>A description of the stock ownership policy applicable to Executive Directors is set out in the "Stock Ownership Policy" section in Part I. New Executive Directors are expected to be in compliance with the stock ownership policy within five years of the date of becoming an Executive Officer. Messrs. Arison and Weinstein were in compliance with the stock ownership policy as of November 30, 2024.</p>

NON-EXECUTIVE DIRECTORS

Compensation Element	Actions Taken
FEES AND ANNUAL STOCK GRANTS	<p>Fees in Fiscal 2024 (not audited)</p> <p>As described in last year's Carnival plc Directors' Remuneration Report, during fiscal 2024, Non-Executive Directors received a \$110,000 annual retainer. For fiscal 2024, the Senior Independent Director received an additional retainer of \$50,000 per annum. In addition, Non-Executive Directors received additional compensation of \$30,000 or \$10,000, respectively, for serving as Chair or a Member of a Board Committee, per each Committee.</p> <p>Restricted Share Grants in Fiscal 2024 (audited)</p> <p>Each Non-Executive Director elected or re-elected in April 2024 received share grants worth approximately \$195,000 on April 8, 2024. Each of these grants was based on the average of the closing prices of a Carnival Corporation share over a 10-business day period ending on the grant date (\$16.06).</p> <p>The restricted shares vest on April 21, 2027 and are not forfeited if a Director ceases to be a Director after having served as a Director for at least one year.</p> <p>Fees in Fiscal 2025 (not audited)</p> <p>No material changes to the arrangements are anticipated for 2025.</p> <p>Restricted Share Grants in Fiscal 2025 (not audited)</p> <p>Beginning in 2025, the Boards wish to change practice to grant unrestricted shares which may include a one-year vesting period for Non-Executive Directors with less than one year of service on the Boards.</p>

Compensation Policy	Actions Taken
STOCK OWNERSHIP POLICY	<p>Stock Ownership Policy (audited)</p> <p>A description of the stock ownership policy applicable to Non-Executive Directors is set out in Section 2.11 Directors' Shareholding and Share Interests below. New Non-Executive Directors must achieve this requirement no later than five years from the date of their initial election to the Boards of Directors by the shareholders. Each of the Non-Executive Directors serving in fiscal 2024 is in compliance with this Board-mandated requirement having met the required ownership target, except Ms. Connors who is in compliance by virtue of being in the initial five-year period.</p>

2.2 SERVICE CONTRACTS (NOT AUDITED)

Because Directors do not have formal agreements, it is not feasible to include a table with the unexpired terms.

Non-Executive Directors are appointed under terms set out in a letter of appointment. They do not have service contracts and their appointments can be terminated (by

the Boards of Directors) without any compensation on termination. However, they may retain their share grants (if they have already served for at least one year) and may receive a departing gift of up to \$25,000 in value.

2.3 COMPENSATION COMMITTEES (NOT AUDITED)

The membership of the Compensation Committees during the year consisted of four members who are deemed independent by the Boards of Directors:

- Randy Weisenburger (Chair);
- Jason Cahilly;
- Helen Deeble; and
- Laura Weil.

The members of the Compensation Committees are appointed by the Boards of Directors based on the recommendations of the Nominating & Governance Committees. Further details regarding the Compensation Committees (including the number of meetings of the Compensation Committees held in fiscal 2024 and the attendance of the members at such meetings) can be found in the Carnival plc Corporate Governance Report attached as Annex C to the Proxy Statement.

Details of the Compensation Committees' process for making compensation determinations, including the advice provided by internal colleagues and external advisors are set out in the "Process for Making Compensation Determinations" section in

Part I. As stated in Part I, FW Cook & Co., Inc. (together with its UK affiliated firm, FIT Remuneration Consultants LLP, which is a member of the Remuneration Consultants Group, the UK professional body, and complies with its code of conduct) were appointed by the Compensation Committees as their external advisors. The advisors were appointed following a tender process and are subject to an ongoing periodic review by the Compensation Committees of their independence and quality. They provide no other services to Carnival Corporation & plc and, accordingly, are considered independent by the Compensation Committees and to provide objective advice.

FW Cook and FIT Remuneration Consultants LLP have each provided their written consent to the form and content of their references in the Carnival plc Directors' Remuneration Report and the Proxy Statement.

Fees paid to the Compensation Committees' external advisors in fiscal 2024 were \$311,716 to FW Cook and \$21,149 to FIT Remuneration Consultants LLP, such fees being charged as an annual retainer for specified services and an hourly rate for any additional requested services and advice provided.

2.4 SHAREHOLDER VOTING ON REMUNERATION MATTERS (NOT AUDITED)

The Annual Meetings of Shareholders of Carnival Corporation and Carnival plc were held on April 5, 2024. The results of the shareholder vote on remuneration matters were as follows:

Proposal	FOR		AGAINST		ABSTAIN	BROKER NON-VOTES
	Number of Votes	%	Number of Votes	%	Number of Votes	Number of Votes
To hold a (non-binding) advisory vote to approve the fiscal 2023 compensation of the Named Executive Officers of Carnival Corporation & plc	615,132,160	96.9	19,873,699	3.1	1,762,394	201,653,034
To hold a (non-binding) advisory vote to approve the Directors' Remuneration Report (other than the part containing the Carnival plc Directors' Remuneration Policy set out in Section B of Part II of the Carnival plc Directors' Remuneration Report) (as set out in the annual report for the year ended November 30, 2023)	616,873,377	97.2	17,759,162	2.8	2,135,714	201,653,034

The last shareholder vote on the Carnival plc Directors' Remuneration Policy was held during the April 21, 2023 Annual Meetings of Shareholders of Carnival Corporation and Carnival plc, and the results of that vote were as follows:

Proposal	FOR		AGAINST		ABSTAIN	BROKER NON-VOTES
	Number of Votes	%	Number of Votes	%	Number of Votes	Number of Votes
To approve the Carnival plc Directors' Remuneration Policy set out in Section B of Part II of the Directors' Remuneration Report as set out in the annual report for the year ended November 30, 2022	510,280,823	98.2	9,221,491	1.8	19,335,742	235,161,369

Carnival Corporation & plc has a long-standing shareholder outreach program and routinely interacts with shareholders on a number of matters, including executive compensation. The Compensation Committees consider all constructive feedback received about executive compensation.

During fiscal 2024, we have continued to engage with shareholders to seek feedback on our compensation program, and to incorporate that feedback in our compensation discussions. We engaged with a significant number of our shareholders throughout the year. Our Senior Independent Director and Presiding Director (who is also the Chair of our Compensation Committees) participated in select meetings to discuss our compensation program.

The feedback we received throughout fiscal 2024 indicated that shareholders were pleased with the 2024 program structure as described in our 2024 Proxy Statement. As a result, the Compensation Committees maintained the quantitative and performance-based structure of our executive compensation program for fiscal 2025, as previously disclosed.

The Compensation Committees have and will continue to consider results from the annual shareholder advisory votes, including the next vote in April 2025, as well as other shareholder input, when evaluating executive compensation programs and policies.

2.5 PERFORMANCE GRAPH AND TABLE (NOT AUDITED)

The graphs below show a comparison of a hypothetical investment of \$100 in Carnival Corporation common stock and Carnival plc ordinary shares against the S&P 500 index for the period from December 1, 2014 to November 30, 2024. The graphs have been calculated on a U.S. dollar basis. We consider S&P 500 index to be an appropriate index for purposes of this comparison as it is a broad-based index and Carnival Corporation has been a constituent of the index for many years.

2. IMPLEMENTATION SECTION

The following table sets out, for our CEO, the total remuneration as seen in the Single Figure Table, the bonus paid as a percentage of the maximum

opportunity and the number of shares that have vested against the maximum number of shares that could have been received over a 10-year period.

Year	Name	Single Figure of Total Remuneration (\$000)	Annual Bonus as a % of Maximum	PBS Vesting as a % of Maximum	ERA Vesting as a % of Maximum	SEA Vesting as a % of Maximum
2024	Mr. Weinstein	17,424	94	N/A ⁽¹⁾	100 ⁽²⁾	N/A
2023	Mr. Weinstein	10,309	93	N/A ⁽¹⁾	N/A	N/A

2016	Mr. Donald	32,132	76	94	N/A	N/A
2015	Mr. Donald	10,621	87	80	N/A	N/A

- (1) No PBS performance period ended in fiscal 2023 or fiscal 2024. The next PBS grant performance period, for the grant made in April 2023, will end November 30, 2025.
- (2) ERA is a one-time retention and business recovery incentive granted to Mr. Weinstein prior to his appointment as CEO. The performance period ended in fiscal 2024 and the incentive will be paid in February 2025.
- (3) The fiscal 2022 figures have been prorated for each individual to reflect the period in office as a CEO.
- (4) Reflects PBS percentages for 2022 consisting of the annual 2020 PBS vesting at 76.11% out of a possible 200% (or 38% as a percentage of maximum) and the 2020 sustainability PBS vesting at 135.56% out of a possible 150% (or 90% as a percentage of maximum), respectively. The 2020 sustainability PBS grants were made to Mr. Weinstein and Mr. Donald in 2020 and the program ended following the end of the performance period in 2022.

2.6 PERCENTAGE CHANGE IN PAY OF EACH DIRECTOR—FISCAL 2020 TO FISCAL 2024 (NOT AUDITED)

The prescribed pay elements are salaries, retainers, taxable benefits and annual bonus outcomes. Information in respect of global employees of Carnival plc is used for the purposes of this comparison, as required by the LMCg Regulations. The percentages

have been calculated using a full-time equivalent weighted-average number of global employees of Carnival plc. The disclosure will build up over time to cover a rolling five-year period.

(1) Ms. Connors joined the Boards of Directors effective April 5, 2024.

(2) Mr. Weinstein was appointed to the Boards of Directors effective August 1, 2022. Year-on-year change figures were calculated using the pro-rated pay for the time he was CEO in fiscal 2022 and full year pay for subsequent years.

2.7 UK CEO PAY RATIO (NOT AUDITED)

In line with UK reporting requirements to which Carnival plc became subject in fiscal 2020, set out below are ratios which compare the total remuneration of the person(s) who served as our CEO(s), as included in Section 2.9 Single Figure Table, to the remuneration of the 25th, 50th and 75th percentile of UK employees of Carnival plc and its subsidiaries. The disclosure will build up over time to cover a rolling 10-year period.

Fiscal Year	Method	PAY RATIO		
		25th Percentile	50th Percentile (median)	75th Percentile
2024	Option A	540:1	990:1	1,504:1
2023	Option A	960:1	607:1	301:1
2022	Option A	753:1	440:1	202:1
2021	Option A	2,083:1	1,359:1	424:1
2020	Option A	184:1	106:1	58:1

The pay ratios have been calculated using Option A as we consider this the most straight-forward approach from the options available in the LMCG Regulations and is consistent with the information and methodology used in determining the U.S. CEO Pay Ratio disclosed in the Proxy Statement. Option A requires the calculation and ranking, from lowest to highest, of the pay and benefits of UK employees for the relevant fiscal year, to identify those at the 25th, 50th and 75th percentiles. The total CEO pay for fiscal 2024 is \$17,423,151.

2. IMPLEMENTATION SECTION

The base salary and total remuneration received during the fiscal 2024 year by the indicative employees as of September 30, 2024 on a full-time equivalent basis used in the above analysis are set out below:

	25th Percentile (\$)	50th Percentile (median) (\$)	75th Percentile (\$)
Base Salary	11,584	17,595	32,293
Total Remuneration	11,584	17,595	32,293

The figures above include gratuities directly billed to our guests, if applicable, but excludes any cash gratuities that may be paid directly to an employee by guests. It also excludes room and meals, transportation to and from the ship, and medical care, which are provided to our crew members without charge.

Factors influencing this year's result include the 2024 annual bonus and 2022 ERA incentive program outcomes for the CEO.

The UK CEO Pay Ratio is likely to vary, potentially significantly, over time since it will be driven largely by variable pay outcomes for our CEO and changes in our employee population over time. As a result, and depending on our performance and employee population, the UK CEO Pay Ratio could increase or decrease significantly in future fiscal years. For the reasons described above, the median ratio may not be representative of our pay and progression policies.

2.8 RELATIVE IMPORTANCE OF SPEND ON PAY (NOT AUDITED)

- (1) No profits were distributed by way of dividend or by way of share buyback during fiscal 2024 and fiscal 2023.
- (2) Overall expenditure on pay has been calculated on a broadly consistent approach to the standard UK approach to calculating this amount and includes all global staff using normal accounting conventions for benefits and includes expected value assumptions in respect of share grants and so is not consistent with methodologies used elsewhere in this Part II.

2.9 SINGLE FIGURE TABLE (AUDITED)

EXECUTIVE DIRECTORS

The compensation of the Executive Directors of Carnival Corporation and Carnival plc for fiscal 2024 and 2023 is as follows:

\$000		Executive Director			
		Josh Weinstein		Micky Arison	
		2024	2023	2024	2023
Salary		1,395	1,250	0 ⁽¹⁾	0

Total – Variable		15,375	8,611	—	0
Total		17,424	10,309	127	107

- (1) Effective April 1, 2020, at Mr. Arison's request, Carnival Corporation suspended his salary. The suspension remained in effect through November 30, 2024.
- (2) Details of the matters for Mr. Weinstein provided within "Benefits" are disclosed in (and taken from) the "All Other Compensation" table in the "Compensation Tables" section of the Proxy Statement (other than employer contributions to Mr. Weinstein under the Carnival Corporation Fun Ship Savings Plan, a 401(k) plan, which are included in "Pension"). Benefits provided to Mr. Weinstein include (\$000): compensation in lieu of Savings Plan profit-sharing contributions (\$531), private medical health insurance costs (\$66.7), automobile lease or allowance (\$24), and the following other benefits: spousal meals (\$12); tax planning and return preparation fees (\$3.5); accidental death or dismemberment and disability and life insurance premiums (\$2.4); and personal travel (\$1.5). Benefits provided to Mr. Arison include (\$000): private medical health insurance costs (\$61.5), driver and security (\$31.4), automobile lease or allowance (\$20), and the following other benefits: automobile repair and expenses (\$8.3); payments to cover premiums on certain benefits and associated tax gross up (\$3.6); accidental death or dismemberment and disability and life insurance premiums (\$2); and spousal meals (\$0.7). Consistent with past practice, benefits reflect the position under U.S. rules as no UK tax is payable.
- (3) Represents employer contributions under the Carnival Corporation Fun Ship Savings Plan, a 401(k) plan.
- (4) Details of the performance measures and targets applicable to the annual bonus for fiscal 2024 are set out in "Implementation of Approved Policy" section above and in the "Annual Bonuses" section in Part I of the Carnival plc Directors' Remuneration Report. No element of the annual bonus is subject to deferral.
- (5) Details of the performance measures and targets applicable to the ERA, a one-time retention and business recovery incentive granted in 2022, are set out in the "Earnings Recovery Alignment Performance Incentive Program" section in Part I of the Carnival plc Directors' Remuneration Report. The ERA was granted to Mr. Weinstein prior to becoming CEO and Director.
- (6) No multi-year incentive programs concluded in fiscal 2023 or fiscal 2024.
- (7) The 2024 amount includes the value of the 2024 TBS grant which is subject to time vesting and continued employment.

NON-EXECUTIVE DIRECTORS

Compensation of our Non-Executive Directors is set by the Boards, upon recommendation of the Compensation Committees following the Compensation Committees' annual review of Director compensation. No Non-Executive Director is involved in approving their own compensation.

The compensation of the Non-Executive Directors of Carnival Corporation and Carnival plc for fiscal 2024 is as follows. The format is different from the preceding table for Executive Directors as certain aspects (such as bonus and pension) do not apply to Non-Executive Directors.

Annex B—Carnival plc Directors' Remuneration Report (Part II)

2. IMPLEMENTATION SECTION

Laura Weil	155	133	190	175	245	307
Randy Weisenburger	206	173	190	175	396	347

(1) The reported figures are the value of the grants made during the year using April 8, 2024 closing price of a share of Carnival Corporation common stock (\$15.66).

(2) Ms. Connors joined the Boards in April 2024.

The Non-Executive Directors did not receive any benefits in fiscal 2024 and 2023, other than Sir Jonathon and Ms. Mathew who received a benefit in 2024 representing the incremental cost of them and their spouse sailing on a cruise (\$210 each) and Mr. Cahilly and Ms. Lahey who received a benefit in 2023 representing the incremental cost of their spouses sailing on a cruise (\$105 each). The aggregate emoluments (being salary, bonuses, fees and benefits, and excluding long-term incentives and pensions) of all Directors during fiscal 2024 were approximately \$8.8 million.

2.10 SCHEME INTERESTS MADE TO DIRECTORS IN FISCAL 2024 (AUDITED)

The LMCG Regulations require disclosure of grants made in the year plus a table of aggregate outstanding grants, separately detailing grants that vest in the

year. The latter information is included in Section 2.11 Directors' Shareholding and Share Interests below.

Randy Weisenburger	4/8/2024	Restricted Stock	12,141	190,128	N/A	100	4/21/2027

(1) The terms of PBS and TBS incentive programs to Mr. Weinstein and the terms of restricted stock grants to Non-Executive Directors and the basis on which these grants are made are summarized in the table above are described in the "Non-Executive Director Compensation" and "Compensation Tables" sections of the Proxy Statement. Although subject to a future vesting date, a Non-Executive Director restricted stock grant becomes non-forfeitable one year after their first election to the Boards.

(2) Face values for all grants are calculated using the closing prices of a share of Carnival Corporation common stock at the relevant grant date, being \$15.66 at April 8, 2024 for Mr. Weinstein and all Non-Executive Directors.

(3) The restricted stock grants to Non-Executive Directors do not include performance conditions.

(4) The face value of this grant reflects the target value. The performance period is fiscal 2024 to 2026. If the performance conditions are fully met, vesting may be at up to 200% of the percentage indicated of the target number of shares where indicated.

2.11 DIRECTORS' SHAREHOLDING AND SHARE INTERESTS (AUDITED)

The stock ownership policies for Executive and Non-Executive Directors provide that all Executive and Non-Executive Directors are required to own shares (inclusive of unvested restricted shares, RSUs and shares in a trust beneficially owned by a Director) of either Carnival Corporation common stock or Carnival plc ordinary shares with a value equal to six times base salary for the CEO and the Executive Chair and five times the cash retainer for Non-Executive Directors while they are employed or serving. All new Directors must achieve this requirement no later than five years from the date of their initial appointment or election to the Boards by the shareholders. The stock ownership policies for Executive and Non-Executive Directors provide that a Director will be deemed to be in compliance with the ownership requirements if the decline in the

Carnival Corporation or Carnival plc share price results in the Director falling below the applicable ownership level, provided that they were in compliance prior to the share price movement and do not sell or transfer ownership of any such shares until after the ownership target has again been achieved, unless otherwise approved by the Boards of Directors. Each of the Directors serving in fiscal 2024 is in compliance with this Board-mandated requirement, having met the required ownership target, except Ms. Connors who is in compliance by virtue of being in the initial five-year period.

The following table shows the total outstanding shares as at November 30, 2024 under any incentive plans, as well as shares that vested during fiscal 2024:

* For consistency with the "Share Ownership of Certain Beneficial Owners and Management" section of the Proxy Statement, the above table includes restricted stock (but not RSUs) held. For RSUs held by Josh Weinstein, the only Director who holds RSUs, see the first and second columns in the prior table.

** As part of the establishment of the DLC arrangement, Carnival plc issued a special voting share to Carnival Corporation, which transferred such share to the trustee of the P&O Princess Special Voting Trust (the "Trust"), a trust established under the laws of the Cayman Islands. Shares of beneficial interest in the Trust were transferred to Carnival Corporation. The trust shares represent a beneficial interest in the Carnival plc special voting share. Immediately following the transfer, Carnival Corporation distributed such trust shares by way of a dividend to holders of shares of common stock of Carnival Corporation. Under a pairing agreement, the trust shares are paired with, and evidenced by, certificates representing shares of Carnival Corporation common stock on a one-for-one basis. In addition, under the pairing agreement, when a share of Carnival Corporation common stock is issued to a person after the implementation of the DLC arrangement, a paired trust share will be issued at the same time to such person. Each share of Carnival Corporation common stock and the paired trust share may not be transferred separately. Each share of Carnival Corporation common stock and the paired plc special voting share are listed and trade together on the New York Stock Exchange under the ticker symbol "CCL." Accordingly, each holder of Carnival Corporation common stock is also deemed to be the beneficial owner of an equivalent number of trust shares.

(1) Includes (i) 968,683 shares of common stock held by the Nickel KA 2022 Annuity Trust No. 1, (ii) 1,287,758 shares of common stock held by the Nickel KA 2022 Annuity Trust No. 2, (iii) 304,217 shares of common stock held by the Nickel KA 2023 Annuity Trust No. 1, (iv) 690,496 shares of common stock held by the Nickel KA 2024 Annuity Trust No. 1, (v) 80,736,445 shares of common stock held by MA 1994 B Shares, L.P., (vi) 841,506 shares of common stock held by the NA 2017-08 Trust and (vii) 841,506 shares held by the KA 2017-08 Trust.

(2) Ms. Connors joined the Boards effective April 5, 2024.

(3) Holdings are net of shares sold or withheld to cover tax.

(4) Includes 961,238 shares held by Mile 26 Capital LLC.

There were no changes in the above share interests between December 1, 2024 and January 13, 2025, the latest practicable date.

2.12 TOTAL PENSION ENTITLEMENTS (AUDITED)

Mr. Arison continues to be eligible for a benefit under the Carnival Corporation Nonqualified Retirement Plan for Highly Compensated Employees (the "Retirement Plan"). Mr. Arison's benefits under the Retirement Plan were calculated based on age, length of service with Carnival Corporation and the average of his five highest consecutive years of compensation out of the last 10 years of service. The benefit formula provides an annual benefit accrual equal to 1% of his earnings for the year up to "covered compensation" plus 1.6% of earnings for the year in excess of covered compensation then multiplied by his years of service up to a maximum of 30 years of

credited service. The elements of compensation to determine his benefits were his base salary and annual bonus up to the U.S. statutory limitations under Section 401(a)(17) of the U.S. Internal Revenue Code. Mr. Arison's accrued benefit was fully paid out in March 2020. It is not expected that Mr. Arison will accrue any additional benefits under the Retirement Plan under the terms of the program. Mr. Weinstein is not eligible to participate in the Retirement Plan.

Details of the retirement benefits of current Executive Directors arising from their participation in defined benefit pension arrangements are as follows:

Executive Director	Accrued Benefit ⁽¹⁾ at Nov. 30, 2024 (\$000)	Increase in Accrued Benefits including Inflation (\$000)	Value of Increase in Accrued Benefits Net of Inflation and Directors' Contributions (\$000)
Micky Arison	0	0	0
Josh Weinstein	—	—	—

(1) The accrued benefit is that pension which would be paid annually on retirement at the normal retirement age of 65 under the Retirement Plan based on service to November 30, 2024. Current Directors are not entitled to any early retirement benefits.

2.13 PAYMENTS FOR LOSS OF OFFICE (AUDITED)

No payments for loss of office (as that term is defined in the LMCGR Regulations) were made during the year.

2.14 PAYMENTS TO PAST DIRECTORS (AUDITED)

Upon completion of the DLC transaction, Lord Sterling was appointed as Life President of P&O Cruises and Special Adviser to Micky Arison, Chair of Carnival Corporation & plc. As Special Adviser, Lord

Sterling is entitled to receive fees for his services at the rate of £25,000 per year payable in quarterly installments in arrears.

2.15 PROVISION 40 DISCLOSURES

The Compensation Committees believe that Executive Director remuneration policy and practices address all of the factors listed in Provision 40 of the UK Corporate Governance Code, as outlined below:

Clarity	Our compensation structure for Executive Directors is clearly and transparently explained and disclosed. We provide detailed disclosures on the performance measurements and vesting schedules used in annual and long-term incentives. We also conduct shareholder outreach to ensure shareholders understand our executive compensation program, and take into consideration their feedback, along with the results from the annual shareholder advisory votes on compensation-related matters.
Simplicity	Our compensation program for our Executive Directors includes elements that are disclosed and explained in detail and that link compensation for our CEO, the only Executive Director that received salary, annual incentive and long-term incentives in fiscal 2024, to our long-term success and interests of our shareholders.
Predictability	Target values, performance metric ranges and formulas for all performance-based compensation elements and payout ranges for bonuses are disclosed and explained. Use of discretion, if any, is also disclosed and explained.
Proportionality	The annual and long-term incentives for our CEO in fiscal 2024 are linked to the fulfilment of quantitative performance measures and align the CEO's compensation with our long-term performance and long-term value creation for our shareholders. The Compensation Committees retain discretion to ensure that rewards under the incentives reflect performance.
Risk	<p>Our Compensation Committees conduct an annual assessment, with support from management and the Compensation Committees' independent consultants, to ensure our executive compensation program does not encourage excessive risk taking. Our executive compensation program is based on a pay-for-performance philosophy and provides a mix of long-term and short-term cash and equity incentives that is intended to motivate management to drive performance in short and long term and align interests with our shareholders. Bonus payout is limited to 200% and performance ranges for all long-term incentives are disclosed and limited. Our policy limits the risk of unfair or excessive remuneration through the following measures:</p> <ul style="list-style-type: none"> • clearly defined limits on the maximum opportunities of incentives; • powers of discretion for our Compensation Committees to adjust formulaic outcomes of incentives to ensure payouts are aligned to performance; and • malus and clawback provisions on all incentives.
Alignment with Culture	Our CEO's compensation in fiscal 2024 is designed to drive behavior aligned with our culture, values and strategy, for example by tying annual and long-term incentives to achievement of health, environment, safety, security and sustainability measures, in addition to operating performance metrics. We also have a stock ownership policy which sets minimum shareholding requirements for our Executive Officers and all Directors.

Section 3: Directors' Remuneration Policy (not audited)

The following section contains the material required to be set out in the 2025 Policy for the purposes of Part 4 of the LMCGR Regulations. The Compensation Committees are proposing a new 2025 Policy at the 2025 Annual General Meeting primarily to permit us to enter into service agreements with Executive directors, increase to the cash retainer cap for Non-Executive Directors, allow for grants of unrestricted

stock to Non-Executive Directors, and to facilitate certain other minor changes, as described under "Changes to the Policy" in Section 3.1. If approved by shareholders, the 2025 Policy is to take effect from April 16, 2025 (being the date of the Annual General Meeting).

3.1 FUTURE POLICY TABLES

GENERAL STATEMENT ON POLICY

The future policy tables set forth below apply in respect of the Directors. Once approved by the shareholders at the 2025 Annual General Meetings, they have mandatory force, which means that payments (whether of remuneration or for loss of office) may not be made outside the scope of the 2025 Policy without prior shareholder approval of an amendment to the 2025 Policy unless the payment (i) is required to be made as part of a legal obligation entered into before June 27, 2012 and such obligation has not been amended or renewed since, (ii) was agreed at a time where a previous policy,

approved by shareholders, was in place provided the payment is in line with the terms of that policy, or (iii) was agreed at a time when the relevant individual was not a Director of Carnival plc and the payment was not in consideration for the individual becoming a Director of Carnival plc. The 2025 Policy is in a similar format to the 2023 Policy and all key changes are summarized in an additional column to the tables. For a description of the Boards' processes to identify and mitigate conflicts of interests, please refer to "Board Balance and Independence" in the Carnival plc Corporate Governance Report.

EXECUTIVE DIRECTORS

Element	Purpose and Link to Strategy	Operation	Maximum	Performance Conditions	Changes to the Policy
CONTEXT OF POLICY	<p>As a U.S. headquartered business with most senior executives based in the U.S., the Compensation Committees' overall approach to total compensation is to set pay by reference to U.S. market practice. Similarly, the design of bonus and long-term incentives is largely driven from a U.S. context.</p> <p>All Executive Directors serving in fiscal 2024 or anticipated to serve in fiscal 2025 were located in the U.S.</p> <p>Carnival plc has been advised that, to comply with the regulations, each element of pay needs to be subject to a monetary limit. Those limits are to ensure such compliance and are not reflective of any form of aspiration and are unlikely to have any practical impact on setting appropriate compensation levels.</p>				
BASE SALARY	Provide a baseline level of fixed compensation that reflects level of responsibility.	<p>Salaries are reviewed after results for the prior fiscal year are available.</p> <p>Salaries may be increased if merited by performance or other market factors to attract or retain our executives.</p> <p>Each year a competitive market review is undertaken to assist the Compensation Committees in their assessments. This assessment is undertaken against companies that the Compensation Committees consider to be appropriate. This data is used to inform considerations rather than to benchmark to any particular peer group level and the Compensation Committees apply appropriate judgment in consideration of the data.</p>	As a consequence of the LMCG Regulations, the Compensation Committees need flexibility to consider appropriate increases so will operate to an individual cap of \$2.5 million per annum with this level increasing from the date of approval by the increase from the date of approval in U.S. Consumer Price Index or (a similar measure of inflation if this ceases to be readily available). It will apply the factors set out in the previous column in considering salary adjustments and will not automatically gravitate to the maximum.	None.	None.
ANNUAL BONUS	To focus executives' attention on achieving outstanding Carnival Corporation & plc performance against pre-determined financial targets as well as other relevant measures.	<p>The annual bonus plan is referred to as the Carnival Corporation & plc Management Incentive Plan ("MIP").</p> <p>Performance measures are chosen for each performance period to focus participants on achieving appropriate financial performance results as well as other relevant measures.</p> <p>At or following the commencement of each fiscal year, the Compensation Committees determine the target bonus for each participant by reference to such metrics they consider to be appropriate.</p>	<p>200% of target bonus. The Compensation Committees reserve the right to reduce (but not increase) this percentage.</p> <p>Target bonuses may be set on such basis as the Compensation Committees consider to be appropriate and, in particular, may be adjusted each year to reflect changes in the performance metrics for the year.</p>	The Compensation Committees may set such performance measures and targets for the annual bonus as they consider appropriate. These performance measures may be financial or non-financial and corporate, divisional or individual and in such proportions as the Compensation Committees consider appropriate.	None.

	<p>Provides flexibility in rewarding favorable individual and overall company performance.</p>	<p>Following the end of each fiscal year, the Compensation Committees confirm the performance condition outcomes and the preliminary bonus for each participant. This preliminary bonus is then moderated, which may increase or decrease the final bonus amount — see performance conditions.</p> <p>Bonuses are all currently paid in cash although the Compensation Committees reserve discretion to build in the ability to defer part of the bonus (whether into cash or shares).</p> <p>It is currently anticipated that the bonus will continue to be cash settled.</p>	<p>The target levels are set for each fiscal year as described in the preceding column. The LMCG Regulations refer to the need to set a maximum which will apply for up to a three-year period. The Compensation Committees will not set a target level in excess of \$5 million per Director.</p>	<p>The starting point for assessment of any financial targets will normally be to review the reported figures in the Annual Report although the Compensation Committees may make adjustments to the reported figures to determine a position which, in their view, better reflects the underlying performance.</p> <p>No payout is earned unless the threshold level of performance is met. At threshold, target and maximum, such level as the Compensation Committees determine for that year (currently: 50%, 100% and 200% of target respectively) will be provisionally granted. However, this amount is not thereby guaranteed as such provisional figure is subject to the Compensation Committees considering wider performance under the moderation described below.</p> <p>Moderation</p> <p>The Compensation Committees may moderate (up or down but in all cases subject to the over-riding bonus cap for that year) the preliminary bonus outcomes in relation to financial outcomes taking account of both technical factors (such as the impact of changes in accounting principles), unusual gains and losses and other events outside the control of management and individual performance (such as successful implementation of strategic initiatives) as more fully detailed in Part I. Such moderation is a judgmental assessment by the Compensation Committees and not subject to formulae.</p>

LONG-TERM INCENTIVE COMPENSATION	<ul style="list-style-type: none"> To recognize scope of responsibilities To reward demonstrated performance and leadership To motivate future superior performance To align the interests of the executive with our shareholders' long-term interests To encourage the retention of key executives 	<p>Each of Carnival Corporation & plc has adopted broad omnibus plans—the Carnival Corporation 2020 Stock Plan and the Carnival plc 2024 Employee Share Plan.</p> <p>Each of these plans permit equity grants to be made in a wide variety of forms including market value options, stock appreciation rights ("SARs") and restricted stock or restricted stock unit grants and cash-based awards, each of which may or may not be subject to vesting performance measures as the Compensation Committees consider appropriate.</p> <p>The Compensation Committees reserve the right to use all aspects of the omnibus plans as approved by the shareholders.</p> <p>Current practice (but without limiting the powers within the plan rules) is to operate a program under which one or more forms of grants are made each year. These may include, but are not limited to:</p> <ul style="list-style-type: none"> Performance-Based Share ("PBS") Grants: <ul style="list-style-type: none"> subject to a three-year performance-based vesting; allocations determined by taking account of aggregate market positioning of total direct compensation; allow a maximum vesting of up to 200% of the number of shares granted as the target grant with 50% (although different percentages may apply to future grants) of target payable for achieving the threshold; and no entrenched vesting regardless of performance on retirement included. 	<p>The Carnival Corporation 2020 Stock Plan and Carnival plc 2024 Employee Share Plan rules have individual maximum limits and the Compensation Committees operate to these limits.</p> <p>As those rules were drafted without regard to the UK regulations, the Compensation Committees have set a separate limit that grants, under all aspects of the plans, will not exceed \$25 million in the year of grant. This figure looks at levels before the application of any performance multiplier and looks at the cash value used to determine awards whether cash or equity denominated (if equity denominated, the cash amount will be converted to shares using a share price at or near to the date of grant or as a fixed number of shares). Under the rules, if options are granted, they are valued at one-third of the grant date value. It should be noted that this inner limit has been drafted to comply with the UK regulations and does not reflect an intent or aspiration (the CEO's fiscal 2025 target value is \$11.5 million).</p> <p>In practice, awards will be made having regard to competitive compensation data in the U.S. (and elsewhere as the Compensation Committees consider relevant) and to the Compensation Committees' assessment as to what is appropriate in light of business strategy, competitive data and the experience and caliber of the individuals.</p>	<p>The balance and mix of equity grants will be set at the discretion of the Compensation Committees and the Compensation Committees may set such performance conditions on the performance grants as they consider appropriate (whether financial, which may include, but not be limited to, earnings before interest and taxes ("EBIT"), operating income ("OI"), return on invested capital ("ROIC") or total shareholder return ("TSR") and/or non-financial and whether corporate, divisional or individual).</p> <p>The plans allow the Compensation Committees to exercise negative discretion, to reduce or eliminate the formulaic results of a performance grant.</p> <p>Performance grants may not be subject to additional performance conditions after the initial performance condition used to determine grant value is completed as the size of the initial grant may be determined by reference to pre-grant performance assessment.</p>	None.

LONG-TERM INCENTIVE COMPENSATION (CON'T)		<ul style="list-style-type: none"> • Time-Based Share (“TBS”) Grants: subject to a three-year annual pro-rata vesting; allocations determined by taking account of aggregate market positioning of total direct compensation. <p>Each form of performance or time-vested grant may be structured as restricted stock units with dividend equivalents accrued to vesting. In practice, PBS and TBS grants have been structured as restricted stock units and dividend equivalents have accrued to vesting. Consistent with US practice, once vested, the recipient may hold or sell the shares, subject to our Stock Ownership Policy.</p> <p>While not currently utilized for Executive Directors, the share plans described above permit the operation of share options and SARs and the grant of fully vested unrestricted stock. Both options and SARs operate similarly, with a market value “strike price” and vesting schedules to be determined at the time of grant in accordance with prevailing practice. The difference between share options and SARs relates only to the settlement process, with the exercise of SARs being satisfied by the issue or transfer of shares equal to the holder’s gain net of exercise prices and all relevant payroll taxes.</p> <p>Carnival Corporation & plc will honor the vesting of all grants made under previous policies in accordance with the terms of such grants.</p>			

Element	Purpose and Link to Strategy	Operation	Maximum	Performance Conditions	Changes to the Policy
BENEFITS	To provide perquisites representative of common practice for Executive Directors and to enable the Executive Director to give maximum attention to their role.	<p>The Compensation Committees review perquisites provided periodically.</p> <p>Details are set out in the All Other Compensation table in the Executive Compensation section of the Proxy Statement and may include, but are not limited to:</p> <ul style="list-style-type: none"> • various insurance policies • automobile lease or allowance • personal use of aircraft • other personal air travel • tax planning and return preparation fees • driver and security • the ability to take cruises under the cruise policy • living accommodations and maintenance (where considered appropriate) • relocation expenses <p>While the Compensation Committees do not consider it to form part of benefits in the normal usage of that term, they have been advised that travel and/or corporate hospitality (whether paid for by Carnival Corporation & plc or another and whether provided to the Director or a family member) may technically come within the UK definition so the Compensation Committees expressly reserve the right for Carnival Corporation & plc to authorize attendance at such activities within its agreed policies.</p> <p>Executive Directors are also eligible to participate in the employee stock purchase plans (or if applicable to them, equivalent non-U.S. plans) operated by Carnival Corporation & plc, in line with U.S. Internal Revenue Service or UK Her Majesty's Revenue and Customs guidelines, on the same basis as for other eligible employees.</p>	<p>The Compensation Committees reserve discretion to introduce new benefits where they conclude that it is in the interests of the Carnival Corporation & plc to do so, having regard to the particular circumstances and to market practice. The LMCG Regulations require that a maximum is prescribed for each element of compensation. It is not possible to prescribe the likely change in the cost of insured benefits or the cost of some of the other reported benefits so a monetary limit of \$1 million per executive has been set although, the Compensation Committees will monitor the costs in practice and ensure that the overall costs do not increase by more than what the Compensation Committees consider to be appropriate in all the circumstances.</p> <p>Consistent with prior years, the benefits have been valued in this Part II on a consistent basis to the Executive Compensation section of the Proxy Statement and the above limit will be assessed on this basis.</p>	N/A	None.

SECTION 3: DIRECTORS' REMUNERATION POLICY (NOT AUDITED)

Element	Purpose and Link to Strategy	Operation	Maximum	Performance Conditions	Changes to the Policy
PENSIONS	To attract and retain our Executive Directors.	<p>Defined benefit pension provision was fixed due to U.S. tax changes in 2009.</p> <p>For the CEO and new employees, the current approach is for them to join the all-employee pension arrangements (a qualified 401(k) savings plan) on the same basis as all U.S. employees of Carnival Corporation.</p> <p>While no change to the policy on pension provision is currently anticipated, the Compensation Committees reserve the right to consider the appropriate policy having regard to the needs of the companies and to relevant market data.</p> <p>Carnival Corporation & plc will honor the pensions obligations entered into under all previous policies in accordance with the terms of such obligations.</p>	<p>Details are set out in the table of "Total Pension Entitlements" in the Part I above.</p> <p>As indicated in the previous section, the LMCG Regulations require the Compensation Committees to operate with an overall cap for each element of remuneration and so a figure of \$1 million per year of annual accrued value per Executive Director has been selected although the Compensation Committees will also ensure that the costs operate within an inner limit of being aligned to the pension arrangements available to all or most U.S. employees of Carnival Corporation.</p>	N/A	To reflect changes made to the qualified 401(k) savings plan whereby "highly compensated" employees as defined under the Internal Revenue Code no longer participate in the profit share provisions of the plan.
STOCK OWNERSHIP GUIDELINES	For Executive Directors to build and maintain a long-term ownership position.	<p>The guidelines are not contractual and no penalty arises if the Executive Director does not comply.</p> <p>Under the guidelines, shares owned outright by the executive and their immediate family (and related trusts) together (and consistent with U.S. practice) with any outstanding time vested grants count towards the guidelines. The Compensation Committees reserve the right to amend these guidelines as they consider appropriate.</p> <p>The Committees note that the headline level of these guidelines is higher than is typical in for UK companies which is appropriate given our approach of following U.S. practices. Consistent with practice in the U.S., such guidelines do not continue following an executive's departure (although such an executive may continue to be at risk of recoupment under our clawback policies for a period).</p>	<p>Mr. Weinstein—six times base salary</p> <p>Mr. Arison—six times base salary</p> <p>Other senior executives have guideline levels of three or four times base salary.</p> <p>The Compensation Committees reserve the right to increase (but not reduce) these stock ownership guidelines.</p>	N/A	None.

Element	Purpose and Link to Strategy	Operation	Maximum	Performance Conditions	Changes to the Policy
CLAWBACK POLICY		<p>The Committees review the appropriateness of these provisions from time to time and reserve the right to amend them as they consider appropriate. Currently, Carnival Corporation & plc has a clawback policy adopted to comply with the requirements of the U.S. Dodd- Frank Wall Street Reform Act (the "Clawback Policy") applicable to performance incentives. In the event Carnival Corporation & plc are required to prepare an accounting restatement of the financial statements due to material non-compliance with any financial reporting requirement under the U.S. federal securities laws (including any such correction that is material to the previously issued financial statements, or that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period) Carnival Corporation & plc shall recover the amount of any incentive-based compensation received during the recovery period that exceeds the amount that otherwise would have been received had it been determined based on the restated financial statements.</p> <p>Incentive-based compensation is currently also subject to additional clawback provisions that may also be modified from time to time but currently apply in the case of fraud, negligence, intentional or gross misconduct or other wrongdoing on the part of an individual that results in a material restatement of the issued financial statements.</p>			<p>To add our Clawback Policy and practices as a separate section with detail on the policy adopted to comply with U.S. Dodd-Frank Wall Street Reform Act requirements. Additional clawback information was previously described in the "Annual Bonus" and "Long-Term Incentive" sections.</p>

Notes:

- (1) The rationale for all performance measures and the process for setting performance targets are explained in the relevant sections of the table.
- (2) The general principle of the 2025 Policy is to remunerate people for their personal responsibility and contribution. To deliver this, different reward mechanisms are used for different populations. Where the reward mechanisms differ, they reflect the appropriate market rate position for the relevant roles.

NON-EXECUTIVE DIRECTORS

Element	Purpose and link to strategy	Operation	Maximum	Performance Conditions	Changes to the Policy
NON-EXECUTIVE DIRECTORS' CASH RETAINER	To appropriately compensate Non- Executive Directors of the highest caliber.	<p>Fee levels are periodically reviewed by the Boards (without the Non-Executive Directors voting on such matters, though to ensure coherence of approach, the Compensation Committees may make recommendations to the Boards) having regard to external comparators. The Boards exercise judgment as to what they consider to be reasonable in all the circumstances both as regards quantum and the mix of pay and do not apply a strict mathematical approach to assessing such levels (i.e. they do not automatically apply a median level).</p> <p>Within the stated maximum, the Boards reserve the right to consider how to structure the Non-Executive Directors' fees and whether to utilize a general retainer, committee membership, chairmanship, attendance fees, or board attendance or time-based or travel allowances.</p> <p>Currently, the Non-Executive Directors receive an annual cash retainer fee. Fees are currently paid quarterly (but this may be varied).</p> <p>Non-Executive Directors also receive reimbursement of travel related expenses.</p>	<p>Under the LMCG Regulations, Non- Executive Directors are equally subject to policy caps as their executive colleagues. Accordingly, the Boards will operate within a cash cap per individual of \$300,000 (which may be doubled in the case of a non-executive chair).</p> <p>However, should the Boards cease to make restricted share grants as detailed below, the cap for Directors' cash retainer stated above may be increased by the maximum value of the cap relating to restricted share grants.</p>	None.	To increase the cash retainer cap by \$50,000. This is the first increase since 2017.
ANNUAL STOCK GRANTS	<p>To appropriately compensate Non- Executive Directors of the highest caliber.</p> <p>To align Non- Executive Directors' interests with those of shareholders.</p>	<p>Non-Executive Directors receive annual share grants at such level as the Boards consider to be appropriate.</p> <p>Grants may, but are not required to, be subject to vesting or restrictions. Current practice is for grants to remain restricted for three years following grant and are not forfeitable. Beginning in 2025, the Boards wish to change practice to grant unrestricted shares which may include a one-year vesting period for Non-Executive Directors with less than one year of service on the Boards.</p>	<p>The formal cap is \$250,000 per individual (which may be doubled in the case of a non-executive chair).</p> <p>However, should the Boards cease to pay Non-Executive Directors a cash retainer as detailed above, the cap for restricted share grants may be increased by the maximum value of the cap relating to Non-Executive Directors' cash retainer.</p>	No performance conditions apply to ensure the Non- Executive Directors maintain their independence.	Allows for grants of unrestricted stock and provides flexibility in determining whether vesting or restricted periods will apply.

Element	Purpose and link to strategy	Operation	Maximum	Performance Conditions	Changes to the Policy
		<p>Non-Executive Directors must own shares with a value of at least five times the annual cash retainer. New non- Executive Directors must achieve this requirement within the time frame selected by the Boards (currently five years from the date of their initial election). The Boards may increase (but not reduce) this guidance. As with the stock ownership guidelines for executives, the guidelines are not contractual and no penalty arises if the Director does not comply; however, the Boards may require some or all of the Director's cash retainer to be delivered as fully vested stock as they consider appropriate.</p> <p>Under the guidelines, shares owned outright by the Non-Executive Director and their immediate family (and related trusts) together with any outstanding restricted stock grants count towards the guidelines. The Boards reserve the right to amend these guidelines as they consider appropriate.</p>			
BENEFITS	To encourage product familiarization.	<p>Non-Executive Directors are encouraged to take cruises for purposes of product familiarization and pay a fare of such rate as is determined from time-to-time. Currently, for the first 14 days per year, Non-Executive Directors pay a fare of \$70 per person per day for such cruises (or \$150 per day in the case of Seabourn), and for the next 30 days per year, pay a fare of \$200 per person per day for such cruises, plus taxes, fees and port expenses in each case. All other charges associated with the cruise (e.g., air fares, fuel supplements, fees, taxes and port expenses, gratuities, ground transfers, etc.) are the responsibility of the Non-Executive Director.</p>	<p>The formal cap is \$100,000 per individual although the likely level is somewhat lower and the benefit each year is reflected in the table of Non-Employee Director compensation. Any benefits under the cruise policy will be valued for this purpose on an incremental cost basis.</p> <p>In addition, a departing gift may be provided up to a value of \$25,000 per Non-Executive Director on termination of office.</p>	None	None.
		<p>While the Boards do not consider it to form part of benefits in the normal usage of that term, the Boards have been advised that travel and/or corporate hospitality (whether paid for by the Carnival Corporation & plc or another and whether provided to the Non-Executive Director or a family member) may technically come within the UK definition so the Boards expressly reserve the right for Carnival Corporation & plc to authorize attendance at such activities within its agreed policies.</p>			

3.2 RECRUITMENT REMUNERATION POLICY

The following represents guidelines considered reasonable by the Compensation Committees, but they may need to change in relation to securing an appropriate candidate whose appointment would, in their view, be in shareholders' best interests.

- In terms of the principles for setting a package for a new Executive Director, the starting point for the Compensation Committees will be to look to the general policy for Executive Directors as set out above and structure a package in accordance with that policy. However, as provided for in the relevant regulations, the Compensation Committees reserve the right to make payments of base salary and make benefit or pension provisions outside of the scope of the general policy (and its caps) for Executive Directors to meet individual circumstances of the recruitment (recognizing that such events are inherently exceptional and unplanned and that it would be disproportionate to seek shareholder approval).
- Ignoring any special recruitment arrangements which may prove to be necessary, the annual bonus and long-term incentive compensation arrangements will operate (including the maximum grant levels) as detailed in the general policies in relation to any newly appointed Director.
- For an internal appointment, any variable pay element provided in respect of the prior role may either continue on its original terms or be adjusted to reflect the new appointment as appropriate.
- For external and internal appointments, the Compensation Committees may agree that Carnival Corporation & plc will meet certain relocation expenses as Compensation Committees consider appropriate and/or to make a contribution towards legal fees in connection with agreeing employment terms.
- Whether to enter into an employment agreement and the terms of such agreement will be determined at the time having regard to norms in the U.S. and/ or where the executive will be based.
- Carnival Corporation & plc will not pay more than is, in the view of the Compensation Committees, necessary and will in all cases seek, in the first instance, to deliver any such grants under the terms of the existing incentive pay structure. It may, however, be necessary in some cases to make such grants on terms that are more bespoke than the existing annual and equity-based pay structures in Carnival Corporation & plc in order to secure a candidate. Details of any such grants will be appropriately disclosed.
- All such grants for external appointments (whether to buy-out forfeited grants or negotiated as a sign-on grant), whether under the annual bonus plan, PBS, TBS or otherwise, will take account of the nature, time-horizons and performance requirements for any remuneration relinquished by the individual when leaving a previous employer and will only include guaranteed sums where the Compensation Committees consider that it is necessary to secure the recruitment.
- For the avoidance of doubt, where recruitment related grants are intended to replace existing grants held by a candidate in an existing employer, the maximum amounts for incentive pay as stated in the general policies will not apply to such grants. The Compensation Committees have not placed a maximum limit on any such grants which it may be necessary to make as it is not considered to be in shareholders' interests to set any expectations for prospective candidates regarding such grants. Any recruitment-related grants which do not replace grants with a previous employer will be subject to the limits as detailed in the general policy.

A new Non-Executive Director would be recruited on the terms explained above in respect of the main policy for Non-Executive Directors.

A new Executive Director's terms would be subject to agreement on joining. The Compensation Committees will not automatically replicate a predecessor's agreement and will have due regard to internal provisions for other senior executives, developments in market and best practice globally and to the commercial circumstances at the time.

Mr. Weinstein. Mr. Weinstein does not have an employment agreement.

Mr. Arison. Mr. Arison does not have an employment agreement.

All elements of his compensation are subject to the discretion of the Compensation Committees.

3.3 POLICY ON PAYMENTS FOR LOSS OF OFFICE

ALL EXECUTIVE DIRECTORS

For the avoidance of doubt, the LMCG Regulations do not require the inclusion of a cap or limit in relation to payments for loss of office. Carnival Corporation & plc may, in line with U.S. practice, enter into a severance agreement with an Executive Director authorizing up to two times annual base salary and two times annual target bonus in the event of involuntary loss of office not for cause. Involuntary loss of office includes but is not limited to, position elimination events, adverse impact reassignment/reduction of base pay by 10% or target compensation of 15% or mutual separation determinations. The Compensation Committees will aim to ensure that the terms of any such agreement is, in their view, appropriate in the context of where the executive resides and is fair and reasonable.

The agreement may also provide for:

- retention of perquisites which they currently receive for a period;
- payment of an annual bonus for the year of departure (pro-rated to the period actually worked);
- retention or acceleration of vesting of any outstanding equity grants
- a notice period in line with U.S. practice; and
- payment for other items, such as outplacement services, legal fees, settlement payments and such other payments as our legal advisors advise may be necessary or expedient.

The payments provided pursuant to a severance agreement will be subject to confidentiality, non-compete, non-solicitation and non-disparagement

provisions, unless prohibited by law or regulation, and delivery of a signed waiver/release of all claims acceptable to Carnival Corporation & plc.

Further detail on the terms of the potential payments upon termination or change of control are contained in the Executive Compensation section of the Proxy Statement.

Any amounts already accrued under non-qualified deferred compensation arrangements or any pension related arrangements, which have already accrued to the executive, will be retained and will not be a termination payment.

Acceleration of share grants may occur following a change of control if an executive's position was terminated or may occur following the termination of their employment as disclosed in detail in the Potential Payments upon Termination or Change of Control part of the Executive Compensation section of the Proxy Statement.

Mr. Arison. The Compensation Committees have adopted a policy not to enter into employment contracts with longer-serving Executive Directors. Accordingly, Carnival Corporation & plc do not have an employment agreement with Mr. Arison that would pay any cash severance benefits in connection with termination of employment.

Mr. Weinstein. Carnival Corporation & plc do not have an employment agreement with Mr. Weinstein that would pay any cash severance benefits in connection with termination of employment. Carnival Corporation

& plc may enter into a severance agreement consistent with this policy.

NON-EXECUTIVE DIRECTORS

The Non-Executive Directors are not entitled to any compensation on termination but, once they have served for at least one year, they will retain all outstanding equity grants. Entitlement may be

accelerated in certain compassionate circumstances or following a change of control. However, a departing gift may be provided up to a value of \$25,000 per Non-Executive Director.

3.4 PERFORMANCE SCENARIOS

The LMCG Regulations require the inclusion of scenario charts for each Executive Director showing the levels of compensation which an individual could expect to earn under the 2025 Policy for fiscal 2025

in certain circumstances. To assist the reader, the charts distinguish between PBS and TBS grants and the other elements of fixed pay.

The assumptions used in the chart are summarized below:

Minimum	<ul style="list-style-type: none"> • "Salary" consists of base salary, benefits and pension. • Base salary is the salary related to fiscal 2025 to be paid from March 1, 2025 through February 28, 2026. • Benefits measured as reported benefits received in fiscal 2024. 															
	<table border="1"> <thead> <tr> <th>\$000</th> <th>Base Salary</th> <th>Benefits</th> <th>Pension</th> <th>Total Fixed</th> </tr> </thead> <tbody> <tr> <td>Mr. Weinstein</td> <td>1,450</td> <td>641</td> <td>13</td> <td>2,104</td> </tr> <tr> <td>Mr. Arison</td> <td>0</td> <td>127</td> <td>0</td> <td>127</td> </tr> </tbody> </table>	\$000	Base Salary	Benefits	Pension	Total Fixed	Mr. Weinstein	1,450	641	13	2,104	Mr. Arison	0	127	0	127
	\$000	Base Salary	Benefits	Pension	Total Fixed											
	Mr. Weinstein	1,450	641	13	2,104											
Mr. Arison	0	127	0	127												
On-target	<p>Based on what the Executive Director would receive if performance was on-target:</p> <ul style="list-style-type: none"> • Short term incentive consists of the target bonus (\$2.9 million) set by the Compensation Committees for fiscal 2025 for Mr. Weinstein and nil for Mr. Arison. • Long-term incentives for Mr. Weinstein include the expected target values of his PBS (\$6.9 million) and TBS (\$4.6 million) grants and nil for Mr. Arison. While the precise grant levels are set each year, the Compensation Committees believe this is indicative of ongoing policy. 															
Maximum	<p>Based on the maximum compensation receivable (excluding share price appreciation and dividends):</p> <ul style="list-style-type: none"> • Short-term incentive consists of the maximum bonus (200% of target bonus). <p>Long-term incentive consists of the grant date value of the maximum number of PBS at (200% of target) and 100% of TBS.</p>															
Maximum plus 50% Share Price	Reflects the same position as the preceding Maximum except that share price appreciation of 50% has been assumed.															

3.5 CONSIDERATION OF EMPLOYMENT CONDITIONS ELSEWHERE IN THE GROUP

In determining the compensation policy and the compensation payable to the Executive Directors, the Compensation Committees took the pay and employment conditions of employees of the Carnival Corporation & plc group ("Carnival group") into account. The Carnival group's pay policy ensures a clear and direct link between the performance of the Carnival group or relevant operating company and compensation. Substantial use of performance-based compensation not only ensures the continued alignment of the interests of shareholders and senior executives within the Carnival group, but also enables the Carnival group to attract, retain and motivate the talented people upon whom our success depends. Carnival Corporation & plc is committed to encouraging strong performance through a reward system that aligns management's interests with those of its shareholders.

Across the workforce more broadly, the Carnival group considers the competitive position for comparable roles and geographies. Many employees participate in bonus and commission plans based on the performance of their employing company. Where locally competitive, employees are also provided savings plans such as 401(k) plans, company-sponsored pension plans, life insurance plans and a range of other employment benefits. In addition to these elements, the Carnival Corporation & plc also issues share-based compensation to management to incentivize, retain and recruit talent which encourages an ownership culture among employees. We do not currently operate any compensation or incentive plans in which only Executive Directors participate.

In accordance with prevailing commercial practice, the Compensation Committees did not consult with

employees in preparing the Carnival plc Directors' Remuneration Policy. The Compensation Committees

take into account information provided by the Global Human Resources Department and external advisors.

3.6 CONSIDERATION OF SHAREHOLDERS' VIEWS

As described further in Part I, the Compensation Committees took into account the approval levels of compensation-related matters at our Annual General Meetings, as well as the feedback received from direct engagement with shareholders, as appropriate, in determining that the current compensation philosophy and objectives remain appropriate for use in determining the compensation of Directors.

Carnival Corporation & plc has a long-standing shareholder engagement program and shareholder engagement is an important source of feedback for

our Compensation Committees on our executive compensation program. The Compensation Committees consider all constructive feedback received about executive compensation. We continue to seek and incorporate shareholder feedback in our compensation deliberations, as appropriate. The Compensation Committees have and will continue to consider results from the annual shareholder advisory votes, as well as other shareholder input, when reviewing executive compensation programs and policies.

This Directors' Remuneration Report was approved by the Board of Directors and is signed by order of the Board of Directors by

Annex C—Carnival plc Corporate Governance Report

Carnival Corporation and Carnival plc (together referred to as “Carnival Corporation & plc”) operate under a dual listed company (“DLC”) arrangement with primary listings in the U.S. and the UK. Accordingly, Carnival Corporation & plc has implemented a single corporate governance framework consistent, to the extent possible, with the governance practices and requirements of both countries. Where there are

customs or practices that differ between the two countries, Carnival Corporation & plc has nonetheless sought to be compliant with UK best practices whenever possible. Carnival Corporation & plc believes that their resulting corporate governance framework effectively addresses the corporate governance requirements of both the U.S. and the UK.

Corporate Governance Guidelines

Carnival Corporation & plc has adopted corporate governance guidelines (the “Guidelines”) that set forth the general governance principles approved by the Boards of Directors (the “Boards”). The Guidelines are available on Carnival Corporation & plc’s website and are summarized as follows:

- A majority of the members of each of the Boards must be independent in accordance with the corporate governance rules applicable to companies listed on the New York Stock Exchange and the London Stock Exchange.
- The Boards will each have at all times the following: Audit Committees, Compensation Committees, Compliance Committees, Health, Environmental, Safety & Security (“HESS”) Committees and Nominating & Governance Committees (collectively, the “Committees”). All the members of the Audit Committees, Compensation Committees, and Nominating & Governance Committees will be independent Directors under the criteria applicable to companies listed on the New York Stock Exchange, the London Stock Exchange and any other applicable regulatory requirements. Each of our Committees has its own written charter, which principally sets forth the purposes, goals and responsibilities of the Committees.
- The Nominating & Governance Committees will review with the Boards, on an annual basis, the requisite skills and characteristics of new and incumbent Board members, as well as the composition of the Boards as a whole. The Nominating & Governance Committees will assess and recommend Board candidates for appointment as Directors.
- The responsibilities of the Directors are laid out in the Guidelines and cover matters such as the Directors’ duties to Carnival Corporation & plc and its shareholders, attendance at meetings and the annual review of Carnival Corporation & plc’s long-term strategic plans and the principal issues that Carnival Corporation & plc may face in the future.
- The Non-Executive Directors shall designate a Senior Independent Director to preside at executive sessions of the Non-Executive Directors and at Board meetings in the absence of our Chair, and to serve as the principal liaison to the Non-Executive Directors.
- Directors have free and full access to officers and employees of Carnival Corporation & plc, to the advice and services of our Company Secretary and to independent professional advice at the expense of Carnival Corporation & plc.
- The Compensation Committees will recommend the form and amount of Director compensation in accordance with the policies and principles set forth in their charter and conduct an annual review thereof. The Compensation Committees will also annually review the performance of our CEO to confirm that our CEO is providing strong leadership for Carnival Corporation & plc in the short and long-term.
- The Boards and the Nominating & Governance Committees are responsible for CEO succession planning, including maintaining an emergency succession plan. The Boards, in conjunction with our Chair of the Boards and our CEO, oversee succession planning with respect to Executive Officers and senior management.

- The Nominating & Governance Committees will maintain orientation programs for new Directors and continuing education programs for all Directors.
- The Boards and each of their Committees will conduct an annual performance evaluation to determine whether they, their Committees and individual Directors are functioning effectively.
- The Non-Executive Directors will meet at least annually under the direction of the Senior Independent Director to conduct an appraisal of our Chair's performance.
- The Boards will determine the appointment and removal of the Company Secretary.
- All shareholders may communicate with the Boards by addressing all communications to the Company Secretary, who must forward any item requiring immediate attention to the Senior Independent Director, who must in turn notify the Boards of any matters for discussion or action as appropriate.

Carnival Corporation & plc monitors governance developments in the U.S. and the UK to support a vigorous and effective corporate governance framework.

Board Composition

Each of the Boards is currently comprised of 12 members, of which two are Executive Directors and ten are Non-Executive Directors. Each nominee for re-election to the Boards has served for the full year. All Directors are required to submit themselves for annual re-election. The biographical details of the members of the Boards standing for re-election and their qualifications to serve as Board and Committee members are contained in the Proxy Statement. For a description of our procedures for selecting and appointing nominees, please refer to "Nominations of Directors" in the Proxy Statement. All Directors elected in 2024 have been subject to a formal performance evaluation during the year, as described below.

In compliance with the UK Corporate Governance Code and the Disclosure Guidance and Transparency Rules, our Boards have adopted the Board Diversity Policy (the "Policy") which applies to the Boards and each of their Committees. The Policy substantively provides that the backgrounds and qualifications of the Directors, considered as a group, should reflect a wide variety of attributes, characteristics and perspectives, including, but not limited to, diversity of experience, professions, skills, geographic representations, knowledge and abilities, as well as race or ethnicity, age and gender, with the aim of achieving an appropriate balance so as to allow the Boards and their Committees to fulfill their responsibilities effectively. While all appointments to the Boards and their Committees are based on merit and objective criteria, the Nominating & Governance Committees consider diversity in the

Director identification and nomination process, together with experience, skills and other relevant criteria in the context of the needs of the Boards and their Committees and in accordance with applicable laws. The Nominating & Governance Committees review and assess the effectiveness of the Policy from time to time and report to the Boards, as appropriate.

As of November 30, 2024, being the last day of our fiscal year and the reference date selected by the Boards for the purposes of UKLR 6.6.6R(9)(a), 42% of the members of the Boards were women (being five of 12 members) and two Directors were from a minority ethnic background. While the Boards appointed a female chair of the Audit Committees during fiscal 2023, we did not have at least one woman occupying a senior Board position (which we define as the Chair, CEO or Senior Independent Director given that our CFO is not a member of the Boards) as of November 30, 2024. As a result, we met two of the three criteria set out in UKLR 6.6.6R(9)(a) as of November 30, 2024. The Boards are committed to overseeing a diverse pipeline for succession and have made strides in increasing the representation of women on the Boards. At the same time, since all appointments to the Boards and Committees are based on merit and objective criteria and in light of the limited number of senior Board positions available, the Boards cannot anticipate when the criterion set out in UKLR 6.6.6R(9)(a)(ii) (relating to senior Board positions held by women) may be met.

The Boards currently meet the Parker Review recommendation of having at least one Director from a minority ethnic background.

The data for purposes of this disclosure was collected via questionnaires on a confidential and voluntary basis. The individuals were asked to self-report their

gender and ethnicity information by choosing one or more options from a list or by providing their own response.

Board Balance and Independence

We believe it is important to have a balanced board with a majority of Directors being independent such that no individual or group dominates the Boards' decision making. The Boards believe that the balance between Non-Executive Directors and Executive Directors is appropriate.

We have a number of measures in place to assess and safeguard independence of our independent Directors. As part of the Boards' annual independence assessment, each Director as well as each new nominee, if any, is required to complete an independence questionnaire. All questionnaires are reviewed and assessed by the full Board. Following this review for fiscal 2024, the Boards determined that all of the ten nominees for re-election as Non-Executive Directors are considered independent in accordance with the corporate governance rules of the New York Stock Exchange and the UK Corporate Governance Code. Sir Jonathon Band, Stuart Subotnick, Laura Weil and Randy Weisenburger have been Non-Executive Directors for more than nine years from the date of their first election to the Boards. However, notwithstanding this fact, the Boards have determined that each of those Directors is independent for the reasons set forth below.

Consistent with U.S. practice as well as the UK Corporate Governance Code, the Boards believe that length of tenure should be only one of the factors considered with respect to the independence of Directors and, accordingly, that tenure alone should not result in the loss of independence. The Boards believe that automatic loss of independence status for Directors due to tenure would effectively operate as a term limit for independent Directors and result in the loss of the valuable contributions of Directors who have been able to develop, over time, increasing insight into Carnival Corporation & plc and its operations. The Boards consider a healthy balance between longer-tenured and newer Directors to be essential in navigating the challenges faced by a global, dual-listed, multi-brand company operating in the highly complex cruise industry. As part of our refreshment efforts and commitment in maintaining

that balance, we have added five new Directors to our Boards in the last five years. Longer-tenured Directors are a key component of our Board succession planning and refreshment efforts as they are able to ensure continuity and share their nuanced insights and deep knowledge of our company with new Directors, helping them become familiar with our business and governance processes more quickly. The Boards prefer to rely on rigorous annual evaluations of individual Directors, including independence assessments, as well as external evaluations by an independent third-party governance expert every three years, to review their objectivity and independence, as well as their overall effectiveness as Directors. Based on the results of the 2024 annual Board evaluation as well as the external evaluation conducted in 2022, the Boards were satisfied that all Non-Executive Directors were objective, independent and effective contributors to the Boards. All Directors are also subject to annual re-election by shareholders following individual evaluations and recommendations by the Nominating & Governance Committees.

Mr. Arison has been Chair of the Board of Directors of Carnival plc since 2003 and previously served as the CEO of Carnival plc from 2003 to 2013. His unique experience and in-depth knowledge of our business, including in the highly complex area of shipbuilding, as well as our history and the cruise industry continue to be invaluable. Mr. Arison has made and continues to make substantial contributions to our success and to demonstrate objective judgement throughout his tenure. As a result, the Boards have concluded that his continued service as our Chair is in our best interests and that of our shareholders. Mr. Arison's performance is subject to annual evaluation by the Non-Executive Directors. We also have separate CEO and Chair roles, as well as a Senior Independent Director role.

As further discussed under "Board Procedures and Responsibilities," we also require Non-Executive Directors to obtain our consent before they can serve on additional boards.

The Boards, with support from the Global Legal Services and Global Ethics & Compliance Departments, have procedures to identify and manage any conflicts of interest that may arise in relation to any Director (including those resulting from significant shareholdings), and assess Directors' independence,

including by reviewing on an annual basis questionnaires completed by Directors which are designed to identify potential conflicts of interest and also by requiring Directors to report any potential conflicts of interest.

Directors' Indemnities

Carnival Corporation has provided an indemnity for the Directors of Carnival Corporation and Carnival plc. This was in place at all times during fiscal 2024 and up to the date of the approval of the financial statements. To the extent Carnival Corporation is

unable to indemnify the Directors, we also maintain Directors' and Officers' liability insurance which covers Directors for legal actions brought against them in their capacity as Directors, subject to certain limitations.

Board Procedures and Responsibilities

Meetings of the Boards are held on a regular basis to enable the Boards to properly discharge their responsibilities. During the year ended November 30, 2024, the Board of Directors of Carnival plc held a total of five meetings. All Board meetings during the year were attended by all Directors then serving. In addition, the Non-Executive Directors meet periodically during the year with our Chair of the Boards with no other Executive Directors present. The agenda for each Board meeting and meeting schedules are prepared by the Company Secretary or their designee and reviewed and approved by the Senior Independent Director, to enable the flow of relevant information to the Boards. Each Board member is entitled to suggest the inclusion of items on the agenda and to raise at any Board meeting subjects that are not on the agenda for that meeting.

Non-Executive Directors are required to allocate sufficient time to meet the expectations of their role. The consent of our Chair and Senior Independent

Director must be sought before accepting additional directorships that might affect the time a Non-Executive Director of Carnival Corporation & plc is able to devote to that role. No additional directorships or significant commitments were undertaken by Non-Executive Directors during fiscal 2024, other than Ms. Connors joining the board of directors of ConocoPhillips in September 2024 which was approved by our Chair and Senior Independent Director and is in compliance with the Boards' overboarding policy.

The Boards have an overboarding policy which is described in the Proxy Statement under "Time Commitments and Overboarding." All Directors are compliant with the overboarding policy.

All Directors are expected to act with integrity, lead by example, promote the desired culture, provide constructive challenge, strategic guidance and specialist advice and hold management accountable.

Board Structures and Delegation to Management

The basic responsibility of the Directors is to exercise their business judgment in the way they consider, in good faith, would be most likely to promote the long-term sustainable success of Carnival Corporation & plc, for the benefit of the shareholders as a whole and also contributing to the wider society. Further details of the responsibilities of the Directors are set out in the Guidelines. The Boards and their Committees have a formal schedule of matters

specifically reserved to the Boards or their Committees for decision, which includes, but is not limited to, the approval of the following matters:

- quarterly, half-yearly and annual reports, notices of annual meetings and Proxy Statements;
- dividends, issuance of shares or share buybacks;
- changes to structure, size, membership and composition of the Boards and their Committees;

- significant changes to our corporate structure;
- material changes in accounting policies;
- selection, appointment or removal of auditors, auditor independence, approval of all audit and non-audit services and remuneration of auditors;
- risk management framework;
- investment policy;
- material agreements, transactions or borrowings;
- material transactions in which a Director or an Executive Officer, or any of their immediate family members, has a direct or indirect material interest;
- appointment and removal of Executive Officers and Company Secretary, Executive Officer compensation as well as agreements with Executive Officers; and
- adoption of, or any changes to, equity incentive plans as well as equity grants and other share-related benefits.

Details of the Committees of the Boards are set out in the section below.

The strategic management and direction of, and significant commercial decisions in relation to, global operations of Carnival Corporation & plc, except to the extent reserved to the full Boards under their schedule of reserved matters, is delegated by the Boards to the boards of directors of subsidiary companies within the group and to management,

which in turn delegate to local management as appropriate.

Our Chair of the Boards leads the Boards and is responsible for its overall effectiveness. He promotes a culture of openness and dialogue at the board level, including by encouraging effective contribution and participation of all Directors and supporting management and the Company Secretary in ensuring that Directors receive accurate, timely and clear information.

The Boards of Directors, with support from their Committees and management, have in place a framework of prudent and effective controls which enable risks to be assessed and managed. The Boards of Directors, through executive management and the Committees, have carried out a robust assessment of Carnival Corporation & plc's principal and emerging risks, including those that would threaten its business model, future performance, solvency or liquidity, to ensure that these risks are effectively managed and/or mitigated to help ensure Carnival Corporation & plc is viable. As a result of this assessment, the Boards of Directors have identified principal and emerging risks and their management and/or mitigation which are listed in Item 3. Internal Control and Risk Assessment and Item 4. Risk Management and/or Mitigation of Principal and Emerging Risks in the Carnival plc Strategic Report that accompanies the Carnival plc financial statements (the "Strategic Report").

Committees of the Boards

The following Committees have operated throughout the year. Each Committee has a written charter, copies of which can be found on Carnival Corporation & plc's website at www.carnivalcorp.com and

www.carnivalplc.com. The Board Committees regularly report on their activities and actions to the full Boards.

AUDIT COMMITTEES

The Audit Committees of the Boards are comprised of the following four independent Non-Executive Directors:

- Laura Weil (Chair);
- Jason Glen Cahilly;
- Sara Mathew; and
- Stuart Subotnick.

Ms. Mathew has made the decision not to seek re-election and will step down from the Boards and their Committees with effect from the conclusion of the 2025 Annual Meetings of Shareholders.

The Board of Carnival plc has determined that each member of the Audit Committees has "recent and relevant financial experience" for the purposes of the UK Corporate Governance Code and that the Audit

Committees as a whole have competence relevant to the sector in which Carnival Corporation & plc operate. The qualifications of each member of the Audit Committees are contained in the Proxy Statement.

During the year, eight meetings of the Carnival plc Audit Committee were held, which were attended by all members then serving. The Chief Financial Officer and Chief Accounting Officer, the Chief Audit Officer, who is responsible for the internal audit function and Risk Advisory and Assurance Services (“RAAS”) within Carnival Corporation & plc, representatives from the external auditors, the General Counsel, Chief Information Officer, and Chief Risk and Compliance Officer attend meetings at the invitation of the Audit Committees.

The main role and responsibilities of the Audit Committees are to assist the Boards’ oversight of:

- the integrity of our financial statements;
- performance of our internal audit function, including process and control effectiveness and efficiencies and investigations relating to asset misappropriation, corruption and ethics, and financial or non-financial manipulation;
- independent auditors’ qualifications, effectiveness, objectivity, independence, and performance; and
- relevant elements of our risk management programs, including risk management related to financial, information technology, cybersecurity and non-HESS related operational risks, as well as monitoring changes to and compliance with related legal and regulatory requirements.

In addition, our Audit Committees:

- annually recommend the appointment, re-appointment and removal (as applicable) of the independent auditors, oversee the independent auditors, oversee any competitive tender process, and approve their compensation;
- assist the Boards, if so requested, in ensuring that the annual report and accounts of Carnival plc, taken as a whole, is fair and balanced and understandable and provides the information necessary for shareholders of Carnival plc to assess Carnival plc’s position and performance, business model and strategy;

- monitor the adequacy of internal controls, including financial, operational and compliance controls and information systems controls and security; and
- establish and monitor procedures for confidential submission, receipt and treatment of complaints relating to accounting, internal accounting controls and auditing matters.

In fulfilling their responsibilities during the year, the Audit Committees have, among other things:

- reviewed the quarterly and annual financial results of Carnival Corporation & plc, including accounting matters and key factors affecting financial results and future forecasts;
- reviewed financial statements and related disclosures, and other proposed filings with the U.S. Securities and Exchange Commission and the applicable UK authorities and draft earnings press releases of Carnival Corporation & plc;
- reviewed the form and content of the annual reports and accounts, including the Strategic Report (including the going concern statement, the viability statement, the assessment of internal controls and principal risks, and the annual risk management and/or mitigation of principal risks), financial statements and Directors’ Report, to be presented to shareholders of Carnival plc at the year-end;
- reviewed the form and content of the half year reports (including the going concern confirmation);
- approved, together with the Boards of Directors, the viability and going concern statements, which are included in the Strategic Report;
- reviewed reporting from management on impairment analyses;
- confirmed receipt of certification letters, disclosure controls and procedure checklists and loss contingency memos from all reporting units;
- received briefings on Carnival Corporation & plc’s Sarbanes-Oxley 404 compliance program;
- reviewed reporting from the independent auditors concerning the audit work performed, identified internal control deficiencies and accounting issues, and all relationships between the independent auditors and Carnival Corporation & plc;
- reviewed and approved fees for audit and non-audit related services provided by Carnival Corporation & plc’s independent auditors;

- received and reviewed various reports from the independent auditors regarding the planning, status, execution and conclusions of their work;
- received reporting, as well as quarterly briefings, from RAAS, the Carnival Corporation & plc internal audit department, concerning results from their internal audit work, including significant findings, any identified internal control deficiencies and the status of management plans for remedial action;
- reviewed reports of RAAS regarding the results of its independent internal investigations of alleged or actual impropriety as assigned by the General Counsel and in coordination with the Chief Risk and Compliance Officer on the status and results of those investigations;
- reviewed RAAS's historical audit coverage and assessment of risk for the purpose of developing an audit plan for the upcoming year;
- reviewed reports of RAAS concerning progress against their audit plan, department staffing and professional qualifications, and the status of management action plans for previously identified action steps;
- reviewed reports regarding information technology security, including cybersecurity, and responses to and investigations of breaches; and
- reviewed the status of any accounting, internal accounting controls or auditing related complaints received through Carnival Corporation & plc's third-party administered hotline and other channels.

COMPENSATION COMMITTEES

The Compensation Committees of the Boards are comprised of the following four independent Non-Executive Directors:

- Randy Weisenburger (Chair);
- Jason Glen Cahilly;
- Helen Deeble; and
- Laura Weil.

During the year, six meetings of the Carnival plc Compensation Committee were held which were attended by all members then serving. Executive Directors are invited to attend for appropriate items, but are excluded when their own performance and remuneration are being discussed and determined.

The Compensation Committees are responsible for the:

- evaluation and approval of the Director and Executive Officer compensation plans, policies and programs;
- annual review and approval of the corporate goals and objectives relevant to our CEO's compensation;

- determination and approval of the compensation of our CEO, the other Executive Directors and other members of senior management;
- overseeing and approving the Carnival plc directors' remuneration policies;
- overseeing the administration of our stock equity incentive plans and our employee stock purchase plans; and
- recommendations to the Boards with respect to the compensation of the Non-Executive Directors.

When selecting or appointing candidates to the position of our Chair of the Compensation Committees, the Nominating & Governance Committees and the Boards shall give particular consideration to candidates who have previously served on a compensation committee for at least 12 months.

The Compensation Committees are empowered to retain compensation consultants of their choice to be used to assist in the evaluation of compensation issues.

COMPLIANCE COMMITTEES

The Compliance Committees of the Boards are comprised of the following five independent Non-Executive Directors:

- Jeffrey J. Gearhart (Chair);
- Sir Jonathon Band;
- Stuart Subotnick;
- Laura Weil; and
- Randy Weisenburger.

During the year, four meetings of the Carnival plc Compliance Committee were held, which were attended by all members then serving.

The principal function of the Compliance Committees is to assist the Boards with oversight of activities that are designed to promote (a) ethical conduct, (b) a high level of integrity, and (c) compliance with all laws, regulations and policies applicable to us. In addition, the Compliance Committees:

- provide functional oversight of Global E&C, including receiving regular reports from, and providing direction to the Chief Risk and Compliance Officer with respect to the activities of Global E&C;

- oversee risk management processes with respect to compliance with laws and regulations relating to general compliance and privacy, including Global E&C's activities supporting a high level of ethics and integrity;
- review the results of compliance with our Code of Business Conduct and Ethics and our Business Partner Code of Conduct, business ethics and conflicts of interest disclosures, and mitigation plans to manage significant ethics-related risks;
- review results of any internal or external audits and investigations that have relevance to significant business ethics or compliance matters, mitigation plans and related monitoring;
- review and oversee policies and procedures for confidential submission, receipt, retention and treatment of complaints or concerns, other than those related to accounting, internal accounting controls and auditing matters; and
- promote accountability of senior management with respect to ethics and compliance matters and review all significant allegations of misconduct by Board members, the CEO, Global Executive Leadership and Executive Officers.

HESS COMMITTEES

The HESS Committees of the Boards are comprised of the following six independent Non-Executive Directors:

- Sir Jonathon Band (Chair);
- Nelda J. Connors;
- Helen Deeble;
- Jeffrey J. Gearhart;
- Katie Lahey; and
- Randy Weisenburger.

During the year, four meetings of the Carnival plc HESS Committee were held, which were attended by all members then serving. Our CEO attended all meetings of the HESS Committees during the year. Presidents of our cruise brands also generally attend meetings of the HESS Committees.

The principal function of the HESS Committees is to assist the Boards in fulfilling their responsibility to:

- supervise and monitor HESS and sustainability policies, procedures, practices, programs and initiatives at sea and ashore;
- review and recommend appropriate policies, procedures, practices and training relative to HESS, sustainability and sustainability reporting, and oversee compliance with such policies, procedures and practices;
- oversee risk management related to significant HESS and sustainability risks and exposures as well as monitor changes to and compliance with related legal and regulatory requirements;
- review results of RAAS's HESS-related audits, including any non-conformities or deficiencies identified, and the status of management plans for remedial action;

- provide functional oversight of our Incident Analysis Group, including reviewing insights derived from the independent HESS investigations performed by the Incident Analysis Group, and review the effectiveness of management’s HESS investigation action plans;
- review and discuss with management pending or threatened administrative, regulatory, or judicial proceedings relating to HESS that are material to us and management’s response thereto; and
- review and recommend our objectives and plans for implementing the Companies’ policies, procedures, practices, training, compliance measures and risk management programs regarding HESS and sustainability.

NOMINATING & GOVERNANCE COMMITTEES

The Nominating & Governance Committees of the Boards are comprised of the following four independent Non-Executive Directors:

- Stuart Subotnick (Chair);
- Sir Jonathon Band;
- Katie Lahey; and
- Randy Weisenburger.

During the year, four meetings of the Carnival plc Nominating & Governance Committee were held, which were attended by all members then serving, except for Mr. Weisenburger who attended three of four meetings due to a scheduling issue.

The principal function of the Nominating & Governance Committees is to:

- assist the Boards by identifying individuals qualified to become Board members and recommend nominees for appointment and/or election to the Boards;

- recommend to the Boards Director nominees for each committee;
- make recommendations to the Boards regarding the size, structure and composition of the Boards and their Committees;
- engage in succession planning for the Boards, their Committees, and Chief Executive Officer;
- exercise oversight of the evaluation of the Boards, their Committees and individual Directors;
- maintain orientation programs for new Directors and continuing education programs for all Directors; and
- review and assess the effectiveness of our Corporate Governance Guidelines.

Further information on Board succession planning process and the Boards’ Diversity Policy is contained in the “Nominations of Directors” section of the Proxy Statement, and further information on our employee wellness efforts are contained in the “Employees” section of the Carnival plc Directors’ Report. Such information is incorporated by reference into this Carnival plc Corporate Governance Report.

Carnival plc Supplement to the Report of the Audit Committees

Certain information required to be included in the Carnival plc Report of the Audit Committee is set forth in the Report of the Audit Committees included in the Proxy Statement, and which is incorporated by reference into this Carnival plc Corporate Governance Report. The principal purpose of this Carnival plc Supplement to the Report of the Audit Committees is to comply with the UK Corporate Governance Code requirements, which are only applicable to Carnival plc.

In fiscal 2024 the Carnival plc Audit Committee developed an understanding of the significant accounting matters which were comprised of the accounting judgments and significant estimates by reviewing, discussing with management and, where appropriate, challenging the approach and key assumptions adopted by management. Following a review with management and the Carnival plc external auditor, Deloitte LLP, of the significant judgment and significant estimates included in Notes 2, 10 and 22, which represent our only significant accounting matters in 2024, the Carnival plc Audit Committee

was satisfied with the assessments considered and conclusions reached with respect to the significant accounting matters, as further described in the Carnival plc group financial statements for fiscal 2024.

In addition, risks of fraud in relation to revenue recognition was an area of focus for the Carnival plc Audit Committee and discussed with Deloitte LLP in 2024. The Audit Committee considered the presumed risks of fraud as defined by auditing standards and was satisfied that there were no significant issues.

The Carnival plc annual report and accounts for fiscal 2023 was selected for review by the UK Financial Reporting Council (the “FRC”). In November 2024, the FRC notified Carnival plc that its review had concluded and that it did not have any questions or queries that it wished to raise. The FRC’s letter notes that the FRC’s role is to consider compliance with reporting requirements and its review does not provide assurance that the annual report and accounts was correct in all material aspects.

EXTERNAL AUDITORS AND AUDIT TENDERING

The Audit Committees have the responsibility for making a recommendation on the appointment, reappointment and removal of the external auditors. Deloitte LLP was recommended by the Audit Committees for reappointment as auditor of Carnival plc at the Annual General Meeting held in April 2024, and reappointment was approved by the shareholders. The Audit Committees also reappointed Deloitte & Touche LLP (together with Deloitte LLP, “Deloitte”) as Carnival Corporation’s independent registered public accounting firm, as ratified by the shareholders at the April 2024 Annual General Meeting.

In addition, Audit Committees undertake a formal assessment of the auditor’s objectivity and independence each year, which includes:

- a review of non-audit services provided and related fees;
- discussion with the auditors pertaining to a written report detailing all relationships with Carnival Corporation & plc and any other party that could affect the independence or the objectivity of the auditors; and
- evaluation with the Boards and management of the effectiveness of the external audit process.

Deloitte has served as Carnival Corporation’s and Carnival plc’s independent auditor since fiscal 2024. The Audit Committees annually evaluate Deloitte’s performance and have recommended that the shareholders vote for the reappointment of Deloitte LLP as Carnival plc’s independent auditor. Deloitte LLP’s lead audit engagement partner for Carnival plc in fiscal 2024 was Alistair Pritchard.

The Audit Committees met with the independent auditors 8 times during fiscal 2024, and additional meetings were available upon request. The Audit Committees assess the effectiveness of the independent auditors on an ongoing basis during the year, covering qualification, expertise and resources, objectivity and independence, and the quality and effectiveness of the audit process. This assessment considers the Audit Committees’ interactions with, and observations of, the independent auditors and considers a range of factors, including:

- experience and expertise;
- level of professional skepticism;
- approach to handling significant audit and accounting judgements;
- effectiveness and efficiency in completing the agreed external audit plan, content, quality;
- robustness of the external auditors’ reports; and
- relevant reviews and reports issued by external regulatory bodies such as the FRC and the U.S. Public Company Accounting Oversight Board (“PCAOB”).

The Audit Committees assessment is also formed by gathering feedback from senior management to obtain their perspectives on the effectiveness and quality of the external auditors. No material issues were identified during the external auditor effectiveness review, and the Audit Committees believe that the external auditors were effective in the current year.

The Audit Committees continue to be confident that the independence of the external auditors was not

impaired in any way and Deloitte remained independent during fiscal 2024, having taken into account that:

- immaterial permitted non-audit services were provided by Deloitte during fiscal 2024;
- Deloitte has complied with the requirements regarding rotation of the audit partner and senior audit team members;
- no relationships were identified between Deloitte and Carnival Corporation or Carnival plc or any other parties that could affect Deloitte's independence or objectivity;
- Deloitte confirmed compliance with their independence standards in their report to the Audit Committees; and
- no members of the Deloitte audit team were employed by us during fiscal 2024.

The policy on Audit Committee pre-approval and permissible non-audit work of the independent auditors, are set out in the "Independent Registered Public Accounting Firm" section of the Proxy Statement, which is incorporated by reference into this Carnival plc Corporate Governance Report. Refer to Note 4—Other Income and Expense to the Carnival plc group financial statements for information

on the fees payable to Deloitte for audit and non-audit services in fiscal 2024.

Carnival plc is subject to UK regulations regarding external auditor appointment and rotation. The relevant UK legislation (the Statutory Auditors and Third Country Auditors Regulations 2016) requires statutory auditors to rotate after a period of 20 years and include a mandatory competitive tender of audit firms at the 10-year midpoint. The Competition and Market Authority's ("CMA") Statutory Audit Services for Large Companies Market Investigation (Mandatory Use of Competitive Tender Processes and Audit Committee Responsibilities) Order 2014 (the "CMA Order") also set out transitional rules that determine the latest date for the initial auditor rotation or tender process. The CMA Order applies to FTSE 350 companies. Carnival plc confirms that it complied with the provisions of the CMA Order in fiscal 2024.

Following the required audit tender process and evaluation in 2022, the Audit Committees selected Deloitte & Touche LLP as the independent registered public accounting firm of Carnival Corporation and Deloitte LLP as the independent auditor of Carnival plc for fiscal 2024, and the appointment was approved and ratified at the 2024 Annual Meetings of Shareholders.

On Behalf of the Audit Committee,

Information and Professional Development

The Company Secretary is required to provide members of the Boards with appropriate information in advance of each meeting and Directors are required to devote adequate preparation time reviewing this information in advance of each meeting. Our Company Secretary is also responsible for advising the Boards through our Chair on all corporate governance matters.

All Directors have access to the advice and services of our Company Secretary and are permitted to obtain independent professional advice, at Carnival Corporation & plc's expense, as he or she may deem necessary to discharge his or her responsibilities as a Director. A Director is required to inform the Senior Independent Director of his or her intention to do so.

All Directors are encouraged to continue to develop their skills and knowledge. We provide a number of different presentations and educational programs for Directors by senior management and outside experts on topics such as industry trends, corporate governance and sustainability developments, cybersecurity, and other topics related to areas of Board oversight. Directors are also encouraged to attend additional continuing educational programs. They also receive materials and updates from management on a regular basis regarding new developments, changes or trends.

Board Performance Evaluations

The Nominating & Governance Committees and the Boards conduct performance evaluations of the Boards, the Boards' Committees and the members of our Boards of Directors on an annual basis. As part of this process in 2024, each Director was required to complete a questionnaire about the performance of the Boards. The questionnaires were reviewed and assessed by the Nominating & Governance Committees.

In addition, the Nominating & Governance Committees reviewed the individual performance of each Director focusing on his or her contribution to Carnival Corporation & plc, and specifically focusing on areas of potential improvement. In making their assessment, the Nominating & Governance Committees reviewed the Board composition, considerations of age, diversity, experience and skills in the context of the needs of the Boards, and with the aim of achieving an appropriate balance on the Boards, and how effectively the Board members work together to achieve the Boards' objectives. The performance review of Micky Arison, in his role as Chair, was conducted separately by the Non-Executive Directors, led by the Senior Independent Director, Randy Weisenburger, taking into account the view of the other Executive Director.

The Nominating & Governance Committees also discuss and review with Non-Executive Directors any

significant time commitments they have with other companies or organizations. In fiscal 2024, no significant external commitments were identified during the Nominating & Governance Committees' review. In addition, the number of directorships held by Non-Executive Directors is taken into account, in line with Carnival Corporation & plc's overboarding policy.

In October 2024, the Nominating & Governance Committees reported the results of the performance evaluations to the Boards. The Boards concluded that each Director was an effective member of the Boards and had sufficient time to carry out properly their respective commitments to the Boards, their Committees and all other such duties as were required of them. It is the view of the Nominating & Governance Committees and the Boards that the Boards continued to operate effectively during fiscal 2024.

Following the completion of the evaluations, the Boards and Committees review the strengths and areas of improvement as well as identify follow up actions. For example, in response to feedback received as part of the Board evaluation in fiscal 2023, the Boards instituted a third in person meeting for fiscal 2025, continued to clarify scope of responsibility of the Audit, HESS and Compliance Committees during 2024 and refined the approach for certain

management presentations to the Boards. Since the 2024 evaluations took place towards the end of fiscal 2024, additional detail regarding responses and follow up actions from the 2024 evaluations will be provided in next year's Corporate Governance Report.

During fiscal 2024, the Audit Committees, the Compensation Committees, the Compliance Committees, the HESS Committees and the Nominating & Governance Committees also reviewed their own performance against their respective charters by completing questionnaires that were provided to the Chair of the Nominating & Governance Committees. The results of such reviews were discussed among the members and reported to the Boards. The Boards concluded that the Audit Committees, the Compensation Committees, the Compliance Committees, the HESS Committees and the Nominating & Governance Committees continued to function effectively and continued to meet the requirements of their respective charters.

The UK Corporate Governance Code requires that an externally facilitated evaluation of the Boards' effectiveness be undertaken at least once every third year. During fiscal 2022, the Nominating & Governance Committees engaged The Governance Solutions Group, an independent third-party governance expert which has no other connection to Carnival Corporation & plc or any individual Director, to perform an assessment of the effectiveness of the Boards. The third-party governance expert interviewed each Director elected in 2021 and members of senior management who interact substantially with the Boards. Some of the main focus areas for the assessment were boards dynamics

and rapport, board interaction and relationship with management, meeting structure and format, board balance and refreshment, board meeting logistics, meeting discussion topics and committee division of responsibilities.

Following the completion of the assessment, the third-party governance expert reviewed the results of the assessment with the incumbent Senior Independent Director and then presented the results as well as recommendations to the full Boards, including our Chair, for discussion in late 2022. The overall conclusion of the assessment was that the Boards effectively carry out their responsibilities. The assessment praised the high commitment and engagement level of the Directors, the strong working relationship between the Boards and management and depth of knowledge and skills of Directors. It also noted that while virtual Board meetings have been necessary, in-person meetings can better promote camaraderie as well as facilitate less structured conversations and, as a result, adding a second in-person meeting was recommended. Given that the Compliance Committees was created much later than the other Board Committees, the assessment also noted some overlap between Audit, HESS and Compliance Committees' areas of responsibility. Based on the feedback from the third-party governance expert-led evaluation process, the Boards of Directors instituted a second in-person Board meeting in fiscal 2023. In addition, as part of the annual review of the Committee Charters, the Audit, Compliance and HESS Committees made several revisions to their Charters to clarify their areas of responsibility.

Directors' Remuneration

The Carnival plc Directors' Remuneration Report is presented in two parts, with Part I forming part of the Proxy Statement and Part II being attached as Annex

B to the Proxy Statement. A resolution to approve the Carnival plc Directors' Remuneration Report will be proposed at the 2025 Annual General Meeting.

Relations with Shareholders

The formal channels of communication by which the Boards communicate to shareholders the overall performance of Carnival Corporation & plc are the Carnival plc Annual Report, Carnival plc half yearly

financial report, Carnival Corporation & plc Annual Report, joint Annual Report on Form 10-K, joint Quarterly Reports on Form 10-Q, joint Current Reports on Form 8-K, Proxy Statement and press releases.

Senior management, Executive Directors, including the CEO and the Chair of the Boards, and Non-Executive Directors, as appropriate meet periodically with representatives of institutional shareholders to discuss their views and the strategies and objectives of Carnival Corporation & plc. Issues discussed with institutional shareholders during 2024 include our strategic, financial and operating priorities and recent performance, executive compensation, Board refreshment, composition and diversity, and environmental, health, safety and sustainability initiatives.

Presentations are made to representatives of the investment community periodically in the U.S., the UK and elsewhere. Results of each fiscal quarter are reviewed with the investment community and others following each quarter on conference calls that are broadcast live over the Internet.

The feedback we receive from shareholders and corporate brokers is shared with our senior management, full Boards and relevant Committees, as appropriate, who use it to inform decision-making regarding our practices, policies, and disclosures.

During fiscal 2024, management reported to the Boards regarding shareholder matters.

Shareholders will have the opportunity at the 2025 Annual General Meeting, notice of which is contained in the Proxy Statement, to ask questions of our CEO, as the representative of the Board, and other members of senior management.

The Boards have implemented procedures to facilitate communications between shareholders or interested parties and the Boards. Shareholders or interested parties who wish to communicate with the Boards or the Senior Independent Director should address their communications to the attention of the Company Secretary of Carnival Corporation & plc at 3655 N.W. 87th Avenue, Miami, Florida 33178-2428, United States. The Company Secretary promptly forwards to the Senior Independent Director those communications which the Company Secretary believes require immediate attention. The Senior Independent Director notifies the Boards or the Chair of the relevant Committees of the Boards of those matters that he believes are appropriate for further action or discussion.

Annual Meetings of Shareholders

This year the Annual Meetings of Shareholders will be held at Carnival Place, 3655 NW 87th Avenue, Miami, Florida, United States on Wednesday, April 16, 2025. The meetings will commence at 8:30 a.m. (EDT), and although technically two separate meetings (the Carnival plc meeting will begin first), shareholders of Carnival Corporation may attend the Carnival plc meeting and vice-versa.

We are also pleased to host a live video broadcast of the Annual Meetings of Shareholders at our Carnival plc headquarters located at Carnival House, 100

Harbour Parade, Southampton SO15 1ST, United Kingdom at 1:30 p.m. (BST). Shareholders planning to attend the live video broadcast in Southampton must submit a proxy in order to vote as they will not be able to vote in person from Southampton. Shareholders attending the live video broadcast in Southampton will be able to submit questions live to the Directors present at the Annual Meetings in Florida, but will not be treated as, or considered to be, “in attendance” at the Annual Meetings.

Workforce Engagement

In line with the UK Corporate Governance Code, Randy Weisenburger was appointed in 2020 as the designated Non-Executive Director for workforce engagement. We leverage the designated Non-Executive Director role as a leader in this area while incorporating all Non-Executive Directors in workforce engagement activities throughout the global organization. Mr. Weisenburger has experience with

human resource management responsibilities in large and global organizations which enables him to assist our Boards in overseeing strategy, succession planning, talent development and our executive compensation program and positions him to lead our employee engagement efforts. As our Senior Independent Director and Chair of the Compensation Committees, Mr. Weisenburger also has extensive

Board leadership experience which facilitates effective coordination of efforts with other Board members.

The main responsibilities of this role are the governance and oversight of the following matters:

- to directly engage with the workforce (which we also refer to as team members) in order to ensure their feedback and concerns are appropriately relayed to the Boards, and that strategic direction and priorities of the Boards are communicated throughout the workforce;
- to coordinate direct engagement between other Non-Executive Directors, management and the workforce, as appropriate;
- to support the Boards' discussion of employee engagement efforts and structure the contents of such discussions;
- to monitor and evaluate policies and practices relating to workforce engagement to ensure that the efforts on workforce engagement are effective, consistent with our values and support our long-term sustainable success and that employee feedback is shared and collected in a balanced and transparent way; and
- to report on the results of workforce engagement efforts, including any feedback and concerns from the workforce to the Boards periodically, and make any recommendations arising from those reports to the Boards.

We believe that having a designated Non-Executive Director who is supported in the workforce engagement efforts by senior management, the global human resources department, the subsidiary management teams and other Board members, as appropriate, allows for a wide variety of perspectives to be heard, provides for more focused oversight and clear division of responsibility, and is and continues to be an appropriate and effective workforce engagement method. In this role, Mr. Weisenburger is also supported by senior management who are responsible for the day-to-day implementation of the efforts on workforce engagement.

Our Non-Executive Directors are teamed up with our global brands to facilitate focused ship and shore site visits over the course of the year. Each Non-Executive Director engages directly with employees

and local management through organized sessions, such as townhalls or less formal conversations during site visits. These partnerships are rotated periodically so each Non-Executive Director has an opportunity to engage with employees and management throughout the entire organization.

The Non-Executive Directors share their experiences with each other and incorporate these experiences in their broader service on the Boards.

Given the global nature of our business with various operating companies, most workforce engagement activity is conducted at the subsidiary level under the leadership of the respective operating company management. During fiscal 2024, our workforce engagement program involved a continuation of a number of initiatives, led by various leaders throughout our organization, such as live virtual townhall meetings as well as a variety of virtual and live ship visits. Mr. Weisenburger and the other Non-Executive Directors continued in-person events and visits. Through these visits, employees had the opportunity to meet and speak with members of the Boards. The Boards received regular reports from management regarding health and safety protocols and other critical matters as they relate to the workforce. The Boards continued to work closely with management to balance the needs of the business with that of its workforce, shareholders and other stakeholders.

During fiscal 2024, with the full support of the Boards, we continued our initiatives designed to engage with and care for our workforce. Key areas of focus included outreach & wellness, culture and staffing. The Boards and their Committees received periodic reports from senior management on key issues and developments. Mr. Weisenburger reported to the full Boards on the workforce engagement efforts.

Our pay practices are established to attract and retain talented individuals at all levels of the organization and to reward performance, as described in the "Staffing" section below.

For additional information on how the interests of employees have been considered by the Boards in their discussions and decision-making, refer to the following section of the Strategic Report: 1.A.II.

Purpose & Mission, Vision, Values and Priorities, 1.C.XIV. Human Capital Management and Employees, 1.C.XV. Ethics and Compliance and 7. Section 172(1) Statement. A statement describing how the Directors have performed their duty to act in the way they consider, in good faith, would most likely promote

the success of Carnival Corporation & plc for the benefit of its members as a whole having regard to the stakeholders and matters set out in Section 172(1) (a) to (f) of the Companies Act, is included in the Strategic Report.

OUTREACH AND WELLNESS

We have a program in place that assigns one or several Non-Executive Directors to a certain brand or group of brands for a one-year period so that they may develop a better understanding of that brand or brands' operations and culture as well as the priorities and concerns of employees. The program aims to rotate the assignments periodically so that each Non-Executive Director may, over time, engage with all our brands or groups of brands. As part of this program, in fiscal 2024 the Non-Executive Directors conducted shoreside and shipboard visits to meet with management and to engage with employees and crew.

We also remained dedicated to maintaining and improving our ongoing communication with and from employees. Our brands primarily focused on communications channels, including regular town halls, newsletters, email updates and video messages. Management, with support of the Boards of Directors, focused on initiatives in response to feedback received through these channels. Employee interaction with leaders and colleagues is encouraged in advance of the town hall meetings, and also during the meetings. Town halls, in addition to other existing communication channels, such as the hotline referred to in the "Hotline for Reporting Concerns" section below, also allowed our workforce to provide comments and ask questions.

The feedback obtained from the townhall meetings, surveys and other channels resulted in various initiatives at our brands. With the support of the Boards, management actioned the feedback received through an assortment of communication, health

and wellness and enrichment and recognition efforts. The initiatives to address the feedback received vary by brand. Examples of the 2024 initiatives include:

- gathering information to determine what crew facilities onboard need updating and then working with the staff officers to address the feedback;
- new onboarding program for new hires, including managers' expected behaviors;
- management training and supervisory development training for line level supervisors and middle management or officers;
- culture enriching courses and resources through computer-based learning;
- ship senior leadership meetings with middle management to identify tools to empower and facilitate the middle managers' professional development;
- ship management meetings with new team members to facilitate integration into their new working environment; and
- use of townhalls to address questions raised anonymously or arising at the event.

In 2023, we established and implemented global well-being standards for shipboard employees, including preventative health offers, such as vaccination protection and the prevention and detection of mental illnesses among other benefits. In 2024, we continued our focus on global wellness standards. Additional activities for shipboard team members included crew bingo, appreciation dinners, dance classes, mental fitness fairs, art parties, ping pong tournaments and crew movie nights.

CULTURE

Our Vision, Purpose & Mission statements, which were updated in fiscal 2023, continue to be aligned with our strategy, culture and priorities.

Our priorities are as follows:

1. Ensure each of our world-class brands owns its space in the vacation market by delivering extraordinary experiences tailored to its guests.
2. Become travel and leisure's employer of choice.
3. Maintain our commitment to seek excellence in compliance, environmental protection and in looking after the safety, health and well-being of every life we touch.
4. Set the pace with the industry's smartest solutions that deliver on our sustainability roadmap to 2030.
5. Strengthen our balance sheet and deliver long-term shareholder value.

We also continued to implement and monitor our Culture Essentials (Core Values), which are the key beliefs and behaviors that define who we are, what we stand for, and how we operate. Our Culture Essential connect us to each other and the organization and serve as guiding principles to help us make decisions, build relationships, solve problems and achieve success.

Our Culture Essentials are as follows:

-  **Speak Up**—Our voice is our strength. Every one of us, regardless of level or role, speaks up when we have questions, comments, concerns, or new ideas. If we see something wrong or that doesn't seem right, we say something and trust our voices will be heard without fear of retaliation.
-  **Respect & Protect**—The health, safety and well-being of our people and the planet are vital. We choose to take decisive actions to respect and protect every life we touch, the places we sail and the laws that govern us.
-  **Empower**—We and our team members have the time, tools and support we need to do our best work. We're empowered to take personal ownership and accountability to succeed, and we take pride in our work.

-  **Improve**—Our business is built on forward motion. We have the courage to dream big, driving innovation and continuous improvement in guest and team member experiences, operations, compliance, sustainability and beyond.
-  **Listen & Learn**—We listen actively and seek to understand before responding, because the more perspectives we have, the better decisions we make. We value and respect the words and ideas of others, keeping an open mind, and learning from our successes and failures.
-  **Communicate**—We openly share our knowledge, skills and information across brands, functions and the entire company to further our collective success. Together we champion our purpose & mission, vision, values and company priorities.

In 2024, we also continued our Cross Brand Culture and Engagement Survey featuring a common survey focused on our Culture Essentials across ship and shore operations for all our employees. This comprehensive annual survey is a key management tool for tracking our cultural health and putting in place initiatives, setting targets and action plans to improve our culture.

To further elevate the importance of strengthening our corporate culture, management, under the supervision of the Boards, continued its culture governance process in which our senior management team is responsible and accountable for developing the strategy and targets for culture improvements. Given the relative expertise of our human resource professionals, the human resource leaders within each operating unit or brand are responsible for implementing the strategy, as well as providing periodic reports that summarize such efforts and activities.

We are focused on supporting a 'Culture of Compliance' through various compliance monitoring, communication, and continuous improvement processes. The Boards, together with their Committees, also play an important role in monitoring and assessing our culture to ensure that it is aligned with our strategy, values, mission and vision. As part of that role, in 2024 the Boards received and reviewed

reports on the progress of our Culture Essentials. The Boards also monitor alignment between our policies, practices and behaviors and our culture, mission, vision, values and strategy and review management's actions to improve this alignment.

Our goals also continue to be fostering a positive and just culture that involves supporting recruiting, developing and retaining the finest workforce. A highly motivated and engaged workforce is key to providing extraordinary cruise vacations. We believe in building trust-based relationships and listening to and acting upon our workforces' perspectives and ideas and use feedback tools to monitor and improve

our progress in this area. We remain focused on becoming the travel & leisure's employer of choice. We celebrate our diverse team of over 160,000 team members representing approximately 150 countries and are committed to providing a welcoming and inclusive environment where people from different backgrounds, experiences, and walks of life can succeed. We care deeply for our team members and work hard to always cultivate an atmosphere of openness, respect, and trust. We know our team members are at the heart of inspiring unforgettable happiness, so we strive to be the world's number one choice for hospitality, travel and leisure careers.

STAFFING

We continued our commitment to job creation by hiring additional employees in support of employee health and well-being through right sizing staffing levels.

Our pay practices are established to attract and retain talented individuals at all levels of the organization and to reward performance. Engagement with the workforce on common pay programs with the support of the Boards were coordinated across the organization and shared locally via townhalls, communications from senior leadership and from their team leaders. Through these channels the workforce is made aware of the ways in which both they and executives participate in our pay for performance culture. Use of local engagement channels allowed each brand to tailor conversations to their specific programs. Our common programs for 2024 included merit increases and common forms

of annual equity incentives for eligible employees, including expansion of participation in our performance equity incentive to a broader range of participants, which apply to our executives and key personnel. In addition, 2024 saw initiation of phase one of a common shoreside global grading structure for all jobs across all our brands, global regions, and corporate operating units. This initiative promotes enhanced career mobility within the organization, while also providing more consistent and transparent pathways for professional development and advancement. Over time, this framework is intended to be used for determining all aspects of total rewards. These programs, established with the support of the Boards of Directors, reinforce our focus on retaining, rewarding and investing in our workforce as well as the alignment of our pay for performance philosophy for executives and the workforce.

Gender and Ethnic Background Representation

In accordance with UKLR 6.6.6R(10), we are disclosing in the prescribed table format the gender or sex and ethnicity data for our Boards and executive management as of the reference date, November 30, 2024, being the last day of our fiscal year and the reference date selected by the Boards. This data was

collected via questionnaires on a confidential and voluntary basis. The individuals were asked to self-report their gender and ethnicity information by choosing one or more options from a list or by providing their own response.

APPROACH TO DATA COLLECTION

The data above was collected via questionnaires on a confidential and voluntary basis. The individuals were asked to self-report their gender and ethnicity

information by choosing one or more options from a list or by providing their own response.

Hotline for Reporting Concerns

We have policies and procedures in place for employees and other stakeholders to report any concerns or complaints regarding actual or suspected violations of our Code of Business Conduct, our other policies, or the laws, and for appropriate investigations into and treatment of any such reports. We also provide an independent, third-party-hosted hotline where reports can be made in a secure, confidential and, where desired and permitted by applicable laws, anonymous manner. Our Compliance Committees are responsible for monitoring policies and procedures relating to submission, retention and

treatment of reports described above. The Compliance Committees review and discuss on a quarterly basis reports regarding the status of hotline activity, trends and the results of any significant investigations (other than those relating to audit and accounting matters and HESS-related matters which are reviewed by the Audit Committees and HESS Committees, respectively). The reports are also shared with the full Boards. The Compliance Committees also review on a regular basis the policies and procedures relating to hotline complaints to ensure that they remain appropriate and effective.

Carnival Corporation & plc has applied all principles of the UK Corporate Governance Code and complied with its provisions throughout the year ended November 30, 2024, with the following exceptions:

- Provision 3 provides that the Chair should seek regular engagement with major shareholders. While our Chair participates in select shareholder engagement meetings, as an Executive Director and a significant shareholder, he does not lead our Board's regular shareholder engagement program. In order to facilitate effective shareholder engagement and achieve what we believe to be a better corporate governance outcome, our shareholder engagement program is primarily led by our investor relations team and our CEO, with support from other members of senior management, our Chair, our Senior Independent Director, and other Non-Executive Directors and/or Committee chairs, as appropriate, as explained in this Corporate Governance Report under "Relations with Shareholders" and in the Proxy Statement under "Shareholder Engagement";
- Provision 19 provides that the Chair should not remain in post beyond nine years from the date of their first appointment to the Board. In addition, Provision 9 provides that the Chair should be independent on appointment. Our Chair of the Board of Directors of Carnival plc has been in his post for longer than nine years and was not considered independent on appointment. The Boards believe that due to Mr. Arison's unique

experience and skills, his continued service as Chair is in the best interests of the Companies and their shareholders, as explained in this Corporate Governance Report under "Board Balance and Independence;"

- Provision 36 provides that share grants granted to Executive Directors should be subject to a total vesting and holding period of five years or more and that a formal policy for post-employment shareholding requirements should be developed. Our share grants to our U.S.-based President, CEO and Chief Climate Officer are subject to vesting periods that are less than five years, consistent with standard U.S. compensation practices, as explained in Part I of the Carnival plc Directors' Remuneration Report (included in our Proxy Statement) under "Equity-based Compensation." In addition, we do not have a formal policy for a Director's post-employment shareholding, consistent with standard U.S. compensation practices, as explained in the Carnival plc Directors' Remuneration Report attached as Annex B to the Proxy Statement under "Statement by Randy Weisenburger, Chair of the Compensation Committees"; and
- Provision 38 provides that only basic salary should be pensionable. The annual bonuses of our U.S. Executive Directors, consistent with U.S. pay practices, form part of their pensionable salary, as explained in the Carnival plc Directors' Remuneration Report attached as Annex B to the Proxy Statement under "Total Pension Entitlements."

This Corporate Governance Report was approved by the Board of Directors and is signed by order of the Board of Directors by:

A handwritten signature in black ink, appearing to read 'D. Furnari'.
